meet next Wednesday, Sept. 25, the place to be announced later.

New Publication.—"The Investigator" is the name of a new publication of which L. D. Kinney is the publisher. The first copy contains four pages and a cover.

Buys Auto.—Ned Galloway, owner of the launch North Star, yesterday purchased Dr. McCormac's auto, the one he had prior to getting his new Cadillac, for \$499. Mr. Galloway will use the machine on an auto line to Ten Mile.

On Vacation.—M. J. Ostrow who has charge of the delivery service of the Coos Bay Ice & Cold Storage company is enjoying a vacation—the first in three years. He is simply "taking it easy" and getting the rest that he has so well earned.

New Homes.—Architect Turpen is preparing plans for three new homes. One is to be built for T. H. Barry in Ferndale, one for B. H. Morrison on South Fourth street and one for Supt. F. A. Tiedgen in South Marshfield. All will probably be erected this fall.

Students Invited.—A cordial invitation is extended to all the High School students to attend the services at the Marshfield Baptist church tomorrow morning at 11 o'clock. Supt. Tiedgen will speak.

New Building.—Messrs. Harrigan and Neff of the Marshfield Hardware company are erecting a frame tinshop on the Nels Rasmussen property in the rear of the Castlewood Saloon. This is the first frame structure built on the waterfront in a long time. It will bring the Rasmussen building out to near the proposed line of the waterfront street.

Will Send Photos.—Some excellent photographs of the North Bend parade, which was held in this city have been made. Capt. Robert was impressed with the demonstration and asked that he be furnished a photo to send with his report to Washington to show what kind of a demonstration in favor of the bridge had been made.

Daughter Born.—Mr. and Mrs. Earl Mack of North Second street are rejoicing over the arrival of a little daughter in their home. She was born yesterday. Through an error, the name of the father was given in The Times yesterday as Ira Mack. The proud parents are receiving the felicitations of their many friends.

Injuries His Knee.—Jack Davis of Portland, who was bartender in that city for Jake Goidle, and who is visiting here, met with an accident last night. He was walking on the wharf when he accidentally put his foot through a hole in the planks. At first it was thought his leg was broken, but the injury proved only to be a sprain of the knee and bruises.

Is Promoted.—S. Lando today received word that his nephew, Ellis Lando, had been promoted to lieutenant on the U. S. S. Raleigh. He has been on the U. S. S. California. Lieut. Lando is a son of Jacob Lando, formerly in the drygoods business here. Lieut. Lando won his Annapolis appointment from Honolulu. His many Coos Bay friends will rejoice over his promotion. The Raleigh has been ordered to Seattle.

At Gold Beach.—Rev. G. L. Hall has received a letter from Rev. C. E. Short, district missionary of the Baptist church. Mr. Short is at Gold Beach now, where he is holding protracted meetings. He states that he is suffering greatly on account of asthma but that Gold Beach seems so much better he will remain there for a time and preach for the people of the neighborhood.

Want Drainage.—C. A. Johnson and C. J. Johnson, who own property on the upper end of Mill Slough, have indicated that they will favor the closing of the slough providing they are assured that proper drainage will be afforded. They own a lot of lowland that would be covered with water unless ample drainage is given. Mr. Hillstrom notified Capt. Robert the other day and Mr. Johnson will write him a letter about the matter.

Losses Fine Team.—George Cox had the misfortune to get a valuable team killed by a falling tree. The accident occurred in his logging camp, east of Bandon. Two of the tree fallers were cutting down a tree and did not know the team was there until the tree had fallen on them. The loss will be very heavy on Mr. Cox, as the team was an excellent heavy draft team and worth several hundred dollars. It will be hard to replace.

Hoodoo Wagon.—The Coos Bay Steam Laundry wagon seems to be a hoodoo to the drivers. Last Monday, Homer Mauzey injured his ear with a pencil while driving, and for a while despaired of his hearing in that ear. Wednesday evening, F. A. McClees, another driver, sprained his foot which necessitated the doctor's services; and last evening Leonard Mauzey who was taking McClees' place, fell while getting into the wagon and quite seriously injured his back, and was unable to work today. However all are doing nicely and they hope that the hoodoo will soon be removed from the wagon.

Lost Keep-Sakes.—William Shrock of North Bend is grieving over the loss of relics of the base ball games. Mr. Shrock kept the balls used by the North Bend team during the county league games this year and prized them very highly as they represented the games which won for North Bend the championship of the county league. When the big parade was arranged by North Bend this week Mr. Shrock arranged one of the autos which represented the base ball team. One of the features of the decorations on the auto was a display of the collection of base balls used by the team this season. In the excitement of the occasion some of the trophies of the game were taken by some one. Mr. Shrock is a great base ball fan and would not have lost at any price the relics of North Bend's victories on the diamond.

The other members are Ingle Pederson, Martin Pederson, Martin Steckle, Cleo Steckle, Victor West, Emil West. Two new members admitted last night were Frank Padget and Oscar Pederson.

BIG SALE FOR SHOW TONIGHT

ADVANCE SUBSCRIPTION FOR TICKETS PROMISE A LARGE CROWD AT MASONIC THEATER TONIGHT FOR "THE COMING OF COLUMBUS."

The three-reel sensation of the moving picture world, "The Coming of Columbus," to be shown at the Masonic theater tonight will be viewed by a record audience. A list was circulated in the city several days ago and hundreds of seats were contracted for and sold in advance. Mr. Keller stated today that he had not been able to see all in advance on account of lack of time, but that he was more than pleased with his success and that the event will be a financial success. He said that he had had communications from houses on the Big Five Amusement Circuit who had already shown this \$50,000 production, and that they pronounced it the richest, most costly and gorgeous picture production they had ever shown. He further stated that the last performance would not be started before 10 o'clock and that anyone purchasing a reserved seat ticket, either at the Busy Corner or at the Masonic theater would see a full performance. Mr. Lewis has arranged special music for this extraordinary achievement in motion pictures and we think this a guarantee of splendid accompaniment, as Mr. Lewis needs no further introduction to the public in regard to his mastery of musical compositions and technique.

The entire lower floor will be reserved at 20c. Any seat in the balcony can be secured for 10c. Children 10c.

The management advises that this picture will be shown one night only and that it will not be repeated.

The public is cordially invited to attend a free lecture on Christian Science by Frank H. Leonard C. S. B. member of the Board of Lectureship of the Mother Church, The First Church of Christ Scientist in Boston, Mass., at the Masonic Opera House Tuesday evening, September 24th, at eight o'clock. The purpose of this lecture is not publicity in order to proselyte from other faiths; its object is to correct erroneous ideas prevalent regarding Christian Science.

J. H. FLANAGAN will leave tomorrow for San Francisco on business and pleasure.

WILL BRING DISASTER.
 Lodge Predicts Trouble if Democrats Win Out.
 Associated Press to The Coos Bay Times.)
 Columbus, O., Sept. 21.—Senator Henry Cabot Lodge opened the Republican campaign in Ohio today with an unqualified defense of the administration of Taft. Throughout the convention canvass Lodge held out from factionary quarrels because of his peculiarly intimate re-

lations, personal and official with Roosevelt and his friendly relations with the Taft administration. Today's speech was the first formal utterance on national issues. He pictured a democratic success as a forerunner of commercial disaster providing its present attitude on the tariff is maintained. Lodge did not mention the Progressive party or Roosevelt's name.
