FEDERALS DEMAND OF DIAZ SURRENDER OF VERA CRUZ

Rebels Answer That They Will Make Forcible Defense of City.

BIG ENGAGEMENT IS EXPECTED SOON

Twenty-Four Hours Allowed Foreigners and Non-Combatants to Leave.

(By Associated Press to The Coos Bay Times.)
VERA CRUZ, Oct. 22.—The demand for the surrender of Vera Cruz was sent yesterday by General Beltrán, commander of the federal troops. A letter was brought to the rebel lines by Captain Limón, couching to the most polite terms and concluding with an intimation that if the rebels did not surrender, duty would oblige the federal commander to use force. General Díaz replying said he was sorry the situation would compel him to offer forcible defense. Díaz asked for time for the evacuation of the city by foreigners and non-combatants. General Díaz informed the foreign consuls of the conditions and the federal commander sent notice that he would attack the city within forty-eight hours. All preliminaries seem to indicate the rapid approach of an engagement.

Suspect Many Officials.

MEXICO CITY, Oct. 22.—The rebel movement under General Díaz is generally regarded as dwindling in strength as there has been no general concentration as was expected in many quarters at the start of the rebellion, although there are strong suspicions that many of the government officers and employes including army men, are simply waiting the word of events to espouse the winning side.

Must Be Protected.

(By Associated Press to The Coos Bay Times.)
WASHINGTON, D. C., Oct. 22.—Representations have been made at Mexico City that American property at Vera Cruz must be safeguarded. The Naderio government has assured the United States it will be.

STOPS RACES.

Governor Marshal of Indiana Orders Out Troops.

(By Associated Press to The Coos Bay Times.)
PORTER, Ind., Oct. 22.—Two companies of the Indiana soldiers took possession of Mineral Springs race track this afternoon under orders from Governor Marshall to stop gambling and prevented the races from being run.

TELLS AWFUL STORY.

Mrs. Winnie Brown at Colfax Testifies in Court.

(By Associated Press to The Coos Bay Times.)
COLFAX, Wash., Oct. 22.—Mrs. Winnie Brown, on trial with her husband, George Wesley Brown, for killing her father, today told on the witness stand a terrible story which she alleged led up to the killing. She declared she had been wronged by her father and that he aided other men to mistreat her. She told calmly of the shooting of her father and described how she fired the shot into his body after he had fallen from the rails of bullets from the revolver held by her husband.

Brown also took the stand and told how he and his wife, who wore men's clothing, had walked nearly 75 miles from Culebrasac, Idaho, to Colfax to find the father after his wife had told him the story of her wrongs.

MISS TIMMONS BRIDE TODAY

Daughter of Late Coquille Canneryman Weds Astoria Man at Bandon.

BANDON, Oct. 22.—Miss Ethel Timmons and John Gambel of Astoria were married here this morning, the ceremony taking place at the Episcopal church. Archdeacon Herdall officiating. It was largely attended and one of the most elaborate weddings ever held here. The bride is the daughter of the late Mr. Timmons, a wealthy and prominent canneryman of Coquille and Astoria. The groom is a prominent young business man of Astoria. The young couple will reside in Astoria.

MOOSE NOTICE.

There will be a regular meeting tonight of Coos Bay Lodge L. O. O. M. at Odd Fellows Hall. Initiation and refreshments. Every brother requested to be present. By order of SECRETARY.

CLAIMS SHE SHOT JOHNSON

Search of Pugilist's Cafe Brings Out New Story of His Action.

(By Associated Press to The Coos Bay Times.)
CHICAGO, Oct. 22.—A search of Johnson's cafe today by Deputy United States marshals was made and a colored woman employed in the place as an entertainer said she shot the pugilist in the foot several days ago. The shooting is said to have followed a quarrel and the pugilist is said to have pledged everyone in the place to secrecy. Johnson denies the report.

Begs Girl to Tell.

The Federal grand jury began today its investigation of the charges against Jack Johnson, the negro champion pugilist, alleged to have violated the Mann law in his relations with Lucile Cameron, the 19-year-old white girl. The girl's mother and Lucile were among the witnesses. The girl's mother again pleaded with her daughter to give up the negro champion and also tell the jury all she could regarding her relations with the negro.

"Please, my dear, brace up and tell all you know," she begged her daughter. "There is still a chance for you if you will but give up the negro."

