

# CLOSE PLACES AT MIDNIGHT

### Pool Halls, Bowling Alleys, Cigar Stores, Etc., Must Keep Better Hours.

The Marshfield city council last night instructed City Attorney Goss to draft an ordinance requiring all billiard halls, cigar stores and bowling alleys, etc., to close at midnight.

The action was taken after Councilman Allen had related that numerous complaints had come in recently about the conduct of these places. He said that it was charged that gambling was permitted in some of them and that boys and others were not only kept late but also lost considerable money. He said that one married man had spent most of the day and night in one recently and lost all the money that should have gone to his wife and children.

Councilman Savage suggested that they were getting like the saloons had started to get recently.

The ordinance will be taken up at the next meeting of the council.

Marshal Carter today stated that the report of the man with a wife and two children losing his money in pool hall was confused with some recent trouble in a saloon and that the trouble did not occur at the place which was stated at the council last night. However, he said he said he had received many complaints about some of the pool halls and that he thought it was right they should be closed at midnight.

### Saloon to Move.

J. C. Kendall presented a petition for George P. Parker asking permission to move the Castlewood saloon from its present location on Front street, near Market, to the Lloyd Hotel building, occupying the room in which the Orpheum Moving Picture show is now located. The petition stated that the consent of the majority of the business men in the block, doing business on the ground floor, had been obtained. The signers of the petition were Robert Marsden, Jr., August Frizeen, T. A. Saling, Fred Knudson, Gow Why, D. Richmond, E. W. Kammerer, Aug. Hendrickson, F. W. Hertram, A. H. Lewis and August Farley.

City Recorder Butler stated that Dorsey Kriester had telephoned him asking that action be deferred until he had an opportunity to look into it. Dr. Leslie wanted to know who had signed the petition and others inquired if the property owners or other residents of the block had a voice in the matter. City Attorney Goss said that the city ordinance left the say with the tenants of the ground floor room.

However, the council took the view that others should be given an opportunity to be heard.

### COQUILLE FOOTBALL.

The Coquille Sentinel says: "Wednesday evening a number of the local boys met in the Masonic hall for the purpose of organizing an independent football team. About 20 were present and all were eager to get a team in shape to meet the Marshfield team on Thanksgiving day. After a short business meeting at which Charles Baxter was elected coach and Jim Collier captain, a light practice followed. Mr. Baxter is a very efficient coach, having produced several winning teams for this city, and understands the game thoroughly. He says the prospects look very promising as he has some very good talent to pick from."

# ALBRECHT'S PLATFORM ON WATERWORKS

### Candidate for Councilman Announces His Stand on Water Question.

To the People of Marshfield: I hereby announce my candidacy for councilman of the city of Marshfield. I pledge myself to the platform given below and earnestly solicit your support in its behalf.

If elected I will serve the people to the best interest of the entire community and the best of my ability.

I believe in a square deal for all.

I believe in a municipal owned and operated water system.

I believe that all future franchises or extension of franchises or other equally important measures be submitted to a vote of the people for final decision.

I believe in a progressive business administration, honestly and economically administered.

I am opposed to extravagance and the extension of the present water franchise.

I believe in Marshfield and will gladly lend my effort in greater upbuilding and future progress.

Respectfully submitted,  
CARL L. ALBRECHT.

# JUDGE PERKY NOW SENATOR

### Boise Man With Big Interests on Coos Bay Chosen to Represent Idaho.

Word was received here today that Judge K. I. Perky of Boise had been appointed United States senator from Idaho, to fill the unexpired term of the late Senator Heyburn. The appointment was made by Governor Hawley, a Democrat, who is expected to be elected for the long term by the Idaho legislature this winter.

The appointment of Judge Perky caused much gratification on Coos Bay. He is well known through his several visits on the Bay. He, Mr. Goode and Guy Barnum are the principal owners of Coal Bank Inlet and adjoining Bunker Hill. He is a great believer in the future of Coos Bay, and in his position he will probably aid greatly in securing federal aid in the improvement of Coos Bay bar and harbor. Judge Perky is a former Iowa and is a graduate of Iowa university. He is comparatively a young man.

