## SCHOOL NOTES

### GENERAL SCHOOL NEWS.

The study of masterpieces in art received encouragement this week through the presentation to the school of the Great Artist Series of artist studies together with some 1500 additional small pictures for the use of children.

A high school worth the name must require home study. Are you young people at home nights tending to business? An investigating committee of the school conditions in a city of the middle west lays the night gadding habit of its young people.

Book withdrawal cards show Gary Lee and Washington's Young Aids among the books that are popular with boys of the Sixth and Seventh grade age. There's a list for somebody who doesn't know what to buy.

Graft is graft, whether in school work or in business; in writing an examination or in keeping books; in solving imaginary problems in arithmetic or in solving real problems in everyday life. The public school has an important work to perform in teaching good, old-fashioned honesty.

### ATHLETICS.

Things athletically are very much alive in the High school, though some members of the basketball team have been cut out of practice this week on account of sickness and injuries. But with these disadvantages, the team is progressing and though made up almost wholly of inexperienced players, so far this season has given a good account of itself.

The warm, bright weather is the cause of the track bees buzzing and much talk of the prospects for a successful track season is indulged in. It is hoped that Marshfield will be able to repeat her performance of last year on the track, and with two of last year's stars around which to build a team it seems as if those hopes may be realized.

It is hoped that a greater number of men will enter training and by so doing relieve somewhat the necessity of using one or two men in so many events.

### HISTORY NOTES.

To begin the semester's work of the American history, the class took up the period of Republican supremacy, or the early Jeffersonian party rule. Besides the history itself a limited study and discussion will be made concerning the development of parties.

The English history class is now studying the period of the Stuarts and also each Friday recitation period is devoted to current events, and discussions of interest to the class.

The Sophomore class is studying the period of European history known as the Era of Political Revolution, during which the despotic power of the divine right kings was overthrown and the common people again represented in government.

The Freshman class is now studying the history of Rome, a very full and complete understanding of the early government and religion being aimed at.

### PUBLIC SPEAKING.

Much interest is being manifested of late in regard to the oratorical contest to select a representative to compete at Myrtle Point in the county contest on the second Friday of April. It appears as though Marshfield should be well represented this year and prospects for a hard fought local contest are apparent. Both the Isaacson brothers are expected to enter, as well as Miss Bessie Flanagan and Messrs. Jensen, Rohkopf and several more. A gold medal will be given to the winner of the local contest which is to be held the first week in March.

### COMMERCIAL DEPARTMENT.

The Commercial department opened the second semester's work with fine prospects. Several new students entered and with three new courses added this semester interest has greatly increased. Nearly forty students are taking book-keeping this term. The other classes in commercial law and commercial geography are proving very interesting to those registered in these two courses.

### SOUTH MARSHFIELD.

New pupils entering the eighth grade this week were Edyth Sumner, George Terry, Esmond Gloss, Ralph Benham, Harold Haglund, Mabel Immel.

In a grammar test given Friday John Merchant, Jennie Holmes and

Marie Largent made the highest grades.

Forty pupils enrolled for this semester.

Those having perfect lessons in spelling for the week are Bessie Thomas, Fay Walker, Jane McLain, Ge Wing, Elvie Grant, Forest Gregg, Thomas Crosthwait and Clyde McGary.

#### Sixth Grade.

Allan Larry has withdrawn.

#### Seventh Grade.

Ursula Farringer, Marguerite Wiseman, Edith Hawkman, Helen Immel and Irene Fourier are doing especially good work in writing.

The pupils have sent for the Palmer method of business writing so that each one will have a book to practice from.

Chester Lenet has withdrawn. Both classes are studying South America in geography.

In addition to the honorary pupils the following were promoted to the Eighth grade: Edgar Cason, Edyth Sumner, Story Musson and Harold Haglund.

To the A Division, Seventh grade: Arthur Christensen, Hazel Cowan, Gilbert Johnson, Lloyd LeMeux, Wilfred McLain, Claude Post, Hattie Rehfeld, Bert Tribbey and Ernest Burrows.

Those who entered the B division, Seventh grade are: Abigail Ledward, Orton Doward, Zella Swinford, Herman Glossop, and Marguerite Wiseman.

#### FEB. 12 WILL BE EARTH DAY.

State Superintendent of Schools Asks to Have It Observed.

State Superintendent L. R. Alderman has written to each of the county school superintendents of Oregon asking them to aid in preparation of programs on February 12, Earth Education day. He believes that the schools and school authorities should support senate bill 72, which provides state approval in aid of the scheme of industrial practical training, which was supported by contributions of citizens last year. He says in his letter to the superintendents: "It is desired that we have exercises in the schools February 12, on industrial education, the day to be known as Earth Education day. Last year thousands of our Oregon children had gardens and made exhibits of their products as well as of other work of their own hands. These contests showed that our boys and girls can do these things. This year we want to show the people what we can do when we all take part. It is most fitting that we do this on the birthday of Lincoln, who knew how to work with his hands as well as his brain, and had a heart made sympathetic with humanity by work."

W. S. Skelton, a merchant at Stanley, Ind., says he would not take \$100.00 for the relief a single box of Foley's Kidney Pills gave him. "I had a severe attack of kidney trouble with sharp pains through my back and could hardly straighten up. A single box of Foley's Kidney Pills entirely relieved me." Sold by Lockhart & Parsons, the Busy Corner.

## Twin City Auto Stage Line

Jerry Kinney, formerly with the Palace Cafe, has inaugurated a new automobile stage line, between Marshfield and North Bend. The service is known as the "Twin City Stage Line," and starts with two seven-passenger Cadillac machines and will have more if the service warrants it. He inaugurates a round fare of 25 cents between the two cities. This, he believes, is all the service justifies since the new waterfront road reduces the time and also the cost of the service. He has made arrangements for the through service only, leaving the local service to the local autos but in case of an emergency will provide local service for through patrons.

He will have his headquarters at the S. S. Jennings store in North Bend, Phone 1151, and at Hillyer's Cigar Store in Marshfield, Telephone 18-J. The service will connect with all boat and train schedules. The regular schedule is as follows:

Leave Marshfield—		Leave North Bend—
