SPIRIT MEDIUM IS ARRESTED; CLAIM SEANCE WAS EXPOSED

A. Johnstone and Wife in City Recorder's Court This Morning.

R. TOWER TURNED FLASHLIGHT ON THEM Claim it Revealed Woman Instead of Spirits Talking Through Horn.

John A. Johnstone and wife were arrested this morning by Marshal Butler on the charge of violating the ordinance prohibiting charging and receiving fees for spiritualistic seances, etc. Their arrest followed a sensational seance at the home of Addison Cook on Central Avenue, near Fourth street, last night in which R. Tower turned on a pocket flashlight on the "spirit's horn." He and others testified that the end of the horn or megaphone was near Mrs. Johnstone's lips and that she was talking through the horn instead of the spirits. Mr. and Mrs. Johnstone strongly deny this.

The hearing started this morning in City Recorder Butler's court and will be taken today. Johnstone and wife were required to give \$10 each for their appearance Monday.

When the expose came, Capt. James A. O'Kelly was talking with the spirits. He was talking with the spirit of his dead son Charley, according to R. Tower's testimony. Mr. Tower said that Capt. O'Kelly was in the habit of a communication with Charley when he turned the flashlight on the "spirit's horn." Mr. Tower testified that when the light was turned on near Mrs. Johnstone's mouth, she was dazed by the light and did not move for an instant. Prof. Johnstone, however, acted quickly, and pushed the horn to the floor. It fell at the feet of Jay Tower who picked it over to Capt. O'Kelly with the remark, "There, O'Kelly, see the spirits."

The hearing before City Recorder Butler was conducted by Acting Attorney Kendall and was largely attended. Jay Tower, Chas. Stauff, I. R. Tower, Prof. Johnstone and Mrs. Johnstone were the witnesses this morning. Monday other witnesses will probably be called about the private seances which Prof. Johnstone is reported to have given.

This morning, Mr. Kendall sought to prove what they charged for the seances. However, Prof. and Mrs. Johnstone declared that they did not charge, that they "merely accepted the contributions or donations if it was agreeable."

However, for Wednesday night's seance, the contribution amounted to \$4. This Mr. Cook said he gave Mrs. Johnstone. In reference to the seance, Mr. Johnstone said "It was a cheap bunch."

At the seance at Cook's home, Prof. Johnstone said that there were quite a number present. He gave the names of O'Kelly, Howard, Dungan, Mrs. Brown, Mrs. Tenbrook, Mrs. Patterson, Mr. Holden and Chas. Granby among those present. He said that there were others and pointed out Jay Tower, Chas. Stauff, and M. Sweetman. Mr. Sweetman vigorously denied having attended them and Mr. Johnstone finally said he had been mistaken.

He said that he was fifty-eight years old and lived in Portland. He had come here last summer for a vacation. Now, he said, he and his wife were on route to San Diego and were in here via Roseburg two weeks ago for a short visit with friends, the Tottens and others. He said he did not come here to give seances, but he had given Capt. O'Kelly private seances in Portland.

WILSON TALKS TO NEWSPAPERS

Says They Are Helping Him in His Policy of Listening.

(By Associated Press to The Coos Bay Times.)
PRINCETON, N. J., Nov. 9.—"Very useful and important indeed. The newspapers certainly are helping me in my listening policy," commented Wilson on numerous editorial comments advocating the opposing of an extra session to revise the tariff. Attention of the president-elect was called to an argument in an editorial that inasmuch he had not received the majority of the popular vote, and that since both the Republican and Progressive parties favored the policy of protection, therefore, the country had voted against tariff revision. "That's queer reasoning," remarked Wilson. "They overlook the fact that many state legislatures went to the Democrats, which means Democratic senators, and likewise that there were a great number of Democratic congressmen elected."

M'MANIGAL IS TO TESTIFY

Brought From Los Angeles to Indianapolis to Appear as Witness.

(By Associated Press to The Coos Bay Times.)
INDIANAPOLIS, Ind., Nov. 9.—For the first time in public since his arrest 19 months ago, Orville McManigal related at the trial of the accused "bomb plotters" today his experience as a hired dynamiter. The confessed accomplice of McNamara brothers as a government witness directly accused Herbert S. Hockin, international secretary of the Association of Bridge and Structural Iron Workers, of inducing him to do dynamiting under pay of the union.

He said that Hockin threatened to boycott him from every job if he refused to accept the dynamiting commission.

Twice brought across the continent from Los Angeles, first to appear before the federal grand jury last winter, and now to testify before the very men whom he accused of having put him in the dynamite business, McManigal occupies a unique place in criminal annals. The chief facts are these: He was indicted in 1910 and now is a prisoner of California. He is "loaned" to the federal authorities here. He confessed to the Lewellyn Iron Works explosion in Los Angeles for complicity in which John J. McNamara, secretary of the Ironworkers Union, was sentenced to 15 years' imprisonment. He also confessed to personally causing 20 other explosions.

STORM HERE SEVERE ONE

Wires Were Broken Down and Roads Blocked by Fallen Trees.

