

DEATH DUE TO ACCIDENT

(Continued from Page One.)

sided in Centralia, Wash., for 12 years before moving to Marshfield last July, and that his mother was a native of Minnesota. He explained that his mother had taken a desire to work. He told of her having said some time ago that she could get a situation, but that he had forbade her taking it, desiring that she remain at home. When he last saw her Thursday she said she had a job in the city. Mr. Chambers said he had asked his mother when she expected to take it, and she laughed and he did not take the statement seriously and talked with her of other matters. He told of her being away the last time without her cane and of her trouble with her ankle.

Was Not Worried.
Mr. Chambers explained that he was not greatly worried when his mother did not appear, as she frequently left the house without any announcement. While she had never been away over night in this city she was in the habit of going away for several days and visiting friends when they lived in Centralia. He thought when she did not come home that she had carried out her determination to accept a position somewhere in the city.

Coroner Wilson suggested to the jury that if the members cared to have performed a post-mortem examination for the purpose of ascertaining whether or not there were any indications of foul play he would order one but Dr. Houseworth said he did not believe it was necessary and the jurors decided that there was no evidence to warrant anything of the kind.

Mr. Chambers testified in answer to a question that he knew of no one on earth who would have any reason to take his mother's life. Mrs. Chambers when she was last seen had a small hand bag with her. This was not found, but could have been easily lost in the water and there was nothing to show any signs of her having been waylaid or attacked by robbers.

The jury returned a verdict that Mrs. Chambers came to her death by accidental drowning.

Evidently Accidental.

A peculiar feature of the accident was the fact that Mrs. Chambers is one of the very few women who have ever been found in the bay drowned. While men frequently lose their lives in the waters of the bay, it is rare that such an accident befalls a woman and in this case it was thought to be quite evident that Mrs. Chambers fell into the water at some time when no one happened to be near or noticing her. There were no indications of suicide and the evidence showed that she had never contemplated suicide or expressed any desire to take her life.

The funeral was held this afternoon at 2 o'clock from the Wilson undertaking rooms. The Rev. E. Browning of the Episcopal church officiated. The burial was in the Odd Fellows cemetery.

DIFFICULT TO GET RAILS

Southern Pacific Is Not Able to Secure Steel for New Line.

The Eugene Register says: Twohy Bros. report that work is progressing rapidly on the No. 1 tunnel on the Eugene-Coos Bay railway. The head of the tunnel on the east side is now 925 feet into the mountain. On the other side clearing and grading is proceeding rapidly and an entrance will soon be made into the mountain. On the line work is also proceeding satisfactorily. It is reported that the Southern Pacific is having difficulty in getting steel for the track and that the work of laying steel would have commenced before this if it had been obtainable.

Bates & Rodgers, who are building culverts and bridges, report that the first stretch of 16 miles is ready for the track and that in a very short time, weather permitting, the line will be ready for a much greater distance.

SAGE TEA WILL DARKEN THE HAIR

Restore Faded and Gray Hair to Natural Color; Dandruff Quickly Removed.

There is nothing new about the idea of using Sage for restoring the color of the hair. Our grandmothers kept their hair dark, glossy and abundant by the use of a simple "sage tea." Whenever their hair fell out or took on a dull, faded, or streaked appearance, they made a brew of sage leaves, and applied it to their hair with wonderfully beneficial effect.

Nowadays we don't have to resort to the old-time tiresome method of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves; and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing sage in the proper strength, with the addition of sulphur, another old-time scalp remedy.

This preparation gives youthful color and beauty to the hair, and is one of the best remedies you can use for dandruff, dry, feverish, itching scalp, and falling hair. Get a 50 cent bottle from your druggist today, and you will be surprised at the quick results. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.
