

Now comes your bargain chance

YOU know what happens in this store, at this season of the year; we look over our stock, and pick out all the goods that must be cleared up to make room for new goods soon to come in, and mark prices on them that will make folks come and buy whether they need the things right now or not.

It's the harvest time for the money-saving folks; we're bound to clean up the stock, dispose of all the goods from the past season that we can sell; we want to make a total clearance of all fall and winter goods, and if prices will do it, we shall accomplish this wish.
