### The Studebaker "Six" and "35" Are Electrically Started and Lighted

When we vouch for the Wagner Electric Starter will you stop, please, to consider that the assurance comes to you from Studebaker?

We believe that this is by far the most satisfactory starter yet produced.

It is capable of giving the motor 80 revolutions per minute for 31 minutes.

It works—perfectly.

### How The "Six" and "35" Come by Their Beauty and Value

To some who have a favorite car of higher price there will be almost a sense of disappointment in the fact that this the "Six" and "35" have usurped the prerogatives of other cars.

If you are still trying to explain to yourself the phenomenon of so much beauty and satisfaction at so low a price—think of the purchasing power involved in a sales total of \$65,000,000.

Consider the expert engineering research and the development of special skill.

The thousand and one extra economies and efficiencies encouraged in a volume which exceeds in value the entire annual gold production of the United States and Alaska.

All these are exemplified in the "Six" and "35."

### Chief Characteristics of the Studebaker "Six" and "35"

They are six-passenger cars. The two extra seats are of the turn-about disappearing type.

The front and rear seats are wide and deep; rich and restful.

There is no cramping nor crowding.

The cars are electrically lighted.

They are equipped with an electric self-starter which we consider the most perfect yet devised.

The cars are provided with Studebaker Jiffy Curtains; the improvements are our own.

THERE ARE TOO MANY IMPROVEMENTS AND UP-TO-DATE FEATURES ON THESE CARS TO MENTION IN DETAIL IN THIS ADVERTISEMENT. CALL AND LET ME EXPLAIN THEM TO YOU.

#### CHRISTMAS IS COMING.

THE TIMES presents this Christmas edition as an earnest of the campaign for early shopping. There are still fourteen shopping days until Christmas, but you should not delay.

The announcements in this evening's paper will help you to choose the right gift.

Poets are born—likewise also those who only think they are poets.

Much of life's friction is due to a well-oiled tongue.

Notwithstanding their tight skirts the ladies of Marshfield took quite a stride ahead at the election Tuesday.

The only time some Coos Bay people will tell the truth is when it's too much trouble to think up a good lie.

When marriage is a failure the assets are nil.

#### BAND DANCE Saturday evening.

#### CROUPY COUGHS AND WHEEZY COLDS.

The quickest, simplest way to rid the children of dangerous croupy coughs and wheezy stuffy colds is to give them Foley's Honey and Tar Compound. It gives almost instant relief and stops a cough promptly. It soothes and heals. Contains no opiates. For sale by Lockhart-Parsons Drug Co., the Busy Corner.

### M'ARTHUR IN POLICE ROLE

#### Marshfield Man Captures a Stranger Who Had Been Frightening Women.

E. D. McArthur yesterday assumed a new role and proceeded to give a trampish looking individual who has been frightening women and children in the suburbs a little scare of his own. For some time past the women of South Marshfield have been bothered by a repulsive looking man "peeking" at them. So far he had not committed any particular offense but all were afraid.

Yesterday afternoon Mr. McArthur's little girl reported that the "strange man" was hidden in the brush near Mr. McArthur's home. Mr. McArthur lost no time in getting him. He rushed into the clump of trees and grabbed the stranger and turned him over to Marshal Carter.

The stranger, who was about 30 years old, looked like a regular hobo. He gave his name as D. McAdams to Marshal Carter.

There was no evidence to warrant a charge more serious than vagrancy against him and this morning Marshal Carter "vagged" him with a little talk that is expected to keep him away from Marshfield for awhile.

MASQUERADE BALL at FINNISH HALL Saturday night, DEC. 14.

### THE BIG NOISE SCORES AGAIN

#### GOOD HOUSE GREET'S SECOND PRESENTATION OF ELKS' MINSTREL BENEFIT AT MASONIC.

Although not as large a house greeted the final presentation of "The Big Noise" at the Masonic Opera House last night, it was an appreciative one and the applause was even more profuse than that which greeted the initial performance.

The show was even better than it was the first night, according to many who took in both performances. Some new stunts were added to the program last night. Little Miss Viola Scaife, who made the hit in the young folks' chorus the first night sang a solo last evening and won even greater applause than she did the first night.

George Rotnor was one of the trees last night and while there was some difficulty in transplanting him to the stage, he more than made good.

Everybody is more than pleased with the show. Director Love expects to leave soon for Roseburg.

#### CHARITY GOES ASTRAY.

District Deputy Holdiman of the W. O. W. has received word which indicates that the husband of Mrs. Cora Timmons, the South Marshfield woman for whom money was raised, took advantage of the charity of Marshfield people. He was informed that Purser Reynolds of the Redondo says Timmons met his

wife and children at the boat. Timmons was supposed to be in Portland but just before she left here, he wrote her that he had secured a job there. The woman was in very destitute circumstances and the want and squalor of herself and children in the hotel in South Marshfield near the race track resulted in aid being quickly given

her. The plan was to send her to her folks in Oklahoma. Her railroad ticket was bought in San Francisco and the company instructed to put her on board the train for home when she called for it. She did not call and the company has been notified to cancel the ticket. She was given \$30 in money to feed herself and children during the

trip and this with the exception of the clothing given them was all that they got away with. Mr. Holdiman, W. U. Douglas, Tom Coke, Marshal Carter and others who circulated the subscription lists for her, feel grieved that their charity was taken advantage of by the worthless husband. Her parents in Oklahoma will be notified.