Gov. Hawley's son spent several months on Coos Bay about a year ago.

### ALONG THE WATERFRONT.

The Alliance is due in early tomorrow from Portland and will probably sail the same day for Eureka.

The steamer Hardy sailed this morning for San Francisco with lumber.

The Newberg arrived in today.

### STATE OF OHIO, CITY OF TOLEDO, Lucas County.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHENEY.

Sworn to before me and subscribed in my presence, this 5th day of December, A. D. 1912.

(SEAL) A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials free.

# DELAY ACTION ON WATERWORKS

(Continued from Page 1.)

was too general and did not specifically provide for many details of a heating system which might be added later at extra expense to the city.

There was quite a discussion between Mr. Cople and Mr. Schroeder about these details. Mr. Cople said that the lack of a water gauge was responsible for the boiler being out of commission now, and Mr. Schroeder insisted that it was careless firing, the thermometer not being watched.

Mr. Cople wanted the matter referred to the fire and water committee with instructions to have plans and specifications prepared and bids received on them. However, a motion was made that it be referred back to the city hall committee with power to act and the latter carried.

Mr. Cople insisted that the old boiler be repaired at once so that the fire engines would be kept in readiness.

### Kick on Autos.

A petition from Front street business men asking the council to take steps to prevent autos standing in front of business houses without the consent of the proprietors was presented. It was signed by W. J. Rust, E. L. Robinson, August Farley, Eugene Crowthair, Rees & Sneddon, Kaufman & Company, the Red Cross, Merchant Estate, B. R. Keller, M. L. Douglas, Herman Hillyer and others.

Some claimed that it wasn't necessary for the council to act, that the property owners now could prevent autos standing there. However, Mr. Cople said that some of the property owners had informed him that they had appealed in vain to Marshal Carter to keep the autos away and that Carter had told them he could not arrest the offenders.

Finally City Attorney Goss was instructed to draft an ordinance to remedy the situation. Mr. Goss said that the ordinance would simply enable some to charge the autolists rent for the use of the street.

Street Commissioner Lawhorne and City Engineer Gidley said that the autos were allowing oil to drip on the street and was ruining the hard surface paving. This is prohibited by ordinance and some of the offenders may be arrested. Hugh McLain interrupted the discussion with the suggestion that the autos stand on the wood block pavement on Anderson avenue, where they could spill all the oil they wanted to, thereby improving the paving instead of injuring it.

### Standard Oil Warehouse.

Chairman Merchant of the Fire and Water Committee reported that the committee had investigated the complaint against the Standard Oil warehouse. He said that the gasoline was stored in drums over the fill and that only the lubricating oils were stored over the water. He said that Manager Montgomery had informed them the company was willing to do anything that was right and that it was their intention to put storage tanks back on the hills with pipe lines to the Bay as soon as business would justify it. He said that after investigating the matter he could not see anything in the situation that was cause for alarm. Mr. Savage said that there was no reason to make a big howl about it. No action was taken by the council.

### Street Work.

City Engineer Gidley presented a profile of the proposed grade on opening Eleventh street north. This, when opened through, will connect with Sherman avenue, North Bend. He said that there was one bad grade, about 14 percent. No action was taken on it.

South Eleventh street, between Elrod and Ingersoll, was taken up again. A new profile was presented, some of the interested parties having one prepared. City Engineer Gidley would not commend it. Someone suggested that a temporary improvement be put in there now instead of improving the street clear through. It was suggested that just one side be graded. However, it was pointed out that if this was done, the property owners on the improved side would have to pay the entire cost because the property on the other side would not be directly benefited. K. E. Marcey, A. Sanquist, H. A. Wells and Councilman Allen, who own affected property, talked about the matter. Mr. Allen said that he was willing to abide by the wishes of the majority on the street the same as he was on any other street. He suggested that the low land which will have to be bridged be bought by the city for a park, declaring that it could be converted into an unusually beautiful one. Councilman Savage said that everytime there was a piece of property that could not be used for anything some one wanted the city to buy it for a park.

