**Kammerer Says:**  
 Business is but a game of chance. We can't all be winners, and while it has been my misfortune to suffer a loss by fire, smoke and water, not mentioning the inconvenience, loss of time and depreciation of stock—will say that I am most thankful to the many friends who so faithfully helped in a time of need.  
 Fellows, I would like to grasp each one of you by the hand and extend my most sincere appreciation.  
 I will be open for business at the earliest opportunity and will add that *my misfortune will be your gain.*  
 A sale of unusual interest awaits you just as soon as I am able to adjust my affairs and make some disposition of the stock.  
 Yours, anxious to please,

 You know what you are worth today. What are you going to be worth five years from today? When we build a house we have a plan. When we build a career, most of us putter, dawdle, dream dreams, and wait for some favorable breeze to waft us to harbor. Lack of business training is not only a handicap—it is an absolute block to your advancement. Will you consider this a little while you are building the man or woman who later will be YOU? Start right by starting NOW—For something worth while. Positions in abundance and no trained help.

**Twin City Auto Stage Line**

Jerry Kinney, formerly with the Palace Cafe, has inaugurated a new automobile stage line, between Marshfield and North Bend. The service is known as the "Twin City Stage Line," and starts with two seven-passenger Cadillac machines and will have more if the service warrants it. He inaugurates a round fare of 25 cents between the two cities. This, he believes, is all the service justifies since the new waterfront road reduces the time and also the cost of the service. He has made arrangements for the through service only, leaving the local service to the local autos but in case of an emergency will provide local service for through patrons.  
 He will have his headquarters at the S. S. Jennings store in North Bend, Phone 1151, and at Hilber's Cigar Store in Marshfield, Telephone 18-J. The service will connect with all boat and train schedules. The regular schedule is as follows:
