

## MILK PRICES ARE INCREASED

One Cent Per Quart More Must be Paid by the Consumer.

Still another raise in the price of living is announced. This time it is the milk. Dealers are giving out that beginning October 1 the price of milk will be raised one cent a quart and one-half cent a pint. The raise on the part of the local dealers is due to the fact that the ranchers are charging more for their milk. It is announced that the increased retail price will remain stationary until the producers make a reduction.

## ENGINEER AT PORT ORFORD

Government Makes Investigation of the Harbor in Curry County.

Regarding the government investigation of the harbor at Port Orford the Portland Telegram says: "After a strenuous trip covering a week, F. C. Schubert, assistant United States engineer, returned this morning from Port Orford, where he made a preliminary examination of the harbor to learn whether a survey for improvements would be advisable. Mr. Schubert said that he gathered the necessary data and met members of the port commission, but what they will be willing to do to assist the government if the work should be done, will not be learned until after the commission holds a meeting this week to discuss the matter. The port has 321 square miles within its district and \$1,700,000 was the last reported assessable property."

### WED IN CALIFORNIA.

The following from a Riverside paper will be of interest to the Marshfield people, as Mrs. Hurd is a sister of A. B. Campbell and Ray Campbell of this city, and has many friends and acquaintances on the Bay:

At a quiet home wedding on Sunday evening, September 1, at the home of the bride's mother, Mrs. M. F. Campbell on Twelfth street, Mrs. Myra Hurd and Mr. George Drew were married in the presence of a few intimate friends. The ceremony, which occurred at 8 o'clock, was read by Rev. Anderson of the Christian church. The only attendant was the little son of the bride, Master Ralston Hurd, who acted as ring bearer. The couple entered the living room to the soft music of "Oh, Promise Me," played by Miss Florie Harris and during the ceremony Mr. Ray Ramsey sang the words to this beautiful love song. The bride, who has made her home in this city

# The Science of Service

**HONESTY  
ACCURACY  
FAIR DEALING  
PRICES**

**Value and  
Volume**

We have established and are maintaining a

growing clothing business upon the basis of better values and and greater volume.

## Never Sacrificing Quality

While we aim to quote the lowest prices and command volume through values, we hold quality pre-eminent.

Every suit you purchase here is always worth what you pay for it.

### MAY DISMISS SUIT.

(By Associated Press to The Coos Bay Times.)

WASHINGTON, Sept. 18.—After taking 36 years to wind its way through lower tribunals to the supreme court of the United States, the suit of George Harrington of the District of Columbia and Thomas A. Edison of New Jersey against the Atlantic and Pacific Telephone Company and Jay Gould of New

York, over telegraph patents, may be dismissed without a hearing.

Attorneys for the corporation and the Goulds filed today a request that the case be dismissed "because of lack of jurisdiction." All the individual parties in the suit have been dead for 20 years, except Edison. At one time \$1 damages was awarded Harrington and Edison but the latest judgment was that the suit be dismissed.

We Wish to Announce to the Good Housewives of Coos County

That we have secured the selling agency of

## The Famous Occidental Stoves and Ranges

made by Steiger & Kerr Stove Foundry at San Francisco, Cal.

These ranges in conjunction with our

## Monarch Malleable Ranges

makes our range line the strongest in the world.

## The Occidental Ranges

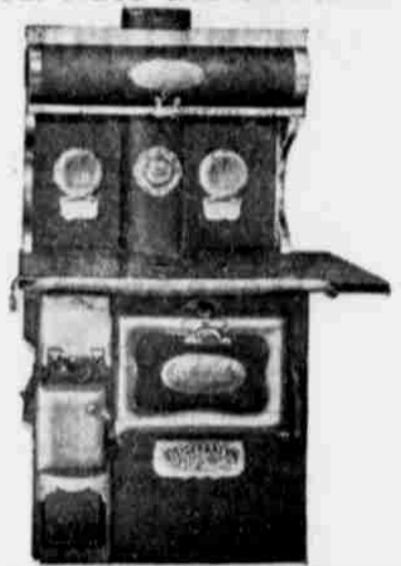

have more special features than any other line of popular priced ranges that we know of.

They are so complete and handy that they sell themselves when once seen.

Say, we are simply tickled to death with them.

Let your next range be an Occidental All flues asbestos lined

Priced At \$38.00 To \$45.00

Priced At \$38.00 To \$45.00

## We Herewith Quote a Few of the Special Features of the Occidental Ranges

They have a cold blast draft over the fire box. This saves one-third fuel over any other make of range.

They have a ratchet lift on the fire plate for making toast. It's simply great.

They have a patented support under the bottom of the oven to keep from warping. You know what that means in baking pies, don't you?

Say, honestly, if space in this paper didn't cost so much we could fill it by just telling about the good points of Occidental Ranges. The points of superiority over other ranges are many.

Won't you please call in and see them. We just love to talk about them.

## Going & Harvey Co.

COMPLETE HOUSE FURNISHERS.

No matter what you want, we Sell it for LESS.

# DO IT NOW!

**First**

**Addition**

**To**
