HOW TO FEED ELK IS PUZZLE

Animals in Yellowstone Park Require Much Attention.

WASHINGTON, Dec. 6.—With upwards of 30,000 elk now in the Yellowstone National Park for the winter, the problem of handling them has become one of serious concern to those in charge, according to the report of the acting superintendent. To afford greater range, the grazing of livestock in National forests adjoining the Park and the State of Wyoming and the National government will expend considerable sums for hay to feed the elk this winter.

The buffalo herd is thriving according to the report and indications favor a considerable increase next spring unless an unusually severe winter prevails. There are really two herds, a tame and a wild one. While the exact number has been difficult to determine, 49 buffalo, including 10 of this year's calves, were counted in July, which is the largest number in several years.

SAUER KRAUT CROP LARGE.

Product, Largest in Years, Made from Tons of Cabbage.

FREMONT, O., Dec. 6.—With the kraut season owners of factories here announce the

product is the largest in years. The thousands of tons of cabbage produced in this vicinity for sauer kraut have sold at from \$3.50 to \$6.50 per ton and grocers have made money.

Fremont is the center of the kraut industry in the United States.

PRISONER LIVES ON APPLES.

Locked in Car for 13 Days, Unwilling Passengers' Feet Are Frozen.

SIoux CITY, Ia., Dec. 6.—Andrew Gorchitz of Newburgh, N. Y., after being a prisoner 13 days in a car of apples, in which he had crawled at Newburgh, was released when the car was opened here. His feet were frozen and may have to be amputated. He had eaten nearly a barrel of apples.

He has a wife and five children in Hungary.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength in building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

CHOICE OF WIFE IS IMPORTANT

Plays Important Part in Success or Failure, Says Chicago Professor

CHICAGO, Dec. 6.—Professor William C. Bagley, of the University of Illinois, believes that a man's selection of a wife plays an important part in his success or failure in his chosen vocation. Speaking before the Central association of science and mathematic teachers, the professor said:

"If a boy were consulting me about what occupation to take up I would not make my inquiry by applying physical or mental tests. I should ask him if he had selected a prospective partner for life's joys and sorrows. I should then request a few minutes interview with her."

HETTY GREEN GIVES GIRLS GOOD ADVICE

NEW YORK, Dec. 6.—Mrs. Hetty Green, "the richest woman in the world," was 78 years old Nov. 21. "It will be no holiday though," she said at her little square rosewood desk at the head of Wall street. Why should I take a holiday and waste a whole day just because I happened to be born on Nov. 21, 1834?"

Mrs. Green consented to relax just long enough to dictate a series of "don'ts" for girls. They were:

"Don't overdress." "Don't fail to go to church." "Don't eat anything, but good wholesome food." "Don't cheat in your business dealings." "Don't forget to be charitable." "Don't forget to take a lot of exercise." "Don't forget to obey the laws of God."
