Always "The Busy Corner"—The Rexall Store

Let Us Talk It Over

No counterfeiter has ever produced a perfect dollar bill.

No imitator has ever equaled Parke, Davis & Co.'s quality.

Divide man into classes—druggists, physicians, preachers, manufacturers, etc. Would any man under the sun be guilty of saying that all druggists are alike, all physicians are alike, all preachers alike, or that all manufacturers are alike? Just as there is a difference in the medicines made by different manufacturers. For years, in practically all our prescriptions, we have been dispensing preparations manufactured by Parke, Davis & Co., acknowledged to have the largest and best equipped laboratories in the world for the scientific preparation of high-grade pharmaceuticals. This is one of the main reasons why Doctors prefer to have us fill their prescriptions, because there is no guess work about Parke, Davis & Co.'s remedies; they are always the best and always used at the "BUSY CORNER," where every Prescription is carefully compounded and twice checked before delivered. *Prices Always Moderate.* For/ called and delivered free of charge in any part of town.

Plans to Build.

Jas. Flanagan of the Flanagan & Bennett Bank was over from Marshfield last Saturday. We understand the firm contemplates the erection of a two or three story brick on the site where the bank and harness shop are now located.—Myrtle Point Enterprise.

Prove Up on Claims.

Several homesteaders appeared before Land Commissioner Peck yesterday and today to make final proof on their claims. Among them were Charles A. Dingman of North Inlet, Anna C. Prescott of Ten Mile, Joseph G. Wiley of North Inlet and Thomas Small of the Sand Hills section.

Is Promoted.

J. C. Swinford of Marshfield has been appointed chief engineer of the Oregon Power Company's plant at Porter. Mr. Swinford has been with the company for some time and his promotion is a reward for faithful and efficient service. His many friends will be pleased to learn of his advancement.

Gets Results.

Archie Phillips of North Bend decided to sell his mare and rig the other day and telephoned a "for sale ad." to The Times. Within a day the outfit was sold to Al Nichols of Empire. The ad brought scores of replies and yesterday Mr. Phillips phoned The Times to stop the ad because he was being bothered too much by responses.

Reach Port Orford.

Local Shriners have received word that the party of Ashland Shriners who are returning home via the Coast route, reached Port Orford late yesterday. It is not anticipated that they will have much difficulty in making the rest of the trip home, as the balance of the road is in better condition to stand the wet weather. son, John Hansen. Mr. Hansen is a brother of Jens Hansen, of Norton and Hansen.

O'Brien Coming.

It was reported here today that J. P. O'Brien, vice-president of the Southern Pacific and now in charge of the Washington lines, would arrive here this evening. Mr. O'Brien no longer has jurisdiction over the Southern Pacific lines in this section and the object of his trip could not be figured out. W. F. Miller, superintendent of the local Southern Pacific lines, had not been apprised of his coming. It may be that Mr. O'Brien is coming here on personal matters.

Is Appointed.

Al Nichols, of Empire, has been appointed water bailiff for Coos County by State Fish Warden Clanton. He will have charge of the enforcement of the fish laws here during the season. Hitherto there has been no fish warder for this section, but owing to reported violations last year, Mr. Clanton decided to have a representative here. The position is a good one and Mr. Nichols is an excellent man for the place, his years of experience fishing and familiarity with the waters enabling him to give excellent service. He asks that the fishermen co-operate in the matter as he does not wish to work any hardships on them by being compelled to prosecute them through violations caused by their ignorance of the laws.

AMONG THE SICK.

Mrs. Max Timmerman has been quite sick at their home the last few days.

William Thorpe, an old North Bend veteran who has been ill for some time, is reported worse. He is suffering from a complication of diseases.

S. C. Bunch from near Myrtle Point, who recently underwent an operation at Mercy hospital, has recovered sufficiently to return to his home today.

Mrs. Del Parks fell off a box while working at her home in Ferndale and sustained a broken arm. She is getting along as well as could be expected. They reside near the Fred Backman home.

Mrs. Chas. Nordstrom of South Marshfield, who has been in a rather serious condition, was reported improved yesterday and it may not be necessary to send her to the State hospital as was apprehended.

Mr. J. C. Jones writes relatives from Bakersville, Cal., to the effect that his little boy is improving and the doctor gives him great hopes of a speedy recovery. The little fellow was injured by an automobile some time ago and for a while his life was despaired of.

Engineer Lee has not yet ascertained to whom the 1000-pound anchor pulled up by the dredge Oregon from the Empire shoal belongs. Tom Barry, of Empire, says it was lost there about 14 years ago while E. K. Ballinger thinks it was lost by the Newark a year or so ago. The anchor was not deeply imbedded, indicating that it either had not been there long or that the shoal is not changing much.