Jack Curley, fight promoter, was on hand to testify.

Mayor Harrison today ordered the chief of police to have stopped immediately all music and other forms of entertainment in Johnson's cafe on the south side. In connection with Johnson the authorities are investigating the report of the existence of a clearing house in Chicago for procuring white girls for well-to-do negroes. It has been said that the organization is conducted by a white woman with headquarters in a Michigan Avenue "club". F. E. Danielson, a white saloonkeeper, in whose home Johnson and the Cameron girl are said to have lived for two weeks, and "Hank" Kenney, one of the negro's former training and sparring managers, were also witnesses at the investigation today.

MAYOR STRAW AFTER SALOONS

Wants to Revoke Some Licenses—Says Conditions Are Getting Intolerable.

Mayor Straw in a lengthy talk to the Marshfield city council last evening recommended that stringent steps be taken to compel the saloons to comply with the state and city laws. He urged that the licenses of three or four of the saloons be revoked in case they continue to flagrantly violate all regulations. He said that he was opposed to any parleying with the saloons, because he had warned them two or three times recently and had Marshal Carter request but they had failed to do so. He said that the condition was getting serious and had to be dealt with immediately. He was opposed to mediating about arresting saloon proprietors and bartenders and fining them. He said the only thing to do was to revoke the license of any saloon man whose place was not conducted according to law.

After his talk, the councilmen agreed with him and declared they would stand behind the mayor in enforcing the law. They expressed a willingness to revoke the licenses of places which would not comply with the regulations. Mayor Straw said he would keep tabs on the saloons and personally file charges with the council against the violators.

In his talk to the council, Mayor Straw depicted conditions here to be growing very bad. He said that drunken bartenders, the selling of liquor to men who were intoxicated, the permitting of fights and the permitting of loggers to squander their money and create a rough house endangering lives and property, was something that should not be tolerated. He said that a trouble Saturday night in Cole street man's place on North Front street was but an illustration of it. Ed Blain having his shoulder broken.

Oregon Eastern Railroad company filed articles of incorporation with the Secretary of State today. The principal office of the company will be at Bandon and it will build a railroad from that place through the counties of Coos, Curry and Josephine to Eagle Point and also branch lines from Bandon to a point near Marshfield and to Port Orford.

MOTHER JAILED; CHILDREN BURN

Sad Ending of Family of Mrs. Mattson in Minnesota City.

(By Associated Press to The Coos Bay Times.)
BUHL, Minn., Oct. 22.—Police-men taking Mrs. Nicholas Mattson to jail on a charge of drunkenness yesterday, stopped at a school for the 15-year-old son to go home and care for the other two children. The boy finding the house cold and the children crying, lighted a big grate fire and went out to procure something to eat. Upon returning he found the house burned to the ground and the two young children burned to death.

TRANSPORT NOW SAFE IN PORT

The Prairie Could Not Sooner Report Because of Cable Being Cut.

(By Associated Press to The Coos Bay Times.)
WASHINGTON, Oct. 22.—The naval transport Prairie, not heard from since October 2 and for whose safety fear is entertained, arrived safely at San Domingo City last night. It had not been reported because of the cut cables at San Domingo.

NO PRIMARIES IN MARSHFIELD

Special Nominating Election Dispensed With—Council Meets.

In consequence of the failure of any candidate to file for the primary election in Marshfield, called for November 5, the day of the national election, to nominate party candidates for city offices, the council last evening decided that it would not be necessary to hold the election. Consequently, it will be dispensed with.

There was some question about the necessity of holding it. Some thought the failure to hold the primary might invalidate the regular city election. They held that voters at the primary had the right to write in such names of any candidate they wished in addition to voting on the regular candidates. Consequently, although the primary might start with a blank ballot, the voters would write in the names of men they wished nominated.

However, City Attorney Goss took the view that as long as no one had filed his candidacy for the primary, there would be no one to remonstrate because the primary was not held. In consequence of this and the fact that candidates have the right to go on the ballot for the regular municipal election by petition, he thought it would be perfectly proper to dispense with the primary and thus avoid the expense attendant to holding it.

Thus, there will be no primary or caucus to nominate candidates for aldermen or city recorder.

The council last evening adopted an ordinance fixing the ward lines, dividing the city into three precincts, the same as the precincts for the county and state election. It also provided for the registration of voters by the city recorder and the appointment of election officials. Action on the selection of the election officials was deferred until later.

