LATE BULLETIN. (By Associated Press.) CHICAGO, Oct. 16.—Physicians' bulletin this afternoon reported Roosevelt breathing easier; condition excellent.

By Associated Press to The Coos Bay Times. CHICAGO, Oct. 16.—Not until Friday will it be definitely known whether Roosevelt is in serious danger from the wound inflicted by John Schrank with the bullet at Milwaukee yesterday night. This information was passed from the surgeons in attendance on Colonel Roosevelt today. It was said that all conditions are favorable to the distinguished patient's recovery so far as indications have developed thus far, but that it is impossible to determine whether blood poisoning would follow. The fourth of Roosevelt's right side was fractured by the bullet. This became known today after the members of the family had visited him. It was learned that an X-ray photo taken in Milwaukee failed to reveal the location of the bullet. A more complete examination of the plates was made this afternoon. The fracture, it was explained, had caused the patient pains when breathing, notably noted by the surgeons.

## BOARD MINUTE BOOK IS STOLEN

Important Official Document Taken from County Superintendent's Office.

The official minute book of the Coos County Educational board was stolen from the office of Superintendent Bunch in Coquille some time since. The matter has been kept quiet for the purpose of ferreting out the thief and possibly recovering the book.

The book contains an official record of all the proceedings of the educational board and is important as a source of these proceedings were a much discussed feature during the primary political campaign last spring.

As nothing else was disturbed in the office at the time it is thought the motive in stealing the book was a political one.

Superintendent Bunch has consulted Prosecuting Attorney Liljeqvist, who has informed him that by having the secretaries of the different meetings prepare duplicate reports, the legal requirements will be fulfilled. Supt. Bunch is having this done and a new record of the action of the board will soon be completed.

BOSTON, Oct. 16.—The Boston American League club won the world's championship of 1912 today, defeating the New York Nationals by a score of 3 to 2 in a 10-inning contest, before 20,000 people. Mathewson pitched a wonderful game until the final inning, when he weakened. The Red Sox were one run behind when they came to bat at the end of the tenth inning. A glaring muff by Snodgrass, the centerfielder, of Engle's long fly, put the batter on second. Engle was batting for Wood. After Rightfielder Hooper had fled out, Centerfielder Tris Speaker came through with a single and Engle rushed across the plate, tying the score. On the throw-in Speaker went to second, Secondbaseman Yerkes having gone to third on the play. Lewis was purposely passed so that a forced play could be made at the plate. When Thirdbaseman Gardner came to the plate the grand stands were a turmoil of excitement. Gardner caught an inshoot on the end of his bat and sent it to Devore in left field, whose throw to the plate was too wide to catch Yerkes as he went over the plate with the winning run.

The tug Roberts will tow the big scow back to the Yaquina where a 70 ton steam shovel will be loaded on and taken to the Umpqua. The contractors have their buildings up and with this preliminary work done are prepared to hurry work.

## Have Private Road.

Around the tunnel and at Reedsport where the explosives were unloaded about 150 men are at work. From Reedsport a private railroad tunnel extends to the tunnel site. A part of this road, about two miles, was formerly the logging road for the Gardner mill company and the contractors have laid an additional three miles. Stone roadbed for the main railroad has already been made.

## Saw the Work.

W. F. Harmon of this city recently received a letter from H. L. Coleman formerly of Marshfield, and in it Mr. Coleman stated that the work being done on the Eugene road is extremely promising and according to what he witnessed, there would be "things doing" here next spring. Mr. Coleman has taken pictures of the work being done on the road and is going to send them to Mr. Harmon for a window display.

The political candidate who "also ran" is unable to see wherein the world is growing the wiser.
