Send a Check

Don't run around paying your bills in currency when you can just as well send a check. No trouble about making change when you pay by check. No dispute can ever arise about a payment made by check. The bank, after cashing it, hands it back to you, making an undisputable receipt. No danger of losing money, or being robbed of it when you put it in the bank and pay by check. Less temptation to spend it if it's in the bank instead of in your pocket. You're money ahead and leave worry behind when you have a checking account at the

Council Tonight—The Marshfield city council will meet tonight and Messrs. Winkler and Albrecht, the newly elected members, will assume their offices. The Chandler heating franchise and a number of other matters are to come up.

Gets Divorce—Mrs. F. G. Horton

Saturday night was awarded a divorce from F. G. Horton on the grounds of cruel and inhuman treatment, etc., by Judge J. S. Coke. The case was not contested and came as a decided surprise to the friends of the family here. Mrs. Horton was given the custody of the minor children and will leave tomorrow for her old home at Escanaba, Mich.

Message Costly—Marshal Carter today received a bill for a little over \$10 for a wireless message which he had sent from Cape Blanco to San Francisco the other night for the arrest of Clint Akers for the North Bend Robbery. There were forty words in the message and he thinks the bill outrageous. The telephone company charged 85 cents for sending the message from here to Cape Blanco.

May Build Jail—Although Eastside has not had an arrest for over a year, the council is talking about putting in a jail. They are undecided whether to build a building for it or to put two or three cells into the former school building which is being converted into a city hall. Offices will be put in for the mayor, recorder and marshal. At the meeting of the council, night before last the newly elected officers were installed. The projected street improvements will be taken up later.

To Improve Road—W. F. Harmon is today circulating a petition for the Marshfield Chamber of Commerce, asking the county court to appropriate special funds for the improvement of the road by Bridge, between Myrtle Point and Douglas County line, and also to improve the main road from Myrtle Point to Coos Bay and Bandon. This petition is in accordance with the resolution recently adopted by the Coos County good roads association. It is pointed out that the Bridge district has been levying a special tax for the past few years and owing to the value of the highway to the rest of the county as a mail route, it is desirable that a specially liberal appropriation be made for it.
