Steamer in This Morning from San Francisco with Passengers and Freight.

ORPHEUM THEATER SOLD. Well Known Photo Play House Changes Hands. B. R. Keller, who established and developed the Orpheum Theater into one of the successful and leading photo play houses of Southwest Oregon, has sold the same to Charles and Zevorne Tower and their sister, of Junction City, Oregon, who have taken charge.

LOCAL OVERFLOW

Fined Today—Wm. Hart, a member of the J. W. W., and recently employed in the Merchant's cafe, was arrested last night for hitting Mike Vaughan. Hart claimed he only slapped Vaughan after the latter had made insulting remarks to him. Hart was found guilty by Recorder Butler and given his choice between a \$5 fine and two and a half days in jail and he took the latter. Marshal Carter informed him that he would either have to work on the street or subsist on bread and water and now the other J. W. W. members are highly incensed, claiming that the bread and water treatment has not been accorded anyone hitherto.

Dies Today—Mrs. Nora Johnson, aged 76, died today at the home of her niece, Mrs. Eugene Conklin, on South Eighth street, near the high school. She had been a resident of the Bay for about four years. She had suffered for a long time from dropsy.

Here for Inquest—Deputy Prosecuting Attorney Libbey arrived here today from Coquille to assist Coroner Wilson with the inquest over Charles Foster, who died here the other day from mysterious injuries.

Expect Parole—Judge John P. Hall will pass on the petition for a parole for Phil Lennon at a session of juvenile court in Coquille today. Friends of the Lennon all expect that the parole will be granted as the petition for clemency is a strong one.

E. R. CUTLER of San Francisco and E. M. Wiley of New York arrived here on the Redondo to look after some timber property in this section.

MESSRS. LLOYD and MITCHELL, inspectors of fire protection in mills, arrived here on the Nann Smith to look after the apparatus in the C. A. Smith mill and other properties.

W. F. BURR contractor of the Smith-Powers road at Myrtle Point, will leave on the Redondo for San Francisco.

ARTHUR McKEOWN and son, JOEY plan to leave for San Francisco and Oakland to visit relatives. MRS. L. J. SIMPSON of North Bend will leave Thursday for San Francisco on the Redondo.

NO ACTION ON MILL SLOUGH TO BE CLOSED BAND MATTER

(Continued from Page One.)

protection and that he did not like to see any change made. When the nightwatch was invested with full police authority, he said that the service was not as good as they desired. He wanted the fire patrol left the same with the possible exception of giving the officer authority to make an arrest on the special boat, but he didn't want him to go elsewhere. Anyway, he said the city might just as well pay the band direct and let the merchants continue to pay the night watch, because it was simply changing money from one pocket to the other. He said that he thought it would be poor policy to economize so much as to lose out. He said that the city needed the band, the expenses were growing also indicated that the city was growing and better able to afford it. He said that the merchants had been more than repaid by having the special nightwatch, the extinguishing of threatened fires in the Lockhart grocery and other places having saved more than his salary would amount to in years. He said he would like to see the council reconsider the band proposition because the band was good for the community. Furthermore, he said that everyone was regretting the possibility of losing the band and he was sure that if the matter was put to a vote of the people it would carry by a big majority.

Explains Matter. Here Mayor Straw said that he wanted to explain why he had dissolved the special nightwatch of police authority. He said that when Officer Doane went out on Broadway to help in a motorcycle accident or up North Front street to help quell a disturbance, the subscribers to the fund were kicking. He said that he heard so many protests from them and later from other residents that he decided to drop him. Before doing so, he took up the matter with R. K. Booth, head of the merchants' patrol, but said that he could not adjust it satisfactorily, and so he simply annulled Doane's appointment.

W. R. Haines here suggested that the subscribers to the fund for the merchant policeman sign an agreement that if the nightwatch was vested with police authority that he would be kept on the old beat. He said that Mr. Doane had informed him that the subscriptions now only amounted to about \$75 per month, not enough to warrant him keeping up the work, and wanted some to increase their subscriptions.

Finally the matter was dropped without anything definite being done. City Attorney Goes was absent and no one was there to draft an ordinance.

General Bixby Promises Action as Soon as Regular Request Is Received.

D. C. Green, president of the Marshfield Chamber of Commerce, while in Washington took up the matter of filling Mill Slough with the United States Engineers. He was informed by General Bixby that the engineers could act at once in the matter and order it closed if the proper preliminary steps were taken. General Bixby informed Mr. Green that Capt. Robert had taken the matter up with them, but had never forwarded a necessary resolution or request from the Marshfield city council. General Bixby stated that as soon as this request from the council was forwarded through Capt. Robert, the order would be issued.

The Marshfield city council took action some time ago in favor of closing Mill Slough, but whether this resolution got lost in transit is not known.

The matter will be brought up again Friday evening at the annual meeting of the Marshfield Chamber of Commerce and the Marshfield city council requested to take the necessary action. At Friday night's meeting officers for the ensuing year will be elected and President Green will probably be re-elected.

MILLIONAIRE ON TRIAL. Broker Beach of New York Charged with Assaulting Wife.

AIRKEN, S. C., Feb. 4.—Charged with assaulting his wife, Camille Morse Havenmeyer Beach, "with intent to kill," F. O. Beach, a New York millionaire, was placed on trial today in the court of general sessions. Mrs. Beach was assaulted February 26 last while standing on the lawn of the Beach winter home here. Immediately after the attack, Mrs. Beach asserted her assailant was a negro.

Beach and his wife arrived in the court room early. The case was called at 10:20. Only twenty-two minutes were required to secure a jury. Seven of the men accepted were farmers, one a country merchant and the rest cotton mill operators. While the indictment was being read Mrs. Beach kept her eyes on the prosecutor. Beach was not formally arraigned.

The first testimony was that of Miss Lallah Wyman. There were but few members of the wealthy winter colony in attendance during the day's session.

Why Salves Can't Cure Eczema

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and cannot penetrate to the inner skin below the epidermis where the eczema germs are lodged. This—the quality of penetrating—probably explains the tremendous success of the well known liquid eczema remedy, oil of wintergreen, thymol, glycerine, etc., as compounded in D.D.D. Prescription.

Twin City Auto Stage Line

Jerry Kinney, formerly with the Palace Cafe, has inaugurated a new automobile stage line, between Marshfield and North Bend. The service is known as the "Twin City Stage Line," and starts with two seven-passenger Cadillac machines and will have more if the service warrants it. He inaugurates a round fare of 25 cents between the two cities. This, he believes, is all the service justifies since the new waterfront road reduces the time and also the cost of the service. He has made arrangements for the through service only, leaving the local service to the local auto but in case of an emergency will provide local service for through patrons. He will have his headquarters at the S. S. Jennings store in North Bend, Phone 1151, and at Hillier's Cigar Store in Marshfield, Telephone 18-J. The service will connect with all boat and train schedules. The regular schedule is as follows:

Table with 4 columns: Leave Marshfield, Leave North Bend, and corresponding times for various routes.
