

ROYAL Baking Powder Absolutely Pure

There is a remarkable interest in Home Baking and Cooking throughout the land.

This is a most encouraging indication that the battle against impure, improper food is going to be won.

The credit for the victory will belong to the women of the country.

Home cooking has the backing of science and the approval of fashion. It adds to housekeeping a pride; to our food, healthfulness.

It is acknowledged by experts, and by the women who know, that the best cooking in the world to-day is with the aid of Royal Baking Powder.

IS A DREAM IN BROWN AND GOLD

Marshfield Refreshment Room That Is Like a Bit of the Metropolis.

Have you see Stafford's since it has been remodelled? If not, don't delay. It is one of the prettiest little places ever offered for rest and refreshment. A dream in brown and gold. A bit of San Francisco or Portland set down in the center of Marshfield.

The old balcony is gone. The room occupied formerly by the office and workroom has been transformed into a cosy "cubby corner" finished in weathered oak, with an English casement window, and a little box garden of poppies that give it an exquisite finishing touch. The office has been removed to the balcony, which has been partly screened with lattice work, covered with trailing grape vine, with leaves radiant with the autumn tints, and baskets of ferns add to the beauty of it all.

It is metropolitan and artistic in design and execution. In addition to its increased artistic appearance the seating capacity has been greatly enlarged.

A new menu of hot drinks and "chilly" day (no pun on "chill concern") intended dishes has been prepared. When down town shopping Coos Bay ladies will find it a delightful place to get a cup of tea or hot chocolate, with whipped cream. There are also for your choosing and to tempt a jaded appetite, tomato bouillon and cream of tomato, with salted wafers. Beef tea, chile con carne and enchiladas like they make in Mexico and Spain may also be found. This in addition to the always popular Stafford's ice cream and delicious confections, makes the new Stafford's a place worth while. Just drop in and see.

WE have been trying for years to get an alarm clock that didn't ring like a fire alarm or tick like a trip hammer and we've found it at last in Big Ben, the clock they have started to advertise in the big magazines.

We have placed one in our window.—Look at him when you walk by, or come in whenever you can and hear him ring you good morning.
