GRIMES WILL BUILD BLOCK

Decides to Go Ahead Immediately With Structure at Second and Central.

Just before leaving for California today on the Redondo, Wm. Grimes announced that he had decided to go ahead with the improvement of his property at the southwest corner of Second and Central immediately. He recently had Architect Turpen prepare plans for a fine modern business block to be built there, to be two or three stories high. Colonel Grimes will return about the first of October and will then begin arrangements for the construction of the new building.

This work with the putting in of the foundation for the new block which W. S. Chandler will build at the southwest corner of Central and Broadway, and the Hotel Chandler annex will give a decided impetus to building operations here this fall. The foundation for the Chandler building and the hotel annex will be put in this fall, as was announced several weeks ago in The Times. Will Chandler is preparing plans for it and Toots Noble will start driving the piling as soon as he completes the work for the Terminal railway, which will be soon.

Hill Line to Be Built South From Eugene Soon.

The Eugene Register says: A gentleman whose name we are not at liberty to divulge, but who recently came from the head offices of the Hill lines, is authority for the statement that the Oregon Electric will have its terminus in Eugene for only a short time. It will be striking out for the south before most of the people here realize it, but it may not go into the country south of us now in control of the S. P. company.

SAYS DIETZ IS IN WISCONSIN

Stranger Posing as Son of the Cameron Dam Defender Declared Imposter.

That the individual who has been traveling about in Coos and Curry counties and posing as Clarence Dietz, is an imposter, is the firm conviction of Wm. Hayden of South Marshfield, who has just received a paper from his old home in Wisconsin, which tends to confirm his conviction. The alleged Clarence Dietz was here sometime ago, but is now at Port Orford, according to a dispatch printed in The Times yesterday. When he was on the Bay, Mr. Hyden saw him and declared that he did not even closely resemble Clarence Dietz. Mr. Hyden formerly lived at Chippewa Falls, Wis., and frequently made hunting trips in the vicinity of the Dietz home, near the now noted Cameron dam. He says Clarence Dietz is several inches taller than the individual who was recently here and not nearly as stockily built. The Chippewa Falls Herald just received by Mr. Hyden prints the following dispatch from Eau Claire, Wis.:

Mrs. Hattie Dietz, wife of John Dietz, now serving life sentence for the alleged shooting of a deputy in the famous feud two years ago, together with her three children, Myra, Leslie, and Clarence, will be tried for assault with intent to kill, at the court term September 16. The case comes here from Sawyer county on a change of venue.

The charge is based on the shooting of John Rogisch, a deputy, in 1906, when a force attempted to arrest John Dietz. The case was held over pending decision by the supreme court in the Dietz trial.

From Paris comes a tale about a woman explorer who visited equatorial Africa and received proposals from 20 cannibal kings. It must be that despite her traveling costume she looked good enough to eat.

ENGLAND AT PANAMA FAIR

Great Britain Decides to Participate in San Francisco Exposition.

(By Associated Press to The Coos Bay Times.) WASHINGTON, Sept. 13.—The report of Great Britain's "provisional" acceptance to participate in the Panama Pacific Exposition at San Francisco, depended upon this government's future attitude on the Panama Canal tolls question, was refuted today when it became known that the London foreign office had made acceptance "provisional" to secure assurances from the exposition management of the character of the accommodations for British exhibits.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
