

### DESIRES TO SPARE FAMILY

Attorney Says W. R. Foote Pleaded Guilty to Save Relatives Pain.

Rather than subject his family to the pain and humiliation of again going through a murder trial, W. R. Foote, the aged rancher, and father of sixteen children, will tomorrow receive a sentence to the penitentiary. Yesterday he pleaded guilty to manslaughter and the plea was accepted by the state. Foote was indicted for murder in the first degree but had been out on bond in the sum of \$5000 and was entitled to another trial.

One of his attorneys stated today that Mr. Foote was broken in health and very nervous. He felt that the second trial would be a great strain upon him, but more than anything he considered the members of his family, who, on account of the nature of the case would again be put to the embarrassment of testifying and going through the trial.

It is stated by his attorney that Mr. Foote is making the personal sacrifice of going to the penitentiary without further trial for the sake of his family. He also considered the fact that it would be difficult to secure a jury and that the trial would be a long drawn out one on this account.

Mr. Foote is broken in health, the strain of the trial having told severely upon him.

### AFTER GOLD AND PLATINUM

California Man Is Grinding Sod to Extract the Valuable Metals.

Mr. Nelson of California, who is mining at Whiskey Run, is carrying on a somewhat unusual process for extracting gold and platinum. This is the locality where a large amount of gold was taken out at one time many years ago. Then the platinum was not valued and was left on the ground and cast aside. It is believed by many that the locality is rich in platinum.

Mr. Nelson is cutting the sod about a foot deep on the high land and is putting it through a machine, which process extracts the gold and platinum. It is said that he is meeting with success.

**GOLD BEACH SCHOOL OPENS.** Movement inaugurated to Establish a New High School. (Special to The Times)

**GOLD BEACH, Sept. 16.**—School opened here today with Raymond Hewitt, a well known Curry county teacher of the Mountain district school in charge of the higher branches and Miss Kathryn Lenherr, a capable teacher from Myrtle Point in the primary department.

Petitions are in circulation and being liberally signed for an election to unite several districts into a high school district. Everything indicates that the movement will be successful and a high school established.

### WILL BUILD NEW DREDGE

C. A. Smith Company Will Have Their Own Equipment Here.

Arrangements are being made for the construction of a 12-inch suction dredge by the C. A. Smith Lumber Company and the Smith-Powers Logging company. Some of the parts have arrived here and the construction of the boat will be started soon.

The dredge will be used in cleaning the booms and logging streams for the logging company and also in keeping the slips around the company's docks cleared.

The company figured on purchasing a dredge but Arno Merceen found that they could build one more suited to their needs at a much less figure than they could purchase it.

In case there is not sufficient work of the company to keep the dredge busy, it will probably be used on general harbor or private contracts.

**Get New Device.** The C. A. Smith Company has ordered a new mechanical device that will sort of revolutionize heavy repair work.

It is known as the oxygen-acetylene welding plant. The combination of oxygen and acetylene affords a very intense heat, about 6,000 degrees Fahrenheit, and it will weld any kind of casting or piece of steel. It is portable and can be taken where it is needed and the piece repaired on the machine. The plant costs about \$3,000 and requires an expert to run it, but it will avoid shutdowns in the camps or mills for longer than a few hours to repair breaks.

**WAS A WAR VETERAN.**

Father of Dr. Bartle of North Bend, Dies at Eugene.

Rev. William Bartle, father of Dr. Ira B. Bartle of North Bend, who died at his home in Eugene, was a respected citizen of that place. He was past 74 years of age and was a retired Methodist minister. He was born in Steuben county, New York, and was married to Miss Anna M. Baxter 53 years ago. Mr. Bartle was a veteran of the Civil War, having served with the 86th New York regiment in the Army of the Potomac. He received three wounds, one of which necessitated the amputation of one leg.

Mr. and Mrs. Bartle lived in New York State until 1885, when they came to Kansas. He was engaged in the military in that state until 12 years ago, when he lost his hearing. He came to Eugene in 1895. He was a member of the Genesee, New York, Methodist conference. He is survived by a widow and two sons, Dr. Ira B. Bartle of North Bend and Dr. P. J. Bartle of Eugene. A daughter, Mrs. Nell, died in Eugene a year ago, and another daughter died in infancy.

**S. P. IS BUSY.**

Work on Line from Eugene Is Being Rushed.

