The lack of regular teachers in the subjects of music and drawing is being met this year by general supervision of these subjects by four regular teachers in the grades. In the Central school Miss Paimer directs the drawing and Miss Spooner the music. In the High school building, Mies Armsby is directing the music and Miss Mogford the drawing. The plan works out rather better in the Central school because the teachers in charge are primary teachers whose regular of oxygen in air; also oxygen was school work closes at 2:30 p. m., manufactured, thus giving time to give personal attention to the work in the several rooms. At the High school some personal direction is secured by interchange of teachers.

John Velbert, Foster, Cal., states: "I have suffered many years with kidney and bladder troubles and although I have paid hundreds of dollars to doctors and have taken all kinds of kidney medicines, I could never get any relief until I tried Foley Kidney Pills and they effected a complete cure." I have never been bothered with my old trouble since." For sale by Lockhart-Parsons Drug Co., the Busy Corner.
