"Why Be a Progressive."

Emerson Hough is a "best seller" of the virtue, American out-of-door school. Before he broke into letters he had been a ranger in the Wild West, and had already done good public service by securing government protection for the buffalo herds of the Yellowstone Park. He was, in fact, in his late thirties when his first full book appeared. Since then he has been sending them forth at the rate of one a year, besides contributing widely to the magazines on public and scientific subjects. His novels, dealing mainly with the wild days of the West and far-gone pioneer times, are full of philosophy of the plain old Westerner who broke and tamed a continent; and his understanding of the rough man and his problems gives additional interest to this straight, interesting statement of his attitude toward this political campaign and its problems.

By Emerson Hough.

"Why fool with this new party?" asked an acquaintance, "what can you get out of it? It has no chance to win."

You can make no answer to that sort of comment from that sort of man. If you told him the truth, he could not understand it. If you made him the simplest of all explanations, he could not believe it. He cannot comprehend that a party can do anybody great good without affording somebody great graft. If Ephraim be wedded to his idols let the union of the two endure. The world moves on just the same.

The final argument for this new party lies in that fact—that the world does move.

One of the assertions of the stand-pat man of either of the old parties is, that this third party is Roosevelt, and Roosevelt alone. Of course that assertion is not true, because the world has progressed before Roosevelt was born and will do so after he is dead.

With or Without Roosevelt.

If Theodore Roosevelt fell dead tomorrow, he could go happy, knowing that the world moves, with or without Theodore Roosevelt. It makes no great difference whether Bacon or Shakespeare

J. O. STEMLER ANNOUNCES HIS PLATFORM

I believe in direct presidential primaries.

I believe in the direct vote for United States senators, and until this can be obtained, in Statement No. 1.

If elected I will live up to and enforce all laws, including the Oregon System.

I believe in a revision of the judicial system with a view of simplifying, expediting and cheapening justice.

I believe in and will work for state aid for permanent county roads scientifically built under sound business management.

I will work for such legislation as will open Rogue river to commercial fishing to residents of Curry county.

If elected I will work for the establishment of an experimental agricultural station for Coos and Curry counties, having been one of the first citizens in Coos county to advocate such a move.

I believe that all local questions, such as the establishment of county boundaries, etc., should be left to be settled by vote of the parties in the localities interested.

I favor and will work for the creation of a separate prosecuting attorney district for Coos and Curry counties, for which the people have already asked.

I believe and will work for the adoption of an Industrial Compensation Act, whereby each industry will promptly and automatically compensate all persons injured by its operations, without recourse to the Courts.

I believe in legislation relieving the sheriff's office of the collection of taxes, placing it in the hands of a special officer, also a uniform system of collecting, auditing and handling same in every county throughout the state.

I believe in a reasonable exemption of household and personal effects from taxation, to a valuation of \$500.00.

If elected, I will work for the abolishment of the office of County School Supervisor, as I consider it a useless expenditure of public money.

If elected, I will use my best efforts for the passage of the so-called Blue Sky Law, prohibiting the operation of fake corporations in this state.

If elected, I will refuse to represent any faction and will always aid any resident of the district in any meritorious legislation.
