THIRTY YEARS OLD.

With the next issue the Herald will complete its 30th year of existence, and the liberal patronage accorded "the old reliable" pioneer journal of Coquille at this time, evidences the multiplication of its career many times.

FRECKLES
New Drug That Quickly Removes These Homely Spots.
There's no longer the slightest need of feeling ashamed of your freckles, as a new drug, othine—double strength has been discovered that positively removes these homely spots.
Simply get one ounce of othine—double strength, from any first class druggist and apply a little of it at night, and in the morning you will see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.
Be sure to ask for the double strength othine as this is sold under guarantee of money back if it fails to remove freckles.