Finally the matter was passed over until another meeting of the council.

### To Improve Johnson Ave.

A petition for the clearing, grading and improving of Johnson avenue from Second to Eleventh street was presented and resulted in the council ordering plans and specifications made. The petition was signed by Fred Glover, C. W. Gardner, Charles Lapp, E. C. Piddet, Wm. Abel, E. W. Kammerer, Wm. Horsfall, James Bennett, Fred Payne, E. A. Nelson, W. C. Craig, C. M. Anderson, Chas. Lowrey and D. Canty.

### Ready for Engine.

The council last evening instructed Fire Chief Keating that

it was ready to do business on the plan for purchasing a combined auto truck and chemical engine. There was considerable discussion about the matter. The talk took an amusing turn occasionally.

Chairman Merchant of the fire committee wished to approve the report of the special committee in favor of the purchase of the new apparatus. Chairman Ferguson thought that they ought to have a more definite statement from the Seagrave company as to the total cost and terms of purchase, while Fire Chief Keating maintained that he had as definite terms as could be obtained, the total cost being about \$6000 and the payments to be made in three annual installments. Councilman Cople said that he did not know that the council had definitely decided to buy the auto truck.

"I make a motion that we notify the company that we are ready to do business," said Councilman Ferguson.

Fire Chief Keating wanted the council to say that it was going to buy the engine, but Ferguson insisted on sticking to his motion.

### Routine Business.

The city recorder was instructed to pay \$1350 interest which is due December 1 on the city's bond issue.

Dr. Leslie asked that an electric light be put in at Third and Anderson. The request was referred to the light committee with power to act, the understanding being that the light would be ordered.

Hugh McLain was ordered paid the money in the fund for the Fourth street improvement.

J. C. Kendall requested that a temporary walk be put in to connect up the Commercial avenue bridge with the new plank street near the intersection of Fourth and Commercial. It was stated that the work was being delayed by inability to get lumber and to get the street filled. Street Commissioner Lawhorne was instructed to put in a temporary walk.

Mayor Straw was absent last evening.

### For Cement Walks.

The question of having cement sidewalks put in in the business district was taken up last night. Councilman Allen said that there were many complaints about the condition of the walk on both sides of North Front street, north of the city hall.

This raised the question of whether plank walks should be put in again. City Engineer Gidley and Councilman Cople suggested that it was about time to put in permanent walks and Mr. Gidley said that it would probably be well to establish a zone in which all walks put in hereafter shall be of a permanent character.

Just what part of the city this zone should include was a question. Councilman Savage said that something ought to be done but that it would probably raise a big kick.

Some suggested that permanent walks be put in along the hard surface paving. Then it was pointed out that it would require considerable filling in some places and that it would not be solid then.

Finally it was referred to City Engineer Gidley and Street Commissioner Lawhorne.

### Sidewalk Dangerous.

Councilman Merchant reported that the sidewalk on Central avenue in front of the Finnish hall was dangerous, being sloping and slippery. He said that Tom Hall fell down and hurt himself there a few days ago and that another woman also fell and was injured. The marshal was instructed to notify the owners of the hall that the walk must be put in good condition.

### North Bend News

Miss Alpha Wickland left today on a visit to relatives in Empire.

Miss Stella Wickland closed a successful term of school at Ten Mile last Friday.

Mr. and Mrs. E. George Smith spent Sunday at the home of Robert McCann in North Bend.

The John Luman family have to the residence opposite the Presbyterian Church on Union Ave.

Miss Nellie Hayden of Empire City visited yesterday at the home of Mr. and Mrs. George Bolster.

Missionary services will be held each evening at the United Brethren church. Rev. R. L. Lewis is the pastor.

