The tides are placed in the order of occurrence, with their times on the first line and heights on the second line of each day; a comparison of consecutive heights will indicate whether it is high or low water. For high water on bar, subtract 2 hours 34 minutes.

**To Honor Guest.**—Mrs. E. W. Kammerer has issued invitations for a party complimentary to Miss Ramona Radcliff to be given Tuesday, Sept. 24.

**Waite Builds.**—F. B. Waite, who has extensive holdings on the Bay, last week let the contract for the erection of a two-story brick block at his home in Sutherland.

**Gets Contract.**—E. B. Gherke was awarded the contract for remodeling and improving the Johnson building on Second street for H. P. Leid's new bakery and delicatessen.

**Child Better.**—Willis, the little son of Mr. and Mrs. W. N. Ekblad, who underwent an operation at Mercy hospital this week was taken home last evening and is reported to be getting along nicely.

**New House.**—J. A. Chapman is arranging to erect a new house on his lot at the corner of Eleventh and Central. His old house will be moved back and the new house will be erected on the corner.

**Crossed Plains Together.**—J. W. Epperson of the Epperson Second Hand Store, recalls that he crossed the plains with J. W. Bonebrake, who died yesterday, in 1862, the two being children. The trip was made by ox team.

**Not Let Yet.**—The contract for the Smith-Powers logging road has not been let yet but probably will be in a day or two. F. A. Warner and A. H. Powers are going over the bids and will probably award the contract in a day or two.

**New Shoe Store.**—August Hendrickson, a recent arrival on the bay, has leased the Sengstacken building on Broadway, near Central, and will open a shoe store there soon. The room was formerly occupied by the Anona Cash Grocery.

**Gets New Auto.**—A. H. Powers has ordered a fine 1913 Cadillac auto for his family. The machine is expected here sometime this month and will probably be the first 1913 model machine on the Bay. The first of them reached the coast a few days ago.

**To Wed Soon.**—Friends of Miss Elizabeth Cox and Chas. Lowrey have been apprised of their approaching marriage. Miss Cox has long been an efficient employee of the Marshfield postoffice and Mr. Lowrey is assistant timekeeper at the Smith mill.

**Broke Window.**—One of the large plate glass windows of the Ekblad Hardware store was broken yesterday by a stick from the piledriver falling against it. The window is insured, but it is likely that Charles Noble of the piledriver will be called on for the \$60 loss.

**Brown Coming.**—District Attorney George M. Brown of Roseburg will leave there this morning for Coos county to attend the September term of circuit court in Coquille and aid in the trial of the murder cases there, according to word received from him last night.

**To Improve Church.**—The Baptist Ladies Aid met yesterday afternoon with Mrs. John Nagle. Plans for repairing the interior of the church were discussed. The ladies will give a silver tea next Wednesday afternoon at the home of Mrs. Alva Doll on South Eleventh street.

**Funeral Today.**—The funeral of W. E. Thorpe of North Bend was held today from the Wilson chapel. Rev. D. A. McLeod of the North Bend Presbyterian church officiating. The body will be shipped to

Portland and probably cremated and the ashes sent to the old home in Michigan for interment.

**Plan For Game.**—The football game next Sunday at the Depot grounds promises to be one of the best seen here in a long time. Both teams are practicing hard for the event. The All Star team will be constituted largely of Biltmore boys, while the Marshfield Athletic Club will be largely old timers in the game and some college players who are now on the Bay. The game will be called at 2 o'clock Sunday afternoon.

**Sent Away.**—Bill Callahan, a well known character who was in jail last week with delirium tremens and who it was thought might be taken before the insanity commissioners, recovered sufficiently so that he was allowed to depart for Grays Harbor. Another character giving his name as John Horn, was ordered by Marshal Carter to leave town yesterday, having been arrested the night before for creating a disturbance around Herman Hillyer's cigar stand.

**No Engineer.**—It is not likely the Port of Coos Bay will engage a regular engineer. At the last meeting, Commissioner Powers expressed the belief that if the government accepts the Port's offer for harbor work, the government will furnish practically all the engineering required. The commission will meet again next Monday but it is not expected that anything will be done about an engineer pending the government's reply to the commissioners' proposition.

**Vegetable Freaks.**—Some freaks in the line of vegetables are being displayed at the Chamber of Commerce. One is of several radishes which are strangely intertwined and another is three large sized potatoes grown together, Stamese-twin-like. The latter was furnished by Wayne Painter of West Marshfield. The freak radish came from the Guilliams and Rice ranch on Daniels Creek. A. E. Seaman is exhibiting some fine apples and pears and R. Lyons of North Inlet brought in some fine cranberries.

**Buy Property.**—J. T. Harrigan and A. E. Neff have purchased the W. C. Duebner property on South Broadway, just north of the Broadway entrance to the Alliance warehouse. The lot is 25 by 50 feet and the building on it is occupied by the Barnard & Langworthy Wiring Company and the Elite Parlors. Messrs. Harrigan and Neff have a lease on the property in the rear of their new acquisition, which is owned by the Hagelstein estate. It is understood that they purchased it as a future home for the Marshfield Hardware Company.

**Find Papers.**—Marshal Carter, who returned from Coquille yesterday reports that the missing papers in the case of Charles H. Bailey, under indictment for passing bogus checks on the Blanco Bar, Brewery Saloon and other places, were found yesterday by Deputy Prosecuting Attorney Liljeqvist in his desk. Marshal Carter was seeking some other papers of his which Mr. Liljeqvist had and in the search for them, the Bailey papers were found. The discovery of the papers, the prosecution claims, will make Bailey's conviction practically certain.

**Curry Hit Again.**—D. A. Curry had more grief this morning when he had to pay \$1 for a permit to move his chicken coop. A year or so ago, the same chicken coop was the cause of considerable comment when Curry objected to taking out a building permit for its construction, claiming it only cost a few dollars. He had to pay for the permit then and later tried to have the building ordinance amended. The other day he decided to convert it into a feed shed and quit the poultry business. He moved it and this morning Inspector Tribbey notified him that he had to pay \$1 for a permit to do it.

# APPENDICITIS

Cured Without Operation. Here is Sworn Proof

STATE OF MINNESOTA, } ss.  
 COUNTY OF STEELE, }  
 I, Richard Jahress, of Owatonna, Minn., being first duly sworn, do say that I am the person named in and who subscribed the following statement and the same is true of my own knowledge, in every particular: "I had severe pains in my right side, just above the Appendix. I went to the doctor and he pronounced my case Appendicitis and advised an operation. Instead I went to Zamboni Bros. Drug Store and bought a bottle of (Adler-i-ka) Treatment. After taking it the result was indeed wonderful. The pains stopped and I felt like a new man. I heartily recommend (Adler-i-ka) Treatment to anyone troubled with Appendicitis, as I know it has cured me."  
 (Signed) RICHARD H. JAHRESS,  
 Subscribed and sworn to before me June 29, 1905.  
 J. NEWSALT, Notary Public, Steele County.

Appendicitis is becoming worse and worse, and everyone should know of this wonderful successful treatment. A valuable book, showing many pictures of that curious and little known organ, the human Appendix, and telling how it is caused, how it can be treated without operation, and how you can easily guard yourself against it, will be given FREE to anyone calling at our store.
