LOCAL OVERFLOW

Actors at the Coos.—The following members of the Gorman and Ford theatrical company are registered at the Coos hotel: Chas. Clynes, Charles Flake, A. L. Fletcher, Carl Eastwin, Glenn Halley, Arthur Dixon, Herbert Morton, Harry Gorman, manager, Mildred Fird, Margaret Marlon, Susie Howard, Rica Meyers.
 Interesting Picture.—The Orpheum will show tonight Pathe's Weekly, with pictures of the big news events of the world, including the arrival of the rescue ship Carpathia in New York with passengers from the lost Titanic. Many other big and interesting features told in the interesting way of the photoplay at this popular house.

TAMPERS WITH GAS WORKS

Malicious Person Makes a Great Deal of Trouble for Gas Company.

Some person evidently with malicious intent secretly turned a valve at the gas works which caused great trouble to the gas company and much inconvenience to the users of gas. It appeared quite evident that the trick could only have been done by one who meant to do harm.
 At the gas works a valve was opened so that when the gas was being pumped from the small boiler to the large holder for storage, air was admitted by means of the valve having been turned. The result was that air was mixed with the gas in the holder making it impossible to use it. It was then necessary for the company to shut off everything, open the big holder and let out all of the gas inside and also open the mains and let out the gas and air, and then filled the holder and mains with new gas free from the air.
 The company is now sending men to every house where gas is used to clear out the pipes extending from the mains to the house. In fact because the air had been allowed to get in the holders and mains it was necessary to empty everything from the holder to the pipes connecting with the gas stoves and put in a new supply.
 Manager Green of the Oregon Power company said today that the gas was all right in the mains and that workmen would visit every gas consumer as quickly as they could get around and fix the pipes and stoves.

DIES AT HOME IN NORTH BEND

MRS. G. W. SHELLEY PASSES AWAY IN NORTH BEND AFTER A SHORT ILLNESS.

Mrs. Eugenie Shelley, wife of G. W. Shelley, died at her home in North Bend at 9:45 p. m. Sunday. The death was a surprise to her friends as Mrs. Shelley had been ill but a short time and even those who knew she was sick did not realize the seriousness of her condition.
 About two weeks ago Mrs. Shelley went to Portland with her little son to visit her two sisters. Fearing she was getting sick, she concluded to return home, arriving here last Thursday, and since then was confined to her home. The cause of Mrs. Shelley's death was septic meningitis caused by ear trouble. It was not the contagious meningitis. Microscopic tests proved this fact beyond a doubt. On reaching Gardiner on the return trip she became quite ill and with her son came at once to her home.
 Lived in Gardiner.
 Mrs. Shelley's maiden name was Eugenie Spencer. She was born in 1878. She is the daughter of Mr. and Mrs. F. M. Spencer of Gardiner who still reside in that place. She leaves her husband, one eight year old son, a brother, F. A. Spencer of Myrtle Point, who is Mr. Shelley's business partner, and three sisters, Mrs. Thomas Bloodsoe and Mrs. John Black of Portland and Mrs. Bell of Palmer, Oregon.
 Mrs. Shelley until she was married to G. W. Shelley, April 7, 1892, resided at Gardiner. She was well known there and in Marshfield and North Bend, and had many friends who will grieve to learn of her death.
 The funeral services will be held at 2 o'clock Wednesday from the residence in North Bend and the burial will be at the cemetery in this city.

SAYS ENGINE WAS NOT NEEDED

Chief of Fire Department Makes a Statement Regarding Charges.

Comment was made upon the fact that the fire engine seemed to be slow in throwing a stream of water on the occasion of the fire in the trees on Highland avenue Saturday afternoon. Dr. J. T. McCormac states that he and others timed the fire engine and that it was just thirty minutes from the time that the fire alarm rang before the engine was throwing water.
 Dan Keating, chief of the Marshfield fire department, when asked today said that when the engine reached the fire it was not deemed necessary to turn it on at once as the fire was under control with the stream being used. Mr. Keating said that the engine could have been used immediately and that it was not operated excepting to throw a small amount of water.

The Wickham House

Dining Room
 COQUILLE, ORE.

Portland	5	9	2
Oakland	1	2	1

Playing with Gun.—The Blake boy and F. S. Dow's son Ted last night were playing with a gun at the corner of Curtis and Second street. They did not know the gun was loaded and had been pointing it at each other in fun. One of the boys pointed it at the Blake dog, pulled the trigger and the dog was shot and killed.

SUBCONTRACT IS LET TO BURNS

Will Do Grading on First Three Miles of Smith-Powers Road.

(Special to The Times.)
 MYRTLE POINT, Ore., Oct. 7.—Contractor Burns, formerly of North Bend, has taken a sub contract from Willett and Burr, for the grading on the first three miles of the Smith-Powers logging railroad on the south fork of the Coquille river. Mr. Burns will begin work at once. He is now constructing his camp about two miles out of the city.
 It is understood that the general contractors may sublet a good deal of the work in order to get the road completed by next summer.

AMERICAN WINS.
 (By Associated Press to The Coos Bay Times.)
 SYDNEY, Australia, Oct. 7.—Jack Lester, the American heavy weight, defeated Jack Howard, middle weight of New South Wales. The fight was stopped in the thirteenth round by the police.

A concrete mixer for small jobs that recently was invented is mounted on two wheels, like a push cart, and receives its power from them.

NATURAL COLOR TO GRAY HAIR

By Common Garden Sage, Simple Remedy for Dandruff, Falling, Faded Gray Hair.

The old idea of using Sage for darkening the hair is again coming in vogue. Our grandmothers had dark, glossy hair at seventy-five, while our mothers are gray before they are fifty. Our grandmothers kept their hair soft and glossy with a "Sage Tea," which also restored the natural color.
 One objection to using such a preparation was the trouble of making it. This objection has been overcome by the Wyeth Chemical Company of New York, who has placed on the market a superior preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp and thin, weak, falling hair.
 The beauty of the hair depends more on its rich, even shading than anything else. Don't have dry, harsh faded hair, when a simple harmless remedy will bring back the color in a few days; and don't be tormented with dandruff, itching scalp and loose, falling hairs. Wyeth's Sage and Sulphur Hair Remedy will quickly correct these troubles and give color, strength and beauty to your hair.
 Get a fifty cent bottle from your druggist today, and prove this to your own satisfaction. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

"MONEY TALKS"

Hub Clothing and Shoe Co.
 Bandon. Marshfield.

Little Talks on the High Cost of Living By W. A. REID.

The average wage of a man of family in Marshfield is approximately \$80 per month, while the average rent paid is \$16. This means that 20 per cent of the average income is paid out each month in rent, one of the principal items in the present high cost of living. So it behooves us to give this matter earnest thought. Why not eliminate this item entirely? Buy a home in PERHAM PARK on easy terms. You will save from one-third to one-half the cost by buying now and taking advantage of the present low prices.
