day and Tuesday of next week, the Bishop of the diocese, Right Rev. Charles Scadding has asked the rector at Marshfield to represent the work of the churches in the counties of Coos and Curry. Rev. Browning will leave this evening over the old Coos Bay wagon road and will preach for Rev. C. W. Baker of Roseburg on Sunday morning and evening.

**Check Up Complaints.**—The Oregon Power Company has adopted a neat little plan for keeping track with their patrons about the attention of complaints in the service that may come. When complaint about any feature of the gas or electricity is made a man is sent to attend to it. This is followed up with a return postal card which the customer is requested to use in showing whether or not the complaint has been attended to and whether the matter was adjusted promptly. It takes but a moment for the patron of the company to fill out the card and the result it is believed will be quite satisfactory to both the company and the patrons. Manager D. C. Green has recently adopted the plan and is getting results.

**How Does This Strike You?**  
Just as I was starting for lunch today, the telephone bell rang and one of the best lady cooks of the city advised me that she had just tried a baking of "Crown" flour, with such excellent results that she had to tell me how good it was. While I knew what I was doing when I took over the Balfour-Guthrie account and Crown Mills, still this testimony made me feel fine. I have been in the flour business long enough to know the best flour when I see it, and I am sure I now have it in our "Crown" brand.
