LOCAL NOTES

Story Telling Hour.—At the Public Library there will be a story telling hour at 10 o'clock tomorrow.
 Will Preach Sunday.—Rev. Hall will speak at the Methodist church on morning and evening of next Sunday.
 Moves on Ranch.—H. M. Davent

are temporarily making their home with his parents, Mr. and Mrs. A. H. Powers.

To Give Social.—The young folks of Sumner are planning a bazar and social for the purpose of raising money to purchase some gasoline lights for the Sumner hall.

Will Build Here.—T. H. Barry of Empire is making plans to build a modern residence on his property in the north part of Marshfield where he owns a block of ground.

Left for Salem.—Sheriff Gage left this morning for Salem with W. R. Foote. They were accompanied by Edward Barker. They made the trip overland by the Drain route.

Newport Passes.—The steamer Newport now at Marshfield passed the inspection of Edward and Fuller of Portland, inspectors of hulls and boilers. Some improvement will be made in the vessel's machinery.

Change in Business.—It is stated that Robert Demerit has purchased a half interest in Max Timmerman's shipyard on North Front street and that it is planned to increase the business to take care of the rapid growth of the demands on it.

Travel Heavy.—There were two auto loads of outgoing passengers on the Drain-Allegany line this morning. Among those going were H. J. McKeown, F. W. Paris, S. S. Goldstein, Ben Rybke, C. S. Edwards, J. G. Gense, George G. Fuller and W. A. Teutschel.

Buying Mutton.—Mutton sheep to the number of 3,000 head are being gathered up in the vicinity of Gold Beach, Oregon. Geo. S. Harris and J. Yelsley of Chetco are furnishing a goodly number of sheep from their ranches.—Bandon Recorder.
 Installed Street Lamp.—Sherman

Cutlip and Jess Smith were in Sumner this week. While there, they sold some gasoline lamps to Capt. Harris which he has installed now in his store. One has also been placed as a street lamp near the boat landing in Sumner, it being the first street lamp in that town.

Grey Mare Sold.—"Stop that want adv. We have sold the grey mare and could have sold four more if we had 'em, there was so many applicants from the want adv. in The Times," said W. H. Dindinger of The Bazar. That's the experience of everyone who uses The Times want column. Everybody reads 'em. That's why they bring results.

Building New Road.—The new road to Lakeside in the Ten Mile country is being built. It leads from a point one and one-half miles from the North Inlet landing by way of Saunders lake to Lakeside. It is known as the water level road. While it does not shorten the distance to Ten Mile it does away with some of the heavy grades on the old road.

Secured a Teacher.—The school directors of district No. 12, on Catehing Inlet, have engaged Miss Pitman as teacher for the school. Daniel Matson, who advertised in The Times for a teacher, says that they have been flooded with applicants and that it was more difficult to choose from so many applicants than it was to find an applicant before advertising.

For Paving.—Manager Melvin of the Federal Construction company reports that about 600 tons of material and their roller and crusher arrived yesterday from San Francisco and that they will begin the laying of the surface paving in a day or so. They have been delayed by the inability to secure crushed rock but hope to complete the work here in a month or six weeks.

May Build.—Some of the local members of the Woodmen of the World are trying to revive the plan for building a home and business block, three stories high, at the corner of Fifth and Central. The membership of the lodge has been increased about ninety in the recent membership campaign in which organizer W. B. Holdman, who left yesterday for Portland, assisted.

Hears from Mills.—Councilman J. G. Horn of North Bend recently wrote to C. J. Mills of the Southern Pacific,

asking when the company expected to begin work at this end of the line. In reply he received from Mr. Mills a letter similar to the one written to Mayor Simpson. It stated that the laying of the 300 feet of track was regarded by the company as a beginning of work and also stating that as soon as the bridge matter was settled the company expected to do something in the way of construction.

New Lights.—The Oregon company posts which they will put in along the east side of Front street between Market and Commercial immediately.

BRINGS SUIT AGAINST CITY

Brother of George Parker Wants Damages; Smith Company Defendant.

Jack Parker, brother of George Parker who was killed a few weeks ago when his motorcycle collided with a pile of wood on South Broadway, has begun suit against the city and the C. A. Smith Lumber and Manufacturing company, jointly, for \$7,500 damages. He holds the company responsible for dumping the wood in the street and the city for allowing it to remain there. W. T. Stoll is his attorney and the case will probably be tried at the December term of court.
