A REGRETTABLE INCIDENT.

MAYOR Straw forgot the dignity and decency of his office and the respect he owes the people of this city as their chief magistrate at last evening's session of the city council.

Such an exhibition of ill-advised and wholly unbecoming action and language is seldom seen at a meeting of this character even in a frontier mining town. When without provocation or pretense Mayor Straw called Councilman Albrecht a "damn liar," he overstepped all limits of good sense, good manners and good morals.

The people are indebted to the self-control and restraint of Councilman Albrecht that the city was not disgraced with a fist fight, which the mayor offered to pull off there and then.

As mayor of this city, E. E. Straw should seek to promote peace and not to provoke fights. His action last night was unwarranted and uncalled for. Notwithstanding, Mayor Straw's continued badgering during the evening, Councilman Albrecht made no charges or remarks that called for the mayor's gross and insulting language.

Mr. Albrecht acted like a gentleman and Mayor Straw like anything else.

NOT READY TO MAKE REPORT

Fire Apparatus Committee Asks Further Time Before Recommendations.

Messrs. Allen, Goss and Keating last evening presented a written report to the city council of their trip to inspect fire apparatus. They asked for a longer time in which to compile a final report on the kind of apparatus they would recommend for the city.

They inspected a triplicate Knott chemical, hose and pump auto truck at Eugene, an American-La France combination chemical at Salem, Sengrave apparatus at Vancouver and Pope-Hartford, White Car and other apparatus in Portland.

The state that the auto apparatus has not been used long enough in the west to determine whether it is best suited for Marshfield or not. They state that the combination hose and chemicals are very heavy for the elevated streets in Marshfield and that the price is very high.

They stated that on this account they were considering a motor chain for the present fire apparatus.

They recommended that a new fire alarm system be installed, providing for an alarm at the home or place of business of each member of the department so that the firemen could respond at fires more promptly. The cost of a phone automatic alarm system of this kind would be small.

Upon the conclusion of the report, Councilman Winkler moved that a vote of thanks be extended to the various city officials who had assisted the Marshfield delegation.

Councilman Albrecht also requested that stronger elevated streets be built and City Engineer Gidley stated that the new one were being built much stronger than the old ones.

WEDNESDAY TO BE ALL-FEATURE NIGHT

Golden West Quartette to Open at Orpheum Tomorrow Night.

Tomorrow—Wednesday—will be a banner day at the "House of the Photoplay." The persistency on the part of the Orpheum management to secure novelties in addition to a high grade new licensed and censored motion picture programs, has resulted in a very noticeable increase in business and satisfied patrons. A number of really good pictures are scheduled for exhibition in the very near future, one of them being the championship ball games, and of course every one knows that the "What Happened to Mary," series are to be run at this theater exclusively. In addition to these, Shakespeare's "As You Like It," in three reels, is to be put on the boards real soon. But to get back to the original intention of this article, we wish to say that the Golden West Quartette has been greatly improved and strengthened for this season, and now includes Tower, Lash, Dodge and Baynard. Their songs for Wednesday night will consist of specially selected numbers. The admission price remains the same. Four repeated pictures will be run, being the best of the past week's run.

BAND TO ASK ELECTION NOW

Want to Put Matter Up to the Voters—Had Planned for Long Summer Tour.

Members of the Coos Bay Concert Band are today figuring on circulating petitions asking for a special election to permit the voters to determine whether or not the city shall contribute \$150 per month to support the organization. Definite plans have not been made but probably will be within a day or two.

The band has been figuring on a long tour this summer to boost Coos Bay. In fact Fred Wilson who is now in Portland is making some of the preliminary plans for it. The idea was to spend about a month on the trip, playing a number of concerts in Portland, then at the state fair in Salem and later at the Pendleton Roundup with concerts en route at other Oregon towns.

The band boys dislike to have the organization go to pieces now and think it would be difficult to get support for it by the old system of contributions.
