POOR MEXICO.

THE Mexicans must be a very unhappy people. They have tried every sort of man in their presidency; they have used all manner of policies; they have fought and died and bled continuously for months; and there are still five separate and distinct candidates for the chief magistracy there. They have, in their desperation, sent to Paris for their dictator, Diaz, to come over and untangle the snarls of the hour; and it may be said with all safety, that if he comes there will be an end to revolution, and the result will be that the man so hated and dreaded by the poor of Mexico will again dandle them in the hollow of his hand for such few years as remain to him; and after Diaz, the deluge!

AMONG THE SICK.

Mrs. F. E. Lee, daughter of Mr. and Mrs. Chris Peterson, underwent an operation at Mercy hospital yesterday and is reported doing nicely.

Ed Blain who was injured in a saloon row the other night, underwent an operation at Mercy hospital today to have his shoulder wired, it having been dislocated.

Lyman and Grace, the little children of Mr. and Mrs. R. A. Chapin of Bunker Hill, who have been ill of typhoid fever, are reported to be doing nicely.

Mrs. J. W. Hildenbrand who recently underwent an operation at Mercy hospital will probably be taken home Saturday.

H. C. Diers of North Bend expects to enter Mercy hospital soon to undergo an operation for injuries sustained in the auto accident in Marshfield with J. A. Allen a few months ago.

Miss Maude Reed, who resides with Mr. and Mrs. F. E. Hague, sustained a severe injury to her eye yesterday, a hot curling iron slipping and burning the optic. The full extent of the injury will not be known for a few days.

MAN TO MAN.

Many people of this district are acquainted with my record as Prosecuting Attorney, and will judge for themselves as to whether I have given good service. As public prosecutor, I have done my best to uphold the law. Crime is crime, and I have spared no honorable effort to bring the guilty to justice. No man can fill the office of Prosecuting Attorney and do his duty without making enemies. I have made mine; some of them are influential.

To the voters I would say, don't accept the statements of enemies or those who want me out of office because I have prosecuted their friends. The purpose of the law is to establish justice, and it has been committed to the Courts to be administered for the protection of society and the punishment of criminals.

GEORGE M. BROWN.

J. O. STEMMLER ANNOUNCES HIS PLATFORM

I believe in direct presidential primaries.

I believe in the direct vote for United States senators, and until this can be obtained, in Statement No. 1.

If elected I will live up to and enforce all laws, including the Oregon System.

I believe in a revision of the judicial system with a view of simplifying, expediting and cheapening justice.

I believe in and will work for state aid for permanent county roads scientifically built under sound business management.

I will work for such legislation as will open Rogue river to commercial fishing to residents of Curry county.

If elected I will work for the establishment of an experimental agricultural station for Coos and Curry counties, having been one of the first citizens in Coos county to advocate such a move.

I believe that all local questions, such as the establishment of county boundaries, etc., should be left to be settled by vote of the parties in the localities interested.

I favor and will work for the creation of a separate prosecuting attorney district for Coos and Curry counties, for which the people have already asked.

I believe and will work for the adoption of an Industrial Compensation Act, whereby each industry will promptly and automatically compensate all persons injured by its operations, without recourse to the Courts.

I believe in legislation relieving the sheriff's office of the collection of taxes, placing it in the hands of a special officer, also a uniform system of collecting, auditing and handling same in every county throughout the state.

I believe in a reasonable exemption of household and personal effects from taxation, to a valuation of \$500.00.

If elected, I will work for the abolishment of the office of County School Supervisor, as I consider it a useless expenditure of public money.

If elected, I will use my best efforts for the passage of the so-called Blue Sky Law, prohibiting the operation of fake corporations in this state.

If elected, I will refuse to represent any faction and will always aid any resident of the district in any meritorious legislation.

J. O. STEMMLER.

ALONG THE WATERFRONT

The Redondo will leave for San Francisco tomorrow morning at 9 o'clock.

A Monday Portland paper says: "The gasoline schooner Anvil will probably sail tomorrow from Couch street dock for Coquille and other coast ports. She has been on the Oregon drydock for a general overhauling."

It is announced that Capt. Will Magee of the Redondo will shortly be transferred to the Nann Smith to succeed Capt. B. W. Olson who will be master of the new C. A. Smith lumber carrier, the Adeline Smith. First Mate Erickson of the Nann Smith who has been temporarily in charge of her since Capt. Olson went east for the new vessel will succeed Capt. Magee on the Redondo, the change being a general promotion for the three men.

THE FIRST GRAY HAIR SIGN OF AGE

Easy Way to Preserve Natural Color of the Hair and Make it Grow.

A harmless remedy, made from common garden sage, quickly restores gray hair to natural color. The care of the hair, to prevent it from losing its color and lustre, is just as important as to care for teeth to keep them from decoloring. Why spend money for cosmetics and creams to improve the complexion, and yet neglect your hair, when gray hair is even more conspicuous and suggestive of age than wrinkles or a poor complexion? Of the two, it is easier to preserve the natural color and beauty of the hair than it is to have a good complexion.

All that is necessary is the occasional use of Wyeth's Sage and Sulphur Hair Remedy, a preparation of common garden Sage and Sulphur, combined with other valuable remedies for dry, harsh, faded hair, dandruff, itching scalp and falling hair. After a few applications of this simple, harmless remedy, your hair will gradually be restored to its natural color, in a short time the dandruff will be removed, and your hair will no longer come out but will start to grow as nature intended it should.

Don't neglect your hair, for it goes further than anything else to make or mar your good looks. You can buy this remedy at any drug store for fifty cents a bottle, and your druggist will give your money back if you are not satisfied after using. Purchase a bottle today. You will never regret it when you realize the difference it will make in your appearance.

Lowest Price---Greatest Value

Buy where you secure the greatest value for the least amount of money.

In buying real estate judge the value by the location of the property, its accessibility and improvements; the future growth of the city and the prices of other property in the vicinity.

Buy in First Addition where you obtain every advantage. It's located right—on the "South Side," the direction the city is growing and where 90 per cent of the new homes are being erected.

Just a short distance south of the High School along the Boulevard extension of South Fifth street, where the homes you admire are located.

Beautiful lots, each 50x120, level and slightly, facing on improved street, at only \$300. Some day you'll want your home there. Buy now while the prices are right and you can get a selection of the choicest.

During the past few months several new homes have been erected, others are planned for early in the spring. Streets have been graded and lots improved and early in the spring more streets will be opened.

As an investment a lot in First Addition is better than a savings account. Call at our office for a plat and full information.

Regulated Heat Makes Perfect Cooking

—The old way of cooking was "by guess and by gosh." Hungry households sometimes were disappointed.

—The new way leaves nothing to chance or accident. Oven temperatures can be absolutely depended upon. Printed instructions make good cooking certain, even for the beginner.

—And in this case the best way also is the easiest way.

—Turning a valve on and off with a single motion of the hand is all the physical labor involved.

—On the modern gas range you can cook delicious meals in half the time and with one-tenth the work that mother used to find necessary.

—We have ranges in different sizes and styles to suit different needs.

—We do the piping—easy terms if you desire.
