

COOS BAY TIMES

H. C. MALONEY Editor and Pub. DAN E. MALONEY News Editor Official Paper of Coos County.

Dedicated to the service of the people, that no good cause shall lack a champion, and that evil shall be its undoing.

DON'T WORRY.

IF YOU have a home and are out of debt, don't fret and worry yourself and your good wife into the grave for the sake of making money. You have but one life to live and it is brief at best. Take a little pleasure and comfort as you go day by day, and try to do a little good to others. A morbid, insatiable desire to possess the earth, to grab everything in sight, is at the foundation of more misery than almost any one thing. Wealth alone will never keep your memory green after you are gone; a good life and kind actions will.

NEW FUEL SHIPS.

One of U. S. Fuel Boats to Be Constructed at San Francisco. (By Associated Press to Coos Bay Times.) Washington, Jan. 21.—Secretary Meyer has decided that one of the two new fuel ships would be built at the Mare Island Navy yard, San Francisco. The cost will exceed \$1,140,000. An act of congress provided that they should be built in the navy yards.

CASTRO CASE IN CABINET.

(By Associated Press to Coos Bay Times.) WASHINGTON, Jan. 21.—Cipriano Castro's appeal to enter the United States merely as a visitor was discussed today at a cabinet meeting. Secretary Nagle took up to the White House the complete record of the case, including the decision of the special board of inquiry at New York ordering his deportation and a bill of exceptions to that ruling, as prepared by Castro's attorneys.

INDIANS LOSE.

Failed in Effort to Be Reinstated as Councilors. (By Associated Press to Coos Bay Times.) WASHINGTON, Jan. 21.—The attempt of the seven Osage Indian Councilors, deposed by Secretary Fisher, to force their reinstatement by mandamus proceedings, failed today when the district Supreme court dismissed their petition. Secretary Fisher removed them for having been unduly influenced in granting a lease to the Uncle Sam Oil Co.

STEEL TRUST CASE.

W. E. Corey and Col. Roosevelt to Be Witnesses. (By Associated Press to Coos Bay Times.) NEW YORK, Jan. 21.—The hearings in the government suit to dissolve the United States Steel Corporation, under the Sherman anti-trust law, which were to be resumed there today, were postponed until Wednesday. W. E. Corey, former president of the corporation, will be the first witness. It is expected that Col. Roosevelt will be called in the course of the hearings to testify about the absorption of the Tennessee Coal and Iron Company by the United States Steel Corporation during the panic of 1907.

DARROW ON TRIAL.

Noted Lawyer Again Tried for Bribery in Los Angeles. (By Associated Press to Coos Bay Times.) LOS ANGELES, Jan. 21.—Clarence S. Darrow, lawyer, author, union labor advocate and defender of the labor leaders, accused of serious crimes, was placed on trial Monday for the second time on the charge of having corrupted a juror in the McNamara case. LOS ANGELES, Jan. 21.—At noon today five tentative jurors were in the box in the case of Clarence Darrow, the McNamara attorney, accused of jury bribing. Judge Conly, presiding, made a ruling that no man who entertained any bias against labor unions or against Darrow, himself, because of his reputation as an advocate and counsel for labor leaders accused of crime, could serve on the jury.

THOSE WONDERS

—BY— BOB STANLEY

He would be a wonder who ne'er made a blunder and stuck ever close to the trail—who ne'er took a tumble, a fall, or a scramble that landed him where many fall. I've seen such a brother, the pride of his mother, whom people said ne'er did a wrong—who traveled demurely on highway, securely, that's narrow, and tiresome, and long, but, maybe unfairly, a sight of him, rarely, brought worshipful thoughts to my mind. In faith I was lacking, and he got no backing from me who to faults should be blind. "And why?" you're inquiring, and answering desiring, "Was not such a man most ideal?" I answer sincerely, to me he was merely so good that he never was real.

LOCAL OVERFLOW

Delays Passengers.—A telephone message received today stated that the passengers had got into Gardiner from Drain, after being detained by the slides near Scottsburg. They will reach here at 6 o'clock.

Buy Mill.—It is reported that the Swayne & Hoyt interests have practically closed negotiations for the purchase of the North Bend Lumber Company's mill. When they will start up and the scale will depend upon the outcome of negotiations for timber.

