**Orpheum Special Tuesday.**—The "House of the Photoplay" announces another feature show for Tuesday, including three reels of all-feature pictures. These subjects are carefully selected and afford a well blended program, consisting of a full-reel industrial, The Baseball Industry, a 1000-foot Vitagraph strong drama, Vultures and Doves, and a bright lengthy comedy, Two Gay Dogs. The popularity of these specials at the Orpheum promises a good patronage on tomorrow night and the price remains the same. Get in early.

a pest house. He says the city has no place to care for possible cases of contagious diseases and with the likelihood of many laborers being brought in her for railroad work, the danger of an epidemic is becoming greater. He thinks a boathouse would be the best and cheapest means of providing for such an emergency. The council will probably consider it at its next meeting.

**Reception at Libby.**—A party of young people from Marshfield attended the wedding dance of Mr. and Mrs. Otto Peters of Libby last Saturday evening.

**Band Concert.**—One of the largest crowds that ever attended a band concert on Coos Bay, was in attendance at the Masonic opera house yesterday. The concert was even better than usual and won much praise.

**FREAKISH ACCIDENT.**

Last Saturday a peculiar accident happened to a horse that was stabled at Pointer's livery barn. The animal, which was tied to a manger on the south side of the barn, kept tugging at its halter rope. The rope suddenly parted, and the horse was thrown against the barn with such force that it broke through and was precipitated into the water hole below, a distance of about 20 feet. The horse hit on its back in the soft sand, and after a few flounders regained its feet, none the worse for the experience.—Coquille Sentinel.

There are about 2000 acres in the Waite tract, and street rumors have it that several thousand acres additional are included in the deal. **TAKE THE BEST CARE OF OLD RAGS**

Not for their value, but because they cause fires. Most people do not know that old rags, particularly oiled cloths used for dusting, etc., will often take fire spontaneously. Many fires where "cause is unknown" might be traced to carelessness in disposing of rags.

Anybody knows it's wise to insure against loss by fire, and anybody may find out, by the least investigation, that we have five of the greatest insurance companies on earth.

We know how to write policies that protect perfectly, too.