THOUGHT BURIED BUT IS ALIVE

Seattle Man Turns Up When It Is Believed He Is In Grave.

(By Associated Press to The Coos Bay Times.)
SEATTLE, Wash., Oct. 22.—Chas. Anderson, 40 years old, returned home here yesterday alive and well three weeks after a man believed to be Anderson and so identified by his wife, was buried. Anderson's double had been drowned.

Anderson left his wife six weeks ago and knew of the mistaken identity of the drowned man, but did not let his wife know about it until yesterday.

STREET WORK IS TAKEN UP

City Council Plans Number of Important Improvements; Difficult Projects.

Several new street improvement projects were launched last evening by the Marshfield city council. They were as follows:

Opening Eleventh street to the top of the hill.

Improving Fourth street south from Elrod to the race track.

Improve Fourteenth street north from Central to Perham Park.

Put in new elevated plank street on Hall avenue from depot to Fourth street.

Repairing of holes in old bituminous paving was authorized.

The opening of South Eleventh street is a big problem. City Engineer Gidley has been working on it for some time and had prepared a profile showing the best grade he could secure and one the council proposes to adopt. Mr. Gidley said that he would like to secure suggestions on plans for reducing the cuts and fills and the damage it will do to much of the abutting property.

In the first place, a jog in the street at its present terminus will have to be eliminated by securing right of way over lots in the gulch owned by H. A. Wells, M. D. Poyntz and Mr. Masters. Then over the gulch a bridge 55 feet high at the highest point will have to be constructed. J. O. Langworthy's home will be 30 feet below the street level. F. E. Allen's home will be 13 feet below the street and Supt. F. A. Tiedgen's new home will be 15 feet above street level. In the rear of Alva Doll's place, a cut of 12 feet will be made. Mr. Gidley tried to carry the street on over the hill and down the other side to the city limits but found that even by making a 14 per cent grade, the street would be sixty feet above the gulch near that terminus.

F. E. Allen stated that when he built P. A. Sandburg informed him that he would be on a level with the street when it was put through. J. O. Langworthy had informed Mr. Gidley that he thought the grade should be made to conform with the location of the homes of the greatest number which would reduce the fill in front of his place.

Mayor Straw suggested that the property owners beyond the top of the hill get Aviator Christofferson to help them out.

Finally the council declared its intention to establish the grade suggested by Mr. Gidley and the property owners will be expected to appear and discuss the matter.

Mr. Gidley suggested that Tenth street be opened on through as it would furnish a better grade than Eleventh street and he also suggested a continuation of Hall avenue from west of the High school to the city limits.

Eleventh street is 80 feet wide and it may be that a split street on two different grades can be put through.

Mr. Gidley presented a profile for opening Fourteenth street north from Central. To Commercial, it is practically level and from there

ARMIES OF BALKAN STATES CROSSING TURKISH FRONTIER

BECKER NOT ON THE STAND

New York Police Lieutenant Does Not Testify in Own Behalf.

(By Associated Press to The Coos Bay Times.)
NEW YORK, Oct. 22.—John H. Hart, Becker's lawyer, announced the defense would rest its case today in Becker's trial, as the alleged instigator of the murder of Gambler Herman Rosenthal. Becker did not take the stand in his own defense. Justice Goff declined to let the defense rest and reopened the case without motion from counsel in order to take further testimony along the line of the alleged conspiracy against Becker by Rose, Webber, Vallon and Schepps. Jack Sullivan was called by the court.

Against Witnesses.

Before announcing its close the defense produced the record of the Kings county court showing that Morris Luban was convicted of perjury in 1911 and sentenced to seven years. Luban testified for the state. He was an eye-witness to the Rosenthal murder, and he swore that he was never convicted of crime. Assistant District Attorney Moss told the court that Luban had appealed from the verdict and was now out on bail. Several other witnesses for the defense gave testimony apparently controverting the testimony for the state. Several witnesses testified to Becker's good character. The session had been taken up mainly by testimony introduced to sustain the contention of the defense that the informers, Rose, Webber, Vallon and Schepps, had "framed up on Becker" to save themselves, and then McIntyre for Becker announced that his was closed.

In Judge's Hands.

Justice Goff took matters in his own hands. "There were certain questions put by the defense to this witness (Jack Sullivan) which I excluded. I now permit you to put these questions," he said to McIntyre. The latter declined to put them, whereupon the justice directed the district attorney to ask the questions. McIntyre protested vigorously but was disregarded.

