# BANDON OIL FIRM BROKE

### Bankruptcy Proceedings Prevents Sheriff's Sale of Bear Creek Well.

Marshal J. W. Carter has returned from Coquille and Bandon, where he went to serve a restraining order on Sheriff Gage and Geo. B. Topping, of the Miocene Oil and Gas Co., restraining Sheriff Gage from disposing of the company's property at sheriff's sale, November 27. The restraining order was issued by Judge Bean in the federal court at Portland and follows bankruptcy proceedings of the Miocene Oil and Gas Co. The company was organized to drill for oil on Bear Creek and sunk a well about 2500 feet deep when they ran out of funds. Recently the company organized in Marshfield to drill for oil here has been negotiating with the Bandon company to purchase its equipment.

# EASTSIDE HAS GOOD INCREASE

### School Census Shows Gain of Twenty-five Over Last Year in District.

That Eastside is growing rapidly is indicated by the annual school census, which was completed last night by C. E. Jordan. The 1912 census shows 157 residents of school age against 132 a year ago. Besides the young folks of school age, Mr. Jordan reports that there are 35 children in Eastside under school age.

# GIRL SAVED BY NEWSBOY HERO

### Ethel Smith of Gary, Ind., Recovers After Severe Skin Grafting Operation.

(By Associated Press to Coos Bay Times.) GARY, Ind., Nov. 26.—Ethel Smith, who was burned in a motor cycle accident and for whom Billy Rugh, Gary's crippled newsboy, sacrificed his life as a result of giving large portions of "live skin" to be grafted on her, left the hospital today for her home. Rugh's parents live near Portland, Oregon.

# WANT TALENT FOR BIG NOISE

### Additional Members for Company to Put on Show for Elks Is Desired.

Everything is progressing nicely for "The Big Noise," the minstrel performance which Rufus K. Love will put on at the Masonic opera house under the direction of the Marshfield lodge of Elks. The receipts will go to the Elks' charity fund. Rehearsals are progressing nicely for the principal parts of the show. The paper to be issued by the lodge will be got out the latter part of the week. They still need some additional members for the company and Director Love today made the following statement:

The B. P. O. E. talent committee for the Elks' minstrels want 15 wives and sweethearts of Elks, 20 little girls from 4 to 14 years of age, and 14 high school girls, to help out in choruses, sextettes, coin songs and ballads. Only four ladies will have to black up, the

balance appearing in white face. All costumes are furnished. The rehearsals are very short and interesting. The wives and sweethearts will rehearse a few afternoons at the Finnish hall from 2:15 to 3:30. The high school girls and smaller girls will rehearse after school. The rehearsals will continue from day to day. The male chorus and end men are getting on fine and will be in good shape for the evenings of December 5 and 6 when "The Big Noise" will appear in all its glory.

# WILL LICENSE MEN TO DRINK

### Los Angeles Considers Plan of Issuing Permits to Saloon Patrons.

(By Associated Press to Coos Bay Times.) LOS ANGELES, Nov. 26.—A plan to tax liquor consumers for the privilege of drinking in bar rooms is under consideration today by the police commission. The suggestion was made by the saloonkeepers as a solution to the question of complete prohibition of minors. The author of this plan would have each person contemplating saloon patronage equip himself with credentials setting forth his age and description and other means of identification.

# SKYE TERRIER'S SKIN GRAFTED ON WOMAN.

CHICAGO, Nov. 26.—Announcement was made at a South Side hospital yesterday of the successful outcome of a case of skin-grafting in which a large piece of the skin of a skye terrier was placed over the wound on the arm of Mrs. H. W. Johnson of Menominee, Wis. The wound had been left after an operation for tubercular ulcer. The operation is said to be the first of its kind ever performed. # JAPS TO GET COAL STATION

### Steamship Company Purchasing Site in Honolulu—Opposed by U. S.

(By Associated Press to Coos Bay Times.) WASHINGTON, Nov. 26.—A rumor that a Japanese steamship company, the Toyo Kisen Kaisha, is securing options on land in Honolulu, for the erection of a modern coal plant of 100,000 tons capacity, is reproduced in a government report here without comment by the government officials. The Lodge resolution passed by the last congress declared against the acquisition of coal stations in America by corporations controlled by foreign powers, but no decision was made as to whether it applied to outlying possessions of the United States. It is said the State Department is watching the Honolulu situation.

C. K. SHAW arrived today from Raymond, Wash., to look over his property interests. Mr. Shaw was at one time city marshal of North Bend and held the position for four years. This is his first visit to the Bay in five years. He and Mrs. Shaw plan to return here next summer to reside. They have considerable property in North Bend.

### A Wonderful Tonic That Aids Digestion

Thousands are unable to digest certain kinds of food. In most cases it is not the fault of the food, nor the stomach. It is probable that the stomach has been abused. Many resort to pre-digested foods and various kinds of medicines to get relief from dyspepsia, indigestion and heartburn, but without permanent benefit.

If your stomach was in perfect condition, you would not need medicine to digest the foods you eat. Jayne's Tonic Vermifuge is a stomach regulator. It gets the stomach in such a condition that it will digest food without other assistance. It overcomes the acidity of the stomach and stimulates the coating of the stomach and intestines so that they will properly absorb and assimilate the nutriment from the food eaten. Sufferers from dyspepsia and indigestion will find permanent relief in a short time after beginning the use of the tonic. For children, the addition of a little sugar will make it most palatable.

Many forms of supposed indigestion are the result of intestinal parasites, for which Jayne's Tonic Vermifuge is unsurpassed. Insist upon Jayne's; accept no other. Millions have praised it for more than eighty years. Sold by druggists everywhere. Dr. D. Jayne & Son, Philadelphia, Pa.