George Ferry of Marshfield, who is scaling logs at the Simpson mill, fell in the Bay yesterday and got a severe soaking.

Mr. and Mrs. Frank Black and daughters Thelma and Lois of Marshfield were Sunday guests of Mr. and Mrs. George Black.

Captain Harvey Russel and wife, who were to have left on the Redondo, Thursday, were unable to secure passage on that steamer, so will leave by Fifield from Bandon. Mr. and Mrs. Russell will visit Mr. Russell's parents in Tulare County, Calif.

### KILLS HIS WIFE.

Lewiston Man Fires Shot But Says It Was Accident.

(By Associated Press to Coos Bay Times.) LEWISTON, Idaho, Nov. 19.—Charles Payne, a traveling man, shot and killed his wife here this morning. Payne asserted that the shot was fired accidentally.

# THE LAST BOAT

brought us another shipment of those Progress, Philadelphia made Dress Skirts. We cannot elaborate too highly on these exquisite models—some of them strictly man-tailored of the finest Australian all-wool serge in that new clinging model, two-piece effect, closing on left side, also straight panel model, some of best quality rib Whitecord, made in the new model with high belt effect—some of beautiful Zibeline—all wool Panama—all the new and popular colors—in fact we cannot do them justice here—you will just have to see these skirts to appreciate them.

Priced at \$3.50 to \$10.00

# JOAQUAN MILLER HAS NEW DIET

OAKLAND, Cal., Nov. 19.—Joaquin Miller, the aged poet, has so far recovered from his recent illness that he is able to resume his daily strolls about the grounds of his home near here. The poet ascribes his recovery to a diet of honeyed hominy, prepared by his daughter, Juanita, which he told visitors today was the main fare of the family. Since his illness the poet has lived on this fare exclusively. He recently celebrated his 71st birthday.

### RACE TO MARKET WITH DATE CARGOES

NEW YORK, Nov. 19.—The steamship Turkestan, from Port Said to New York with eight million pounds of Persian dates in her hold, arrived in this port yesterday, and won the race with the steamship Stanhope also from Port Said and loaded to the gunwales with seven million pounds of dates. The Turkestan won and because she brought her cargo first to market she made a bonus of \$2,500 for her crew and \$80,000 for her consignees. By the time the Stanhope reaches New York dealers in dates will be well supplied and the price will have fallen from four and three fourths to three and three fourths cents a pound.

### BRIEFS OF BANDON.

News of the City-by-the-Sea as Told by the Recorder.

Asa Carpenter got his hand mashed in Kruse's shingle mill on Wednesday and is obliged to lay off for awhile.

Rev. E. R. Steele returned on the Elizabeth from Houston, Tex., where he had been for his children who have been living there with their grandmother for some time.

Mr. and Mrs. Henry Curran are the proud parents of a fine baby girl.

John Armstrong was struck in the head with a block and tackle at the Randolph mill Wednesday and his skull was fractured. He was brought to the Bandon hospital.

Born—To Mr. and Mrs. C. R. Wade, Tuesday, Nov. 12, a fine baby boy. Everybody is getting along fine and C. R. wears the broadest smile of anybody in town.

A. Dunham, who had an accident some time ago in which his foot was badly hurt, is getting along quite well at present and is able to be about on crutches.

Mrs. Adella Cope, wife of J. A. Cope, died on Fourmile. The funeral was held at the K. of P. cemetery.

John T. Merchant of Marshfield, one of the company who formerly owned the land known as the city park, is in Bandon looking after the transfer of the money from the city of Bandon for the purchase of the park. The people of Bandon at the city election in June voted to purchase the park and now the money has been raised and the deal closed up so that Bandon is now in possession of the park.

Mrs. L. J. Cody has been on the sick list for several days.

An ordinance has been passed levying a six mill tax for next year.