Eastside Shooting.—Special Patrolman Charles Doane states that about 1 o'clock yesterday morning two shots were fired in Eastside. The shots were very plain and were from a large calibre revolver or rifle. Some thought they were fired here. Whether they had any significance or were fired by some roysterers has not been ascertained.

Up For Insanity.—John Rand, who is thought to be "Jack, the Peener," will be taken before Justice Pennock this evening and his sanity investigated. Marshal Carter has found his naturalization papers, showing that he was born in Iceland and that he was naturalized in Virginia in 1906. There is little doubt but that Rand is off mentally.

Delayed by Storm.—E. B. Hagnewood of Montesano, Wash., who was expected here today to attend the funeral of his mother, Mrs. Annanda Hagnewood, who died at the P. E. Westberg home, was unable to reach here in time for the services today. He was wired to come at once, but was not told that his mother was dead. He started, but has been delayed by the storms and is expected here by tonight or tomorrow. Rev. Doward conducted the services from the Marshfield Christian church.

NORTH BEND NEWS

Mrs. V. Watters of North Bend is expected home this week from Oregon City, whither she went to visit her daughter, who has been quite ill with typhoid fever. Miss Emma Johnson returned Saturday from a three weeks' visit in Gardiner. The North Bend Presbyterian ladies will meet Thursday afternoon at 2 o'clock with Mrs. H. O'Mara on Sherman avenue.

WRECK BLAME PLACED.

Carelessness Blamed for Death of 15 and Injury of 52. (By Associated Press to Coos Bay Times.) WASHINGTON, Jan. 21.—Careless signaling is indicated in the report of the Interstate Commerce Commission primary as the cause of the accident on the New Orleans division of the Yazoo and Mississippi Valley railroad near Montzla, Nov. 12, in which fifteen were killed and fifty-two were injured. There is no block system on the railroad.

CLAIMS ARE FILED.

Among the claims filed with the referee in bankruptcy against the Miocene Oil and Gas Co. of Bandon are the following: Star Drilling Co., \$589.76; Pacific Northwestern Adjusting Co., for Havilsde, Withers and Davis, \$958.63; C. A. Smith, \$778.40; F. Kenworthy, \$528.75; R. H. Ross, \$6.45; Bank of Bandon, \$106; Geo. W. Moore, \$6.65; Central Feed Co., \$27.05; A. McNair, \$55.44. The assets of the company are simply the drilling machinery.

OLYMPIC GAMES COMING HERE

Famous Athletic Contests in Stockholm to Be Reproduced in Marshfield.

Manager Marsden of the Grand theater is rapidly developing that popular photoplay house as an all-star attraction place of amusement. Following the successful Sarah Bernhardt performance, on Friday afternoon and evening of this week he will give the first showing of the famous Olympic games at Stockholm, Sweden. These world-famous events possess a peculiar and particular interest for the people of Coos Bay. Many of the winners in these contests were from the Pacific coast and many of the people here are familiar with the scenes of the contests. These features will show the actual events just as they were conducted. Don't forget the day and place, Friday afternoon and evening at Grand theater.

FOR PHONE PROBE.

Government Will Investigate Bell Company's Monopoly.

(By Associated Press to Coos Bay Times.) WASHINGTON, Jan. 21.—Attorney General Wickersham has abandoned the proposal to attack the American Telephone and Telegraph Company or Bell system, under the Sherman anti-trust law and has deferred the whole telephone and telegraph subject to the Interstate Commerce Commission for an investigation. A formal order to make an investigation will soon be issued by the Interstate Commerce Commission. Wickersham announced today.

VIEWS OF HAWLEY.

Congressman Finally Admits That Coos Bay Delegation Helped.

A Portland paper prints the following Washington dispatch. "A delegation from Marshfield made a very strong presentation Monday afternoon before the board of army engineers in favor of repairs to the Coos Bay jetties. The committee met yesterday informally in Congressman Hawley's office and agreed that the attitude of the engineers and character of the questions they asked seemed to argue well for a favorable report. "Hawley himself was very optimistic. He said that the committee were exceptionally well qualified to present the case and that they presented it well."

CUT THE HIGH COST OF LIVING

W. H. Chapman of Winnebago, Neb., tells how he did it. "My two children had a very bad cough and the doctor's medicines did them no good. I got a bottle of Foley's Honey and Tar Compound, and before it was all used the children were free and cured of their cough. I saved a doctor's bill for one 25c bottle of Foley's Honey and Tar Compound." No opiates. Sold by Lockhart & Parsons, the Busy Corner.
