Two good ones: At the left, a 3-button coat, two to button; soft roll front. At the right, the regular 3-button sack, good for any man, young or old.

YOUNG men don't always want extremes in style; there's a certain dignity in dress that marks the gentleman, whatever his age.

Good quality in materials, good fit, and ascertain distinction and air of good breeding; these are the important things in clothes for the man who dresses right.

Not Insane.—Chas. Jeriman, residing in North Marshfield, but recently employed at Beaver Hill was before Justice Penneck today on an insanity charge. Last night he frightened his wife and children

by brandishing a knife around and they called Marshall Carter, who took him into custody. Jeriman is a hard drinker and Justice Penneck thought he was suffering from delirium tremens instead of insanity, and continued his case. He imagined he saw dead men in the Beaver Hill mine and thought that men were secreted around his house trying to get him.

Vote in California.—Toke Coke has received word that his daughter, Miss Bessie Coke, who is attending the University of California, has qualified to vote in California under the equal suffrage laws and will cast her ballot next Tuesday.

Quick Returns.—“For goodness sake, take out that want ad that I put in yesterday,” remarked John Ellery to The Times this morning. Mr. Ellery advertised a furnished cottage for rent. The paper was issued about 5 o'clock and before 6 o'clock Mr. Ellery had eight applicants. That's because everybody reads The Times want ads.

Central Hotel Sold.—C. V. Clark and his mother have sold the Central Hotel to Peter Thurston of Eureka, and the family will return to their old home in Red Bluff, Cal. In a few days, where they own considerable property. Miss Hattie Wheeler will return with them to spend the winter. Mr. Thurston takes charge immediately after the departure of the former owners.

New Paper for Bandon.—W. Arthur Jones, representing the American Type Founders Co. of San Francisco, was in the city today. Mr. Jones came up from Bandon, where he reports having sold a complete new outfit to Butterfield & Weddell, who are about to establish in Bandon a new weekly paper to be called the Western World. Mr. Jones says that he expects to make the Coos Bay territory regularly hereafter.

Work at Gardiner.—E. L. Robinson, who is surveying a new county road along Schofield Creek, near Gardiner, writes that Johnson Porter of Porter Bros. was at Gardiner most of last week. They now have eight camps along the Siuslaw and are constantly increasing the force of men at work. A steam shovel is to be brought to Gardiner from Yaqula just as soon as the weather will permit. About 70 men are at work under Engineer Brown and the contractors near the Gardiner tunnel. The Gardiner mill is to get out the timber for the work and resumes operations this week after a brief shut-down. The Southern Pacific has three launches in the Umpqua now to transport small shipments.