At the last election Wm. Rohm was elected justice of the peace at Riverton to succeed O. A. Kelly, who has held that office for the past 20 years. George Huther was elected constable.

Sheriff W. W. Gage has been down from Coquille for a couple of days, and sold the fixtures and stock of the Oregon Bar, which made an assignment some time ago.

### ARMISTICE IS DECLARED

Eight-Hour Respite in Balkan War To Bury Dead.

(By Associated Press to Coos Bay Times.)

LONDON, Nov. 19.—An eight hours armistice has been agreed to between Bulgarians and Turks at Thaelias so that both armies may bury their dead, according to a news agency dispatch from Constantinople.

# AEROPLANES TO DEFEND COAST

LOS ANGELES, Cal., Nov. 19.—The establishment of a chain of airplane depots along the Pacific Coast as an auxiliary to the Coast Artillery Corps is the purpose of the war department, according to Lieutenant August Norton, Coast Artillery Corps.

Lieutenant Norton said a few officers of the corps quietly had been trained in the handling of biplanes, but that the defense of this coast by the use of aerial craft had been held in abeyance until the practicability of such a move had been proved by the army and navy's use of airplanes. Norton said contracts for the construction of a score of biplanes and aerial depots had been made and said he was on his way to San Diego to select a site there.

### WOOLEYPORT SOLD.

English Interests Buy Harbor at Crescent City.

CRESCENT CITY, Cal., Nov. 19.—The Wooleys have recently disposed of their interests at Wooleyport to Canadian and English people, who are expected to complete the deal and take possession of the coast holdings on March 1. The property transferred consists of approximately 8000 acres of land, six miles of ocean frontage with the inner and outer harbors, Lake Earl and much other property at Wooleyport.

No announcement of what the new company proposes to do with the property has been made, and will not until the deal has been entirely closed. Mr. Wooley goes to Portland in a few days for further negotiations with representatives of the new owners of Wooleyport.

### MYRTLE POINT POINTERS.

News of Upper Coquille as Told by the Enterprise.

Rev. T. W. Griffiths of Altus, Okla., has accepted the Myrtle Point Presbyterian pastorate.

On Saturday of last week the home of Mr. and Mrs. H. A. W. they of this city was the scene of a very pleasant gathering, it being their golden wedding day. Relatives and friends surprised the old couple by celebrating the event with them. An excellent dinner was served which all partook of heartily. Rev. Thomas Barkley remarked that he had officiated at 199 weddings, yet this was the first golden wedding he had ever had the honor to attend.

Wm. Howells, an employer on the railroad construction gang, narrowly escaped serious injury Monday while unloading ties. A 50 day which dropped from the hands of a workman on the car struck him in the back, just below the shoulder blades and it was feared he had sustained serious internal injuries as the shock paralyzed the entire lower portion of the body.

### ALONG THE WATERFRONT

The storm of the last few days was so heavy at Cape Blanco that it extinguished the gas buoy. James Langlois, keeper of the Blanco light house, says the storm was the worst he had seen in thirty years.—Bandon Recorder.

One of the most remarkable voyages on record, if authentic, is reported by the China Press, which gravely relates how five Japanese fishermen in a sampan were blown out of their course last May, and having failed to make the Hawaiian Islands eventually drifted 7000 miles, landing fifteen miles south of San Diego, Cal., two months after leaving Yokohama. Luckily they had a good catch of fish and rain water. They rather outdoes the great Christopher Columbus.

### BALKAN STATES AGREE

(By Associated Press to Coos Bay Times.)

SOFIA, Nov. 19.—The allied Balkan nations today assented to the proposal to discuss terms of armistice and eventually peace.

# Home Industry Day

## THE BRADLEY CANDY CO.

invites the public to visit its factory Thursday, November 21st, between the hours of 9 a. m. and 4 p. m., and see how good candy is made. One of the visitors, (to be determined by lot), will receive a handsome box of chocolates, retail value \$5.00. Six others will receive a 50c box.

## MADE IN MARSHFIELD
