COL. ROOSEVELT TAKES ADVANCED STAND IN CONVENTION ADDRESS

Former President Lays Down Ideas in no Uncertain Manner to Followers.

WILL NOT RUN UNLESS PLATFORM CONFORMS

Varies Much from Prepared Speech—Arouses Much Enthusiasm.

Roosevelt Has Many New Ideas. (By Associated Press.) CHICAGO, Aug. 6.—Colonel Roosevelt made his "Confession of Faith" today to the National Progressive convention.

Roosevelt continually departed from his prepared speech, interpolating many side remarks and skipping portions of the printed speech.

The Colonel aroused great enthusiasm when he declared that he was voicing neither socialism nor anarchy but on the contrary was advocating a corrective to socialism and an antidote to anarchy.

On the subject of suffrage the Colonel said: "The ballot is as necessary for one sex as another," an assertion which created great enthusiasm especially among the suffragette delegates.

CHICAGO, Aug. 6.—The National Progressive Party convention was called to order at 12:35 p. m. today. About ten minutes later Colonel Roosevelt arrived, the delegates bursting forth into cheers as he appeared on the platform.

The delegates kept up the cheering for fifty-seven minutes before they appeared willing to quiet down and allow the Colonel to begin his address.

Just before Colonel Roosevelt arrived announcement was made that the temporary organization would be made permanent and it was this announcement and that Roosevelt had arrived that set the delegates to demonstrating. During the pandemonium that reigned, delegates stood on the chairs cheering until the rafters rang.

DUST NEGROES AT CHICAGO

The Progressive Party Decides Against Black Delegates from South.

(By Associated Press to The Coos Bay Times.)

CHICAGO, August 6.—The second day of the Progressive National Convention opened with a well defined fight over the negro question vying for the first interest with Roosevelt's delivery of his "confession of faith" to his followers in the Progressive cause.

The situation threatened a bitter fight on the floor of the convention should the negroes adhere to the intention of carrying the contests to that point. It was expected that the report of the credentials committee would be taken up late today after Colonel Roosevelt delivered his speech.

SURVEY TO BE STARTED SOUTH

Report that Southern Pacific Will Begin Work on the Coast Line Soon.

That the Southern Pacific will soon have surveyors at work on the Coast Line south from Coos Bay to Eureka is reported here today on reliable authority.

The statement comes from parties in a position to know and while no details are given out, it is intimated that some of the surveyors now congregating here will begin work on the line. It is understood that the old survey the Southern Pacific made down the coast a number of years ago will be followed pretty closely.

Some who are familiar with the situation intimate that W. J. Wolf from and his party will probably begin "checking" on the survey south from Coos Bay very soon, although their ostensible mission here now is to "check up" on the Coos Bay-Eureka line north from the Bay.

WOOL TARIFF BILL POSSES

Compromise Measure, Identical with One Taft Vetoes, Enacted Again.

WASHINGTON, Aug. 5.—The conference report on the compromise La Follette-Underwood wool tariff bill was adopted by the senate today, 35 to 28. Six progressive republicans joined the democrats. The compromise bill goes at once to Taft. It is identical with the one he vetoed in 1911.

The Progressives who voted for the wool tariff revision bill are Bristol, Clapp, Crawford, Gronna, La Follette and Works. Cummins was paired against the measure. TAFT URGES CONGRESS TO PASS PANAMA CANAL BILL

GRAND JURY TO PROBE KILLING

Coroner's Jury Holds Lyle Perrine Not Responsible for Quick Killing.

BANDON, Ore., Aug. 6.—Holding that Jonathan Quick came to his death from gunshot wounds inflicted at the hands of Lyle Perrine, twelve years old, the coroner's jury made no other recommendation after investigation of the tragic shooting on the beach here yesterday.

