

Now comes your bargain chance

YOU know what happens in this store, at this season of the year; we look over our stock, and pick out all the goods that must be cleared up to make room for new goods soon to come in, and mark prices on them that will make folks come and buy whether they need the things right now or not.

It's the harvest time for the money-saving folks; we're bound to clean up the stock, dispose of all the goods from the past season that we can sell; we want to make a total clearance of all fall and winter goods, and if prices will do it, we shall accomplish this wish.

Hart Schaffner & Marx

clothes are always a good purchase; the prices we ask for them in a regular way represent a profit to you; and at such prices as these your profits are just that much more.

SOCIAL CALENDAR.

FRIDAY.
Ladies Art Club with Mrs. Wm. Schroeder.
Past Matron's Association with Mrs. E. G. Flanagan.

cago, has succeeded Mr. Topp as resident manager of G. J. Lomanski's Royal theater in Marshfield.

Meet Tomorrow—The Ladies' Art Club meeting was postponed until tomorrow afternoon on account of the stormy weather. The meeting will be tomorrow with Mrs. Wm. Schroeder.

Gets Quick Results—"Stop that want ad" phoned Mrs. C. F. McGeorge to the Times today. "I sold that stove in a hurry." The want ad appeared in the Times last evening and brought almost immediate results.

Plan Benefit—The Marshfield Bridge Club will give a benefit ball at the Eagle's Hall Tuesday night, February 4, for the benefit of the Marshfield Public Library. This will be the night before Ash Wednesday, the first day of Lent.

Wedded Here—Mrs. Edith Breier of North Coos River and Andrew Kardell of South Marshfield were married yesterday in Marshfield. Mr. Kardell recently purchased the Dr. Straw place on North Coos River and they will make this their home.

Let Contract—Alto and Manning were awarded the contract for the carpenter work on the Eastside Athletic Club's new hall for \$65. The building will be one story, 26 by 50 feet. A two story part, 40 by 50 feet will be built in the spring.

Carries Passengers—The Nann Smith has taken out a license to carry passengers, not for the purpose of engaging in the general passenger business, but to carry workmen back and forth. She has the right to carry forty-eight, nine of whom are first class.

Old Chums Meet—W. A. Reid yesterday accidentally encountered an old college chum on the street here. The latter was E. L. Gilbert, who is here in the interests of the H. L. Karns Tunnel Machinery Company of Boulder, Colo. The two had not met for nineteen years, since they were in college together, and they had their most happy reunion.

Is Married—According to word received here, E. P. Shirley, formerly operator at the Marshfield wireless station, but now in charge of the wireless station at Central Point, near Medford, was married there two weeks ago. The news comes as a surprise to Mr. Shirley's friends on the Bay, but they will unite in extending him congratulations.

Proves Up—A. K. Pidgeon was in Marshfield today arranging to prove up on his homestead about five miles above Allegany on the West Fork of North Coos River. The homestead lies near the old Michelbrink ranch, now owned by Mr. Daggett. The Michelbrink ranch was homesteaded thirty-five years ago and it seems a little strange that the property immediately adjoining it is just being proved up on now.

Boys Bother—Mail Carrier Haas of the Marshfield postoffice says that Marshfield boys should be warned about the penalty attached to interfering with mail carriers. Yesterday some lads took delight in snowballing the mail carriers on their routes. This is a serious offense, as the federal laws provide a fine of \$100 to \$1000, in addition to a jail sentence for interfering with mail carriers.

Recalls Pioneer History—A land contest which was heard at Bandon this week involving some property on Whisky Run, near there, brought out some interesting pioneer history. A man named Zelva is contesting the mining claims of Adam Persbaker of Prosper and C. B. Zeek of Bandon on the ground that they are more valuable for timber. At the hearing it developed that William Howell and John Bates are the only living men in Coos county who worked in the old Randolph mine.

No Word Yet—It is reported that the C. A. Smith company's new vessel, the Adeline Smith, passed through the Straits of Magellan, last week. The new vessel was expected to reach Chill, where she was to put in for fresh water this week, but no word has yet been received from Capt. B. W. Olson, although Mrs. Olson is expecting it at any time. It is said, however, that messages from Chill are sometimes delayed a week or so in transit, and this may be the reason that no word has reached here yet.

Daughter Born—Mrs. Sarah Wilson of South Broadway today received a card announcing the birth of a daughter to Mr. and Mrs. Guy Grivlin at their home at Grants Pass, Oregon, last week. Mr. Grivlin is well known on Coos Bay, having rode Coos Bay race horses a number of seasons up to about six years ago. He rode horses of the strings of L. J. Simpson, John Herron and others and is said to have been the best jockey that ever rode here. His many Coos Bay friends will unite in extending felicitations.

Gets Auto—Dr. Wm. Horsfall, Jr., today received a fine Cadillac touring car. It is the latest 1913 model, the same type as the Ward Blake and A. H. Powers cars. George Goodrum secured the machine for him. Mr. Goodrum today also received a Ford delivery auto for the Coos Bay Steam Laundry.

Oranges From Home—E. W. Kammerer this week received a box of large oranges direct from his old home ranch near Chico, California. They are large, sweet and juicy. And Ed's friends, who have been kindly remembered, are willing to admit that next to Oregon, California is the best state in the Union.

Smith Fares Well—L. S. Smith, the new state senator from Coos and Curry counties, is making a fine start in the Oregon legislature. In addition to getting the legislature to adopt the joint memorial in behalf of Coos Bay, he has secured excellent committee appointments. He is chairman of the Industries committee and member of the committees on Elections and Privileges, Fisheries and Public Lands and Railroads. These are among the most important in the Senate and the fisheries committee is especially important to this section, because it will have largely to do about opening fishing on Rogue River. That Mr. Smith will make a good record and secure much for his district is the confident belief of his friends.
