in the first degree and sentenced to hang.

District Attorney Brown stated this morning that Garrison had been convicted of a felony on five occasions previous to the Perkins murder, and consequently he would make no recommendations in the matter. "I have done my part in the case of the State vs. Garrison," said the district attorney, "and it is now up to the Governor." In the event he desires to commute the sentence to life imprisonment that is his business. Garrison was indicted by a Grand Jury of seven men, and was twice convicted by juries of twelve men each. In all, 31 men have said that Garrison was guilty of the crime charged. In view of these facts I will make no recommendation, leaving final disposition of the matter in the hands of the Governor."

PERJURY AND FORGERY UP

Wm. H. Quigley of Detroit Arrested at Indianapolis.

INDIANAPOLIS, Ind., Dec. 11.—William H. Quigley of Detroit, a business agent for the Carpenters' Union, was held today to the federal grand jury on the charge of the district attorney that he had committed perjury as a witness in the dynamite conspiracy trial. He was taken into custody by a deputy United States marshal.

Charges of forgery developed for the first time at the "dynamite conspiracy" trial today over the letter alleged by the government to refer to the proposed explosions at Detroit in 1910. The letter, which the government stated it procured to have been written by Quigley and referred to in plots to unionize buildings trades in Detroit by blowing up non-union jobs. Herbert Wood, a handwriting expert, testified that the letter was in Quigley's handwriting. Quigley took the stand and said that the handwriting was not his and that the signature was a forgery. District Attorney Miller refused to dismiss Quigley, whose arrest followed. The gist of the letter, addressed to Hiram Or-Cline at Muncie, Ind., National Organizer of the Carpenters, stated that it was proposed to detonate dynamite in the proposed Detroit explosions which the local officials of carpenters, masons and iron workers unions are alleged to jointly have plotted. "Called off" because Charles Machmeister, an iron worker, "talked too much."

Quigley was charged with committing perjury in denying the authorship of the letter. The letter which he denied he wrote is as follows: "Brother H. R. Cline—We have made a mistake in our man and it is all off with the big show. He has got in radically wrong and skipped for he told me he would do so, but he would make good. I can't tell what he will do. He has got trimmed twice since Friday evening by the iron men, so lay low for him now. I am giving it straight. He was flashing the century, and was drunk

CITY ELECTION IN NORTH BEND

Socialists Defeated by Vote of About Three to One—Simpson Leads.

The North Bend Socialists were badly beaten in the annual municipal election, the Business Men's ticket winning out by a vote of over three to one. About 600 votes were polled. L. J. Simpson, who has been mayor of North Bend since he founded the new town, was again honored by being given the biggest vote on the ticket.

The vote follows: For Mayor—L. J. Simpson, 451. N. H. Welling, 149. For Recorder—A. H. Derbyshire, 446. H. M. Saling, 160. For treasurer—J. H. Greves, 420. E. J. Coffelt, 176. For Councilmen—Dr. Ira B. Bartle, 438. H. G. Kern, 403. L. F. Falkenstein, 355. E. T. Coffelt, 182. Chas. S. Kaiser, 263. C. J. Anderson, 157.

Three councilmen were to be elected and the victors, Messrs. Bartle, Kern and Falkenstein, are the old members of the board. The election passed off very peaceably, although there was an indication that every effort possible was being made to get out the vote.

In all 616 votes were cast. City Recorder Derbyshire had registered 493 voters and many votes, including those of women, were sworn in yesterday. Previously 170 women had been registered and it is estimated that at least one third of the vote cast yesterday was by women.

ELECT HAINES NEW DIRECTOR

Defeats George E. Cook by Vote of 30 to 24—Tax Levy Election.

A. T. Haines last evening defeated George E. Cook for school director by a vote of 30 to 24 at the special election held at the Central School building to fill the vacancy caused by the resignation of Dr. J. T. McCormac. Mr. Haines will fill the balance of Dr. McCormac's term, which will expire next June. There was not as large a crowd out for the election as some had expected. The election was held promptly at 7:30 and a number arrived too late to participate in the balloting.

A. T. Haines was nominated by Dr. E. Mings and Tom Hall seconded the nomination. Mrs. A. H. Stutsman nominated George E. Cook. No other nominations were made. The voting was by ballot and was quickly over. During the early count, Mr. Cook had the lead but of the last ten or twelve ballots counted, Mr. Haines had practically all of them.

Following the election, Mr. Haines immediately took the oath of office and a special meeting of the board was held. At this it was decided to hold another election on December 23 at the Central School building to vote taxes for the ensuing year. The board has the right to fix the levy to meet interest and payment on the bonds, but the electors of the district have to vote the levy for the maintenance of the schools. The board has been paying off about \$1500 per year on the bond indebtedness.

ASK AID FOR MEX. REBELS

Three Americans With Interests There Charge Favoritism.

WASHINGTON, Dec. 11.—W. S. Pence of Chicago, H. S. Stephenson of Los Angeles and E. K. Warren of Three Oaks, Mich., having interests in Mexico, have protested to the State Department about what they claim is the practice of the United States in permitting the exports of arms and ammunition to the Madero forces in Mexico. They appeared before the senate committee, headed by Senator William Alden Smith, in the investigation as to whether the revolutionists in Mexico have been aided by Americans. Three men have pointed out that the effect of the application of such a rule has resulted in forcing the rebels to levy upon Americans in Mexico by a system of forced loans or ransoms to procure weapons of war. They stated one means of meeting the difficulty was to turn to the old practice of permitting the export of arms and ammunition to both sides without restriction.

It is pointed out by the State Department officials that under the recent neutrality proclamation the government is absolutely prohibited from allowing war supplies being sent to the insurgents. Efforts will be made to have the senate committee recommend either an amendment or withdrawal of the proclamation.
