

Place Yourself Among The Leaders

The leaders in any community are the men who own real estate. The real estate owner is invariably one of the most progressive and up-to-date citizens. He has the interest of the city at heart; is a booster and a live wire. He is looked up to as a man of standing and importance in his city.

Step into the ranks of the property owners. In as large a way or as small a way as you must.

Invest as they have and are doing in Marshfield real estate. Take advantage of the wonderful opportunities this city offers you.

During the next five years every piece of property will advance in value—some will double many times over and fortunes will be made by the men with the foresight.

Buy now; never again will you have a like opportunity.

Place a part of your money in First Addition to Marshfield where you can secure the highest values for the lowest prices. 50x120 foot lots on improved street at only \$300 each. Buy on terms that will suit your income.

An investment in First Addition means an investment in the best section of the "South Side." The section where the new homes are being built, the direction the city is growing and the location where the men with the excellent judgment are placing their money.

Call at our office for a plat and walk out to First Addition where the new homes are being built and streets being improved.

Regulated Heat Makes Perfect Cooking

—The old way of cooking was "by guess and by gosh." Hungry households sometimes were disappointed.

—The new way leaves nothing to chance or accident. Oven temperatures can be absolutely depended upon. Printed instructions make good cooking certain, even for the beginner.

—And in this case the best way also is the easiest way.

—Turning a valve on and off with a single motion of the hand is all the physical labor involved.

—On the modern gas range you can cook delicious meals in half the time and with one-tenth the work that mother used to find necessary.

—We have ranges in different sizes and styles to suit different needs.

—We do the piping—easy terms if you desire.

GOOD EVENING.

Far hath he gone whose foot treads down one fond offense.—Sir Edwin Arnold.

Mrs. I. C. Hastler, Grand Island, Neb., has something she wishes to say about Foley's Honey and Tar Compound. "My three children had a very severe attack of whooping cough and suffered greatly. A friend recommended Foley's Honey and Tar Compound, and it did them more good than anything I gave them. I am glad to recommend it." For sale by Lockhart-Parsons Drug Co., the Busy Corner.

J. O. STEMLER ANNOUNCES HIS PLATFORM

I believe in direct presidential primaries.

I believe in the direct vote for United States senators, and until this can be obtained, in Statement No. 1.

If elected I will live up to and enforce all laws, including the Oregon System.

I believe in a revision of the judicial system with a view of simplifying, expediting and cheapening justice.

I believe in and will work for state aid for permanent county roads scientifically built under sound business management.

I will work for such legislation as will open Rogue river to commercial fishing to residents of Curry county.

If elected I will work for the establishment of an experimental agricultural station for Coos and Curry counties, having been one of the first citizens in Coos county to advocate such a move.

I believe that all local questions, such as the establishment of county boundaries, etc., should be left to be settled by vote of the parties in the localities interested.

I favor and will work for the creation of a separate prosecuting attorney district for Coos and Curry counties, for which the people have already asked.

I believe and will work for the adoption of an Industrial Compensation Act, whereby each industry will promptly and automatically compensate all persons injured by its operations, without recourse to the Courts.

I believe in legislation relieving the sheriff's office of the collection of taxes, placing it in the hands of a special officer, also a uniform system of collecting, auditing and handling same in every county throughout the state.

I believe in a reasonable exemption of household and personal effects from taxation, to a valuation of \$500.00.

If elected, I will work for the abolishment of the office of County School Supervisor, as I consider it a useless expenditure of public money.

If elected, I will use my best efforts for the passage of the so-called Blue Sky Law, prohibiting the operation of fake corporations in this state.

If elected, I will refuse to represent any faction and will always aid any resident of the district in any meritorious legislation.

WATCH COUNTY ROAD.

Lane County Officers Will See Railroads Do Not Confiscate.

The Eugene Register says: "The county court, J. L. Lambirth, Ethan Collier and representatives of the engineering force of the Willamette Pacific went to the Siuslaw country yesterday to look over the roads there and to see that the county roads down that way are not taken for railroad purposes unless roads just as good are made to replace them."

CIVIC DUTIES VS. THE POLITICAL GAME.

Ida M. Tarbell says one of her chief objections to woman suffrage is that "it will take the attention of women from what I believe to be their real civic duties by interesting them in the political game, when they should be concentrating their attention on specific civic work."

All right-minded women want this work done, but they differ as to the method. The suffragist thinks the ballot the panacea for all ills of society. The anti-suffragist believes that the constant and effective influence now exerted by women on legislation and public affairs, is due to the character and intelligence of the women who advocate good causes. A woman now interested in a matter of public welfare is known to be unselfish, and with only the interest of her cause at heart. The same woman under woman suffrage is only one of many political units, with ignorant and indifferent women voters added to the other elements arrayed against her success.

A few women today are idealizing the ballot, while what will really solve juvenile delinquency, intemperance, the white slave traffic, and the social evil, is education and more education in the homes, and from the earliest hour of childhood, and therein lies the civic duty of women, bigger than the casting of any ballot and absorbing enough to occupy all the women of Oregon for all time.

It is to keep the women of this state out of the "political game" and leave them free for this greatest of all their duties, that we ask you to vote against the woman suffrage at the coming election.
