

Good buying sense

If you buy a suit now, you'll get it for a good deal less than it's worth; same thing is true of buying an overcoat. The money saving is in getting more for your money rather than in spending less. You'll have the clothes to put on next fall and that may prevent us from selling you a new suit then; but we'll make a good solid friend out of every man who buys now; and friends are worth a lot to us.

Hart Schaffner & Marx

clothes are worth having plenty of; at the prices we're making, you'd better have plenty of them.

Meet Friday.—The Ladies' Art club will meet Friday with Mrs. W. B. Curtis.
Many Signers.—T. Meyer, who circulated the petition to the legislature, requesting the passage of the Workmen's Compensation Law, reports that he has secured 924 signatures.
Gardiner Improves.—The tug Gleaner this week took part of the machinery from here to Gardiner for an electric light plant, which Mr. Jewett and other citizens there are arranging to install.
Hurt by Auto.—Dewey Stutsman sustained a broken arm while cranking his auto this morning, the crank kicking back and striking him on the arm. The injury is a severe one and will lay him up for some time.
Eggs Lower.—The retail price of eggs dropped to 35 cents here yesterday as a result of the increased local supply. Whether the opening of Lent next week will mean an advance in the price again is problematical.

Actress Delayed.—Gladys Brockwell, the actress, who has been expected to arrive on the Bay the last two weeks, has postponed her trip, because of the illness of her mother. It is not known now when she will reach here.
Odd Fellows in Charge.—A press dispatch from Carlton, Oregon, announces that the funeral of George McCutcheon will be held there this afternoon under the auspices of the Odd Fellows. Mr. McCutcheon is said to have about \$15,000 interest in the estate left by his father, the late E. W. McCutcheon of Carlton.
Old Friends Meet.—Del Cathcart and Wm. Magee, a brother of Mrs. Henry Black, had a happy reunion here this week. The two were intimate friends on Coos Bay about forty years ago and had not met for over thirty years. They regaled each other with memories of the olden time and pioneer doings on the Bay. They recalled today a hunt for two men who got lost in a storm while en route to Empire from Coos River. That was 36 years ago. The men lost were Mr. Bousley, a brother of Mrs. Howe of West Marshfield, and an uncle of Mrs. Milo Sumner, and Mr. Perdue, a cousin of Mr. Magee. Nine men engaged in the search for them and in the party were Messrs. Cathcart, Magee and George Woodruff, who died recently. Mr. Magee will leave tomorrow for Cordova, Alaska, in the Copper River country, where he has made his home for 15 years.

To Wed Soon.—Coos Bay friends of Miss Lilabel Johnson of San Francisco, who has been visiting here, been apprised that her marriage to a San Francisco traveling man, will take place in the early spring.
Has Quartet.—Manager Keller has secured the Golden West quartet, consisting of Messrs. Tower, Dodge, Baynard and Lash, for a number of appearances at the Orpheum. They are making a big hit with their late songs.
May Build.—Councilman F. E. Allen has purchased four lots on the crest of the West Commercial avenue hill and is planning to erect a new home there soon if he disposes of his residence in South Marshfield, as he figures on doing.
Is Traveling.—W. T. Merchant has received word that his son, Charles, has recovered sufficiently from his recent illness to resume work. He is now travelling part of the time out of San Francisco, making the Sacramento Valley.
New Houses.—Mrs. Jennie Landrith of North Coos River has about completed the plans for the construction of a new home on her Eastside property. Mr. Wilson will have the contract. G. H. Meyers of South Coos River will also build on his lots in Eastside.
Locate Relatives.—John Herron has discovered that James Dolan, the old man who died at Mercy hospital yesterday, has a brother and sister in New York city and is trying to apprise them of the latter's death. Mr. Herron states that Dolan was injured in a fire in his shack on North Front street instead of at Herron's saloon, as Mayor Straw had understood.
Mother Ill.—V. C. Gorst left on this morning's stage via Gardiner and Drain, for Seattle in response to a message saying that his mother was about to undergo a serious operation in a hospital there. She was brought to Seattle from the family home at Port Orchard, Wash. Mr. Gorst is the only son. Several daughters are already with the mother, who is sixty-eight years old, and who, it is feared, may not recover from the operation for a facial tumor.
Bad in Idaho.—Wm. Allred who came to the Bay a couple of months ago from Idaho, says that the people here who complained about the weather recently being bad do not know what bad weather is. He has just received copies of papers from home and they tell of the worst weather in Idaho for 30 years. Heavy snowfalls and cold had blocked the railroads, affected the water systems, lighting plans and in fact isolated many towns worse than Coos Bay has been isolated in years.