The Eugene Guard says: "We are so busy on the line that I have no time to attend the fair," said W. R. Fontaine, engineer in charge of the Coos Bay Line, last evening, as he left the fair grounds after a brief look-in, during which he surveyed the exhibits with an approving eye. Mr. Fontaine says that everybody in his department is rushed by the contractors, who are taking advantage of the fine weather to complete as much of the grade as possible.

At Porter Bros. headquarters, everything is bustle though the machinery works smoothly without friction. Porter Bros. now have 452 men employed in 14 camps extending all the way from the end of Twohy Bros. contract on the North, to Acme.

Work is also proceeding rapidly on the part of the line covered by Twohy Bros. contract, and on the Utah Construction Co. contract on the Natron cutoff. The P. E. & E. is also pushing work, so there is no cause for men to be idle these days.

Experiments in France have shown that sulphur is valuable as a soil fertilizer.

### Peevish Children Suffer With Worms

Don't be angry with your child because he or she is continually irritable. In ninety-nine out of one hundred cases you will find that the trouble is worms.

Among the common symptoms of the presence of round worms are nervousness,—which often leads to epileptiform attacks;—dizziness, vertigo, capricious appetite, restless sleep, itching of the eyes and nose, nausea and often hysteria. Round worms are several inches in length and infest the stomach. Occasionally several hundred are found in a single person. Thread worms are smaller, often not longer than a quarter of an inch. The symptoms denoting their presence are about the same, but in this case the child has no appetite. Jayne's Tonic Vermifuge is unsurpassed in removing worms. Not only will it destroy them, but its tonic effects will restore the stomach to healthy activity. As Jayne's Tonic Vermifuge seldom purges, the indications of its beneficial effects will be the improved condition of the person using it.

Millions of parents have praised this medicine for more than eighty years. Insist upon Jayne's Tonic Vermifuge, and accept no other. Sold by druggists everywhere. Dr. D. Jayne & Son, Philadelphia, Pa.

### STUDENTS LEAVE NEXT THURSDAY

Biltmore Boys Elect Officers—Nine Will Remain in Coos County.

President Schenck and the students of the Biltmore Forestry School, who have been spending the last month on the Bay studying actual lumbering in the Smith mill and the Smith-Powers logging camps will leave Thursday for the East, and early next month will sail for Germany where they will spend six months in the Black Forest.

Saturday the students held their semi-annual election of officers. J. W. Lewis was the retiring president and the following new officers were chosen:

President—Ted Johnson. Secretary—Tex Woods. Honor Committee—Messrs. Hows, Peterson and Helmueller. Nine of the Biltmore students will remain on the Bay. They are Messrs. Swartmeyer, Gensmere, McGrath, Noyes, Shaw, Gadey, Smelta, Zimmerman and Bunting.

### AWAY CATARRH, A FILTHY DISEASE

A Safe Old-Fashioned Remedy Quickly Relieves All Distressing Symptoms.

If you are subject to frequent colds, or if you have any of the distressing symptoms of catarrh, such as stuffed up feeling in the head, profuse discharge from the nose, sore in the nose, phlegm in the throat, causing hawking and spitting, dull pain in the head or ringing in the ears, just anoint the nostrils or rub the throat or chest with a little Ely's Cream Balm, and see how quickly you can get relief.

In a few minutes you will feel your head clearing, and after using the Balm for a day or so the nasty discharge will be checked, the pain, soreness and fever gone, and you will no longer be offensive to yourself and friends by constantly hawking, spitting and blowing.

Shake off the grip of catarrh before it impairs your sense of taste, smell and hearing and poisons your whole system. In a short time you can be completely cured of this distressing disease by using Ely's Cream Balm. This healing, antiseptic Balm does not fool you by short, deceptive relief, but completely overcomes the disease. It clears the nose, head and throat of all the rank poison, soothes, heals and strengthens the raw, sore membranes, making you proof against colds and catarrh.

One application will convince you and a 50 cent bottle will generally cure the worst case of catarrh. It is guaranteed. Get it from your druggist today.

### WILL PLANT 20,000 TREES

Biltmore Students to Leave a Monument of Visit to Coos County.

The students of the Biltmore School of Forestry will leave a little monument for themselves before they leave Coos county. The school work here closes Thursday when the students who have finished the course will graduate. Before leaving, the boys under the direction of Dr. Schenck will plant 20,000 trees on a tract of twenty acres. They will do the work in a strictly scientific manner and in later years the tract of timber can be pointed out as the Biltmore share toward Coos county conservation. The trees will be taken from the nursery of the C. A. Smith forestry department.