# THE PORTLAND TURKEY MARKET

## Eastern Cold Storage Birds Cause Slump in Market.

PORTLAND, Nov. 26.—Eastern turkeys, after all, are to figure in Portland's Thanksgiving dinner this year, according to reports current on the street. The statements given out by interested traders the last week; or two to the effect that the Portland public this year would have to get along without lead birds from the Middle West appear now to have been a hoax. One carload of Eastern turkeys is reported already to have arrived and a second is said to be due the first of next week. Reports from the South say that Seattle and Tacoma markets as well as getting their share of Eastern birds, five carloads now being on the way to those cities. That these shipments of Eastern stock, in the face of the immense quantity of Western birds known to be coming to the local and other Coast markets, will have some effect on prices is to be expected, and on the present showing some of the local traders are already out with predictions of a serious break in the market Thanksgiving week. That the consumer will be able to get a fresh Western gobbler for the holiday dinner at 25 cents a pound is held by some to be a possibility.

# WEEK'S DOINGS AT DENMARK

## (Special to The Times.)

DENMARK, Or., Nov. 25.—The dairymen's annual ball held at Langlois Nov. 16 was a decided success. The night was perfect, so was the attendance. Good music and everybody at his best made times merry until daylight. What it came more than once a year. Mrs. James White and Mrs. Sablin were visitors at the Chenoweth home last Thursday. A program and social gathering is to be held at the Denmark school house, some time in the near future. The children are preparing their parts and all are expecting a good time. Mr. Chastain is moving over to the King place this week. Mr. James has recently moved his family to the Mathews place and will add another pupil to the Denmark school. The Denmark co-operative cheese factory will close for the winter at the end of the present month. Its receipts and earnings have been highly satisfactory to all concerned and show better by 15 to 25 per cent than any other dairy in the county.

# INDIAN CHIEF IS 131.

## Ancient Tribesman Said to be the Oldest Human Being in World.

CHICAGO, Nov. 26.—Wah-Hagun-Ta, fire chief maker, a Blackfoot Indian from Glacier reservation, said to be 131 years old is on his way to Chicago to attend the land show. So far as known Chief Wah-Hagun-Ta is the oldest human being in the world. He is said to have been born in the region now known as Glacier National Park in 1781. The chief was first of his race to visit the "Great White Father," and his visit to Washington when President Jefferson was in the White House, was a memorable event in his life. In his tribe he is regarded as an oracle. At the time of his birth, according to the Indian legend, the father of all spirits, standing on a mountain, shot an arrow which found a mark in a tree near his father's tepee. The prophecy, as interpreted by the medicine man, was that he would live forever and assist the gods in their councils.

# SHOULD BE AN AVALANCHE OF VOTES AGAINST FRANCHISE

## Commenting on the coming city election in Marshfield the North Bend Harbor says:

"The fight is hinged on the demands the Coos Bay Water Co. has made for the extension of a franchise from 17 to 30 years with an increase in rates. This seems a simple question to decide and those supporting the municipal waterworks candidates ought to bring about the greatest avalanche of votes in their favor ever heard in Marshfield. The people will surely not be so simple as to vote a heavier tax on their property, when they know full well what the promise of the Coos Bay Water Company has amounted to in the past. Too bad North Bend people cannot take a hand in the fight; there would be some class to the majority if we did."

# WED HERE TODAY

## W. H. Fotheringham and Miss Myrtle Gordier Married.

This morning at 9 o'clock Miss Myrtle Gordier and M. W. H. Fotheringham were married at the home of Mr. and Mrs. L. T. Matthews on South Broadway, Rev. R. E. Browning, officiating, and the impressive ring ceremony was used. The groom is a surveyor and is well known on the Bay. The bride came here from the east recently and has many friends since her arrival. The young couple will leave on the Alliance tomorrow for Portland, where they will make their home, Mr. Fotheringham having employment in that city. Both young people have many friends in the city who will unite in wishing them a long, pleasant and prosperous voyage on the matrimonial sea.

# Wendling-Johnson Lumber Company Seek Special Rights.

## EUGENE, Or., Nov. 25.—Desiring to take advantage of the Oregon law which gives a booming company right to control the water of a stream, the Wendling-Johnson Lumber company has petitioned the county court of Lane county to declare the Siuslaw river, between certain points, a public highway for the floating and transportation of logs, timber and lumber. That portion of the river sought to be made such a highway is between a point only a few miles from Eugene, over the divide, to Madras, which is 20 miles from the mouth and is the head of steamer navigation. It is the intention of the company, according to the petition, to deepen, straighten and widen the stream in places to better facilitate its logging operations, which will begin early next year. The Wendling-Johnson company owns vast tracts of timber in the Siuslaw country, having paid out during the past two years about \$2,500,000 for the land and is negotiating for more. Most of the money was distributed in Eugene and Lane counties. The company intends to control large mills at Acme and other coast points.

# PROTECT ELK IN MONTANA

## Soldiers Drive Animals Back into National Park.

LIVINGSTON, Mont., Nov. 25.—To prevent a recurrence of the wholesale slaughter of elk which occurred along the northern boundary of Yellowstone park last year, Colonel Brett, acting superintendent of the park, has stationed soldiers from Fort Yellowstone along the boundary line with orders to patrol the line and endeavor to drive back into the reserve the straggling animals which wander across the line. Last year more than 500 elk were killed around Gardiner. The animals are quite tame and it requires little skill to bag one once it has strayed across the boundary.
