WHY WORRY?

SICKNESS may come, death may be at the door; but the man who does not give up cuts down the doctor bills and cheats the undertaker altogether.

Business deals may go wrong and financial disaster may threaten, but the man who takes stock in himself and remains on the job seldom enters the bankruptcy court.

Poverty may be at the door, and hard luck may bring adversity, but the man who takes his fortune with a smile will be at the door when his ship comes in.

So, don't worry! Worry saps vitality, brings gray hairs, produces wrinkles, and it can turn a sunny day into a dreary one.

Without a cloud in the sky, worry can make one believe there will be a downpour any minute.

Worry discounts bills receivable, adds interest to those which are to be paid and disturbs the scheme of things generally.

It never won a battle. It never cleared a situation. It never solved a problem.

EASY, SURE WAY TO CURE COLDS

Don't Neglect a Cold. Ely's Cream Balm Will Stop it in the Sneezing Stage.

A cold generally attacks the nostrils, passing on to the throat, and then to the lungs. It is caused by a germ which enters the nostrils and attacks the mucous membrane. Ely's Cream Balm, which immediately relieves the inflammation, and all the distressing symptoms, such as sneezing, coughing, running at the nose and eyes, hoarseness, sore throat, fever and headache. One reason why this pure, antiseptic balm acts so quickly is because it is applied directly to the tender, sore surfaces.

Even in several chronic cases of catarrh, Ely's Cream Balm never fails to quickly and effectively check the poisonous discharge which clogs the head and throat, causing the disgusting hacking, spitting and blowing of the nose. This remedy not only drives out the disease, but heals and strengthens the weakened membranes, thus ending catarrh.

Catarrh is a filthy, disgusting disease. Don't put up with it another day. Get a 50 cent bottle of Ely's Cream Balm from your druggist and see how quickly you will be relieved. It is perfectly harmless.

PROBE NEW MURDER CLUE

Prosecutor Brown and Liljeqvist Visit South Slough This Afternoon.

Prosecuting Attorney George M. Brown and Deputy Prosecuting Attorney L. A. Liljeqvist and Marshal Carter left this afternoon for South Slough. It is understood that their mission is particularly to probe some new clues in the Joyner case and also for the purpose of trying to clean up the South Slough country.

The grand jury has been adjourned until the December term of court, but it is understood that if the new clues in the case "pan out," they will order some arrests on justice court warrants.

They were rather reticent about the affair here today but consulted with a number who have been quoted as claiming to know some inside facts about the Joyner case.
