FASHION NOTE

Mrs. Nicholas Longworth, formerly Miss Alice Roosevelt, has adopted a bang, and is proud of it. It is short and fluffy and wavy, and fastens to her hair under her soft pompadour by two long pins. Mrs. Longworth is telling her friends that since the Chicago convention she fully decided that her high brow needed concealing and so on went the bang. Whether in the stress and excitement of the convention she tugged at her front locks or not she does not say. The bang is becoming to Mrs. Longworth. She wears it most simply, and the bang is the only bit of artificial hair Mrs. Longworth has ever worn.

BIG INCREASE IN MILL ROLL

C. A. Smith Company Now Has Over 475 Employed In and Around Big Mill.

The C. A. Smith company is now employing more than 475 men in its big mill and on the new construction work around it. This is about 175 more than it has been employing and does not include the force of men employed at the Eastside mill. This increase in the force has been responsible for bringing many new families to Marshfield during the last few months. Although many of the men are employed in construction work on the new electric power plant and the new pulp mill, the work will be permanent for many of them as the operating of the new two branches will require a large number of men.

COOS COUNTY TO GET TAXES

Judge Wolverton holds that the Southern Oregon company must pay on Coos Bay wagon road land grant. Eventually the grant was transferred from the old Coos Bay wagon road company to the Southern Oregon company and is still held by the latter corporation. Following the transfer of the lands involved in the transaction at issue the United States brought suit to forfeit the grant on the grounds that the Coos Bay wagon road company or its successors had failed to comply with the terms of the transfer. When the suit was filed by the government the Southern Oregon company by the United States. He also holds that the Southern Oregon company is entitled to pay its taxes, and in the event of failure to do so, the sheriff or tax collectors of Douglas and Coos counties have a legal right to proceed and sell their lands to satisfy the debt.

The decision of Judge Wolverton is very important for the reason that the Southern Oregon company at present owes Coos and Douglas counties taxes to the amount of many thousands of dollars.

Attorneys Brown & Eddy spent considerable time on the case at issue and the recent decision is received with great satisfaction by the attorneys as well as the taxpayers who are interested in compelling the larger corporations to pay their just share of taxes.

STRICKEN AT EUGENE

William Saubert of Stuslaw Passes Away Very Suddenly
The following press dispatch will be of interest to many on Coos Bay because a son of the deceased married Miss Hannah Larson of Bunker Hill here a few months ago:

"William Saubert, pioneer sawmill operator and owner of small coasting vessels, of Acme, died suddenly in his room at the Hotel Griggs, in Eugene, some time last night, at the age of over 70 years. He had been here several days, arranging with Porter Bros., railroad contractors, for the transportation of several schooner loads of construction material from San Francisco to Acme, for the Eugene-Coos Bay line of the Southern Pacific.

"Mr. Saubert intended to return on the stage this morning for his home, but when the hotel clerk tried to awaken him the man was found dead. Physicians declared that he had died soon after retiring last night. He had been a sufferer for some time with heart trouble. He was engaged in the saw mill business at Acme with his sons for a long time but sold out a few years ago. He was considered one of the wealthiest citizens of the lower Stuslaw valley.
