that Mr. Motley holds the position of secretary of the Chamber of Commerce, some one of the guests made a suggestion as to a needed improvement of Coos Bay, the next person repeated this suggestion and added another one and so on. When the last guest had repeated all the suggestions and made an additional one, Mr. Motley was requested to repeat every suggestion in order, which he did without missing a one. While, perhaps it would not be wise for Mr. Motley to attempt to carry out some of the suggestions offered, still we may look for some very happy results of the efforts of the organization's new secretary.

INFORMAL

Mrs. I. Hacker, a former well known Coos County resident, but now living at Pasadena, Calif., in a letter to Mrs. F. A. Hazard this week writes that the weather has been awful. She states that the fruit crop is all gone and it is feared that many of the trees and shrubs have been frozen and killed. They moved from Coos County to Pasadena to secure a better climate, and have about made up their mind that the move was not a very good one.

Mr. and Mrs. A. O. Rogers, who were expected home this week from their California trip postponed their coming for another week or so, owing to the inclement weather.

W. T. Merchant and family are planning to move to San Francisco to reside. It will probably be a month or two before they move. Their departure from Marshfield will be greatly regretted by their many friends.

Mrs. W. H. Kennedy will entertain informally a few friends at sewing Monday afternoon at her home in South Marshfield.

Mrs. W. C. Bradley will leave on the next Redondo for California, where she expects to spend a few months for the benefit of her health. She expects to visit at the Jacob M. Blake home in San Francisco, a few days en route south and will also visit at the W. S. McFarland home in Whittier, Calif., during her trip. Most of the time will be spent in southern California.

E. G. Perham and wife and son, Marsal, were expected home from Medford in a few days. They were to have left Medford early this week for Portland, where they will visit Mr. Perham's sister for a few days, before coming in here, overland, according to word received by Mrs. Perham's mother, Mrs. Agnes Hutchinson.

Word has been received from Dr. and Mrs. C. W. Tower and Miss Nellie Tower that they are now pleasantly located in Monrovia, California. They had a very hard trip down. Dr. Tower contracted a severe cold en route, which kept him bedfast for some days after their arrival.

The ladies of the Presbyterian Church will hold a cooked food sale, Saturday, January 25, at Perry and Nicholson's store.

D. C. Green and wife are expected home next week from their eastern trip. Mrs. Green is visiting relatives in Indiana, while Mr. Green went to Washington with the Coos Bay delegation about harbor matters.

Mrs. F. A. Sacchi is expected home soon from San Francisco, where she has been spending a few weeks re-

cuperating from an operation. The operation was an entire success, and she is much improved.

Stephen Rogers and wife left this week for San Diego and Los Angeles, where they will visit for a while, before going to Tucson, Ariz., to spend a few months for the benefit of their health. Mr. Rogers is about eighty years old and his wife is but little his junior, and this is the first vacation trip that they have taken in years. In California they will probably meet their son-in-law and daughter, S. D. Sherwood and wife, and tour with them for a while. Mr. and Mrs. Sherwood went from Coquille a few weeks ago.

W. F. Miller and wife, in a card to friends here, announced that they were leaving San Francisco the last of this week for Los Angeles and vicinity, where they will spend about a month for the benefit of Mrs. Miller's health. Mr. Miller has decided to remain in the south with her, as this is the first vacation he has had in some time.

Mrs. Dorsey Kreitzer and son, William, are expected home in a few days from Monrovia, Calif., where they have been visiting her mother, Mrs. Wm. Grimes, while Mr. Grimes has been in Washington with the Coos Bay delegation. They were expected home today, but Mrs. Kreitzer wired that she wanted to stay until Mr. Grimes returned, and then the bad weather made the postponement of the trip in overland advisable.

Ed Morrissey and Harry Fuog are expected home today from Coquille where they have been the past week.

George W. Loggie, son-in-law of Mrs. Mary McKnight, in a letter here from Bellingham, Wash., this week stated that he was leaving there Monday for San Francisco to consult a specialist.
