### J. O. STEMMER ANNOUNCES HIS PLATFORM

I believe in direct presidential primaries.

I believe in the direct vote for United States senators, and until this can be obtained, in Statement No. 1.

If elected I will live up to and enforce all laws, including the Oregon System.

I believe in a revision of the judicial system with a view of simplifying, expediting and cheapening justice.

I believe in and will work for state aid for permanent county roads scientifically built under sound business management.

I will work for such legislation as will open Rogue river to commercial fishing to residents of Curry county.

If elected I will work for the establishment of an experimental agricultural station for Coos and Curry counties, having been one of the first citizens in Coos county to advocate such a move.

I believe that all local questions, such as the establishment of county boundaries, etc., should be left to be settled by vote of the parties in the localities interested.

I favor and will work for the creation of a separate prosecuting attorney district for Coos and Curry counties, for which the people have already asked.

I believe and will work for the adoption of an Industrial Compensation Act, whereby each industry will promptly and automatically compensate all persons injured by its operations, without recourse to the courts.

I believe in legislation relieving the sheriff's office of the collection of taxes, placing it in the hands of a special officer, also a uniform system of collecting, auditing and handling same in every county throughout the state.

I believe in a reasonable exemption of household and personal effects from taxation, to a valuation of \$500.00.

If elected, I will work for the abolishment of the office of County School Supervisor, as I consider it a useless expenditure of public money.

If elected, I will use my best efforts for the passage of the so-

called Blue Sky Law, prohibiting the operation of fake corporations in this state.

If elected, I will refuse to represent any faction and will always aid any resident of the district in any meritorious legislation.

#### PROGRESSIVE CLUB RESOLUTIONS BRING REJOINDERS FROM EX-TREASURER AND A MEMBER OF THE FINANCE COMMITTEE.

The following communications received by The Times are self explanatory and published just as received, without comment:

Editor Times:

I noticed in your issue of yesterday what purported to be a set of whereases and resolutions of the Marshfield Progressive Club, directed toward the former treasurer of the Club. I was present at the meeting, accepting the resignation of our treasurer, offered by him in an honorable manner after he found that his political ideas and those of the Club did not agree. No such whereases or resolutions were ever offered or adopted by the club, there were but five members present at the meeting, and those whereases and resolutions were prepared without the authority of the Club, by two or three persons who seem to have personal grievances against the former treasurer.

I am a firm believer in Theodore Roosevelt, and the principles for which he stands, but not for incompetence and unfairness. I admire the person who when he finds he cannot subscribe to the doctrine of any political party, to candidly say so, as our former treasurer has done.

Here's to the success of Teddy and a square deal.

M. S. CROSSEN,  
Member Finance Committee.  
Resolutions of Condolence.

Editor Times:

My attention is called to certain repudiated resolutions appearing in your columns yesterday. I have not read them as yet, but from what I am told, if the framers thereof should meet with a real bereavement, it would make them sad, indeed. I have no comment to offer.

**Have Good House.**—With a house filled to its utmost capacity last evening the Gormand-Ford company made its second appearance before the Marshfield public at the Royal Theatre.