With telegraph and telephone wires down and no mail, Marshfield started the day rather cut off from the world. However, the wire communication was established this afternoon and the mail came in. She storm which caused the trouble was a severe one. During the twenty-four hours ending this morning 1.69 inches of rain fell. Since Nov. 1 there has been 5.12 inches. There has fallen nearly 6 inches more rain so far this season than last year.

HOLD UP THE SHASTA LIMITED

Two Robbers Get Away With the Registered Mail—One Man Is Killed.

(By Associated Press to The Coos Bay Times.)
REDDING, Cal., Nov. 9.—A reward of one thousand dollars was today offered by the Southern Pacific for the capture of the bandits who held up the Shasta limited last night at Delta.

Two bandits escaped with a quantity of registered mail. The third who held the engineer and fireman covered with a revolver was shot dead by Thomas Sanford, a brakeman on the train, who ran to a neighboring saloon when he saw the train held up and borrowed a rifle and killed the robber where he stood on the cab. There is no trace of the two fugitives. The dead man is unidentified.

Fought in Death.
(By Associated Press to The Coos Bay Times.)
DELTA, Cal., Nov. 9.—Fuller details of the robbery today show Jim Yoakum, head brakeman on the train, did not shoot the man. Sanford, as first reported, shot the robber. His bullet bored the bandit through the neck. The mortally wounded bandit fired three shots from the cab at Yoakum, none of which took effect. The he stumbled headforemost to the ground where he lay in his death agony, and hatred gave him strength to fire twice more.

Although in pointblank range, Yoakum escaped untouched. He did not reply to the wounded man's fire. The dead man's first name is Frank. That much is known from the exclamations of the two companions in the mail car. In his pockets was found a flask of nitro glycerine, a box of giant caps and around his waist a belt of one hundred cartridges. If the bullet that killed him had struck the flask, resultant explosion would probably have killed the engineer and fireman and might have wrecked the engine. Sheriff Montgomery and posse are in pursuit of the fugitives.

KINNEY MATTER IN COURT NOW

George Witte Wants New Receiver for Properties—Attacks Mortgages.

The affairs of L. D. Kinney will again be brought into the courts by a suit in equity begun by George Witte of North Bend, who asks that the receivership of W. J. Rust be terminated and a new receiver appointed and the properties sold and the income to be used in settling the claims. Mr. Witte holds a judgment for about \$4500 and wants it paid.

His suit is brought against W. J. Rust as trustee, L. D. Kinney, the Best Line, the Rapid Transit, W. A. Davenport, C. W. Briggs, as trustee of one of the pools, Geo. M. Everett, Lavina Kinney, Anna G. Kinney, J. T. Hall as administrator of the Shahan estate, John K. Kollock, Geo. W. Kitchen and wife, etc. In the petition, the mortgages held by F. B. Waite are attacked.

Effort is being made to overturn the present receivership of W. J. Rust and have him make an accounting. Also to set aside the preferred claims that were agreed to in the Rust receivership. The case will probably come up for hearing at the next term of court.

WILL BE PROGRESSIVE.
Washington Senator Not to Be Counted as a Republican.
(By Associated Press to The Coos Bay Times.)
SPOKANE, Wash., Nov. 9.—That the Republican party cannot count on him as one of their senate members, whether that party has a majority in the senate or not, is the statement made today by Senator Miles Poindexter of Washington, hitherto numbered as a Republican senator. "I ran for congress and the senate as a Progressive Republican. I suppose now I shall leave off the last word. It is my intention to start in the next session of congress as a member of the Progressive party. I declined to caucus with Republicans when they were strong and I fail to see why I should do so when they are so weak they could carry only eight electoral votes."

JACK JOHNSON IS IN JAIL

Negro Prize Fighter Failed to Furnish Cash Bail of \$30,000.

(By Associated Press to The Coos Bay Times.)
CHICAGO, Nov. 9.—Jack Johnson's first light in the Cook county jail netted him six hours' sleep. A request that he be moved to a larger cell was denied. He was placed in jail yesterday after failure to furnish a cash bail of \$30,000 demanded after an indictment of alleged violation of the Mann act.

Caused Disorder.
Because Jack Johnson was indicted under the Mann law he was not placed in the negro section of cells. The white prisoners at the county jail today caused a disorder that only steel bars prevented from becoming a mutiny and forced the jailer to remove the pugilist from the white department.

Johnson was much annoyed by the epithets shouted at him by other members of his race when he was placed in the segregated section of cells.

Johnson was placed in the same cell with James Brown, a negro steamship cook, accused of stabbing a man to death. United States District Judge Carpenter refused to issue a habeas corpus writ sued for by Johnson's attorneys.

CONSTANTINOPLE IS SURE TO FALL

Turks Meeting With Defeat On Every Hand and Many Surrender.

(By Associated Press to The Coos Bay Times.)
LONDON, Nov. 9.—Though the end of the Balkan war is apparently in sight, even a greater conflict is threatened in Europe today by powers forming the triple alliance, made up of Germany, Austria-Hungary and Italy.

And those composing a triple entente, France, Great Britain and Russia, are divided into two distinct camps as to the policy to be followed when peace between Turkey and the Balkan allies has been brought about.

Absolutely ignoring the threat that Austria-Hungary will not tolerate the Servian occupation of Albania or of a port on the Adriatic sea, King ePier's armies continue their advance through the country they were practically forbidden to enter.