The inquest was not long, the lad being the only eye-witness of the shooting. He told practically the same story that he related yesterday. He claimed that the old man (Mr. Quick) came to the camp and wanted to sell them some wood. He told him to go away and says that the old man turned on him and began using abusive language. He said he climbed a tree, fearing the old man would attack him. Later he came to the ground, rushed to the tent and secured his father's gun. Quick started to leave but returned and the lad shot.

Then he left for the beach in search of his father who had gone out with the rest of the family. He met Tom Anderson to whom he told the story and remained with him after that.

It is expected that the whole matter will be submitted to the grand jury at Coquille at its next session. The boy's parents are heart broken over the tragedy. They came to Bandon Sunday night to camp out, a couple of other Roseburg families coming with them.

Quick's body will be taken to Coquille where the funeral will probably be held.

The coroner's jury consisted of J. Trowbridge, H. Morrison, Lou Reeves, J. Blackerby, H. Colgrove, and H. Brown.

FINE RESORT AT SUNSET BAY

L. J. Simpson begins Construction of Fine Buildings—His Plans.

L. J. Simpson has begun work on what will be one of the finest summer resorts in the west when he completes his plans at Sunset Bay. He already has a force of men clearing land for the building grounds and will have a tract of about five hundred acres overlooking the ocean converted into one of the most attractive and beautiful places imaginable.

His plans now call for the erection of a fine resort hotel to be called "Sunset Inn" and the erection of a number of small bungalows which will be rented furnished to families who wish better quarters than a tent affords.

Architect W. S. Turpen returned today from "Shore Acres" where he and L. J. Simpson have spent two or three days planning for the resort.

"Sunset Inn" will be erected next spring. It will be a strictly modern hotel. It will be built on a cliff overlooking Sunset Bay, about a mile from "Shore Acres." It will have a long porch, twenty-four feet wide, affording a fine view. The dining room will be about 60x80 and built so that it can be quickly converted into a dancing pavilion. The lobby will be about 50x60. The exact dimensions of the building or the number of guest rooms has not been determined.

Eight or ten of the small bungalow cottages will be erected this fall. The idea is to furnish the cottages merely for living quarters, the occupants to get their meals at "Sunset Inn." Mr. Simpson has long had the project in mind but was postponing carrying it out until the railroad came. However, he thinks that an auto line can be established between Marshfield and North Bend and Sunset Bay that will provide for them amply for the time being.

This morning Mr. Simpson and Mr. Turpen returned from Shore Acres in about an hour.

QUESTION OF TOLLS BE DECIDED LATER

Wants Most Vital and Pressing Subjects to be decided Immediately.

(By Associated Press to Coos Bay Times.)

WASHINGTON, D. C., Aug. 6.—President Taft today in a special message to congress urged the immediate enactment of legislation to provide an operating force for the Panama canal, the government of the canal zone and the defining of maximum tolls. President Taft indicated that the question of free passage to American ships might be determined later. The president declared that differences of opinion to other phases of canal policy should not be allowed to delay action on the vital and pressing subjects. The canal bill, as amended, is now before the Senate.

PANAMA CANAL BILL

WASHINGTON, D. C., Aug. 6.—The Panama Canal bill was taken up by the Senate today. Senator Brandegee declared that he proposed to keep it before that body continually for final action. Thornton of Louisiana and Jones of Washington spoke in support of exempting American coastwise shipping from the payment of tolls, declaring the British treaty did not forbid it.

BANDON MEN TO HELP SOMERS

Former Coos Bay Man Projects Line from Medford to Port Orford Now.

BANDON, Ore., Aug. 6.—J. H. Somers has interested a number of Bandon men in a new railroad project. His project provides for the construction of a line from the Southern Pacific at or near Medford to the Coquille river, thence down the Coquille to Bandon and thence to Port Orford.

Not many details have been learned regarding the project but it is understood that Mr. Somers claims that foreign capital is behind the road. Among those in Bandon who have been financially interested in it are Col. Ross, the Galliers and Mr. Trowbridge. Mr. Somers was here a few days ago in conference with them regarding the scheme.