Sullivan, whose name is Jacob Reich, testified to certain alleged conversations with Rose, Vallon and Webber, in which they endeavored to get him, he stated, to back them up in their story of the conspiracy. Sullivan said he took no part in the assassination of Rosenthal, nor in the alleged conspiracy of Rose, Webber, Vallon and Schepps to assassinate the gambler.

Becker's counsel made the usual motions for dismissal of the indictment and that the jury should be instructed to acquit the defendant. "All motions denied," Justice Goff replied. To McIntyre's request for adjournment, the judge replied that he would grant it on the condition that both counsels complete the summing up tomorrow. McIntyre said he was willing to spare down his time to four hours. The district attorney will have the same time. Justice Goff will charge the jury Thursday morning.

SERVIANS HAVING THE HARDEST FIGHT

Must Contend With Fierce Tribesmen as Well as Turkish Regulars.

(By Associated Press to The Coos Bay Times.)
LONDON, Oct. 22.—The armies of Servia, Bulgaria and Greece continued today to clear their way to their main objective points. At the Turkish fortress of Uskul, Adrianople and Servia, last of these towns on Grecian frontier, the Greek armies have crossed the Turkish frontier at two points and important events are soon expected. The Servians are probably having the hardest fighting at the present moment, contending not only against Turkish regulars but also the Arnauts, fierce Albanian tribesmen. One of their armies is advancing as far as the town of Kuanovva, the principal town between the Servian frontier and Uskup.

Greeks Have Landed.

The Greek troops landed today at Katarina on Turkish territory on the Gulf of Saloniki and about seventy miles from the fortress, according to a news agency dispatch from Constantinople.

DEPARTMENT WATCHES.

(By Associated Press to The Coos Bay Times.)
WASHINGTON, Oct. 22.—The Department of Justice is keeping its close touch with developments in the case of Jack Johnson, accused in Chicago of abducting Lucile Cameron, a white girl. Reports to the department, it is said, show no evidence of probable violations of the white slave law, but indicate that the question is entirely a state affair.

NO WITNESSES.

(By Associated Press to The Coos Bay Times.)
WASHINGTON, Oct. 22.—No witnesses were examined today in the senate committee's investigation of campaign contributions. The members met in executive session and announced that a number of witnesses would be subpoenaed for tomorrow.

STABS WOMAN.

Man Then Kills Himself in a St. Louis Cafe.

(By Associated Press to The Coos Bay Times.)
ST. LOUIS, Oct. 22.—Mrs. Anna O'Donnell was stabbed to death by Leonardo Morreale in a crowded cafe last night. Morreale plunged the knife into his own heart and fell dead. Jealousy is the cause, Mrs. O'Donnell's husband is said to be in San Diego.

ROOSEVELT HOME.

Reaches Oyster Bay in Safety but Must Rest.

(By Associated Press to The Coos Bay Times.)
OYSTER BAY, Oct. 22.—A week's absolute quiet will put Roosevelt in the best of condition, said his physicians today. If he follows the strict regime expected he will be able to take up the campaign in its closing days. The Colonel reached Sagamore Hill today and walked unassisted up stairs and went to bed and expected to remain there the rest of the day. When an auto carrying the Colonel reached the house he stepped out, declining assistance. "It's mighty good to be home again," he said.

While a week's period of absolute quiet will be needed, it was explained that for a considerably longer time Roosevelt must avoid his work and that it will be impossible for him to attempt to make any speeches. Several weeks will be required to complete the healing of the wound and knitting of the fractured rib.

LONDON, Oct. 22.—Robert Barr, the Scottish novelist and educator, died this morning of heart failure at his residence at Woldingham, Surrey.

MAY RUN INTO THIS PORT.

New Steamer Speedwell Possibly May Be on Coos Bay Run.

The new Estabrook steamer Speedwell, which was built at the Kruse & Banks shipyard in North Bend, it is understood, may be put on the run between Coos Bay and San Francisco. No authoritative statement has been given out, but it is understood that the vessel may run out of here instead of Bandon, or possibly make both of these ports. She is a fine steamer with first-class accommodations. Captain Burns, well known here, is to be the master. He has been in this city on business connected with the Speedwell, and will return to San Francisco on the Redondo.
