

PLAY GROUNDS TO BE DISCUSSED

Pacific Coast Cities to Be Beautified as Result of a 'Frisco Meeting.

PORTLAND, Feb. 20.—The first Pacific Coast Playground and Recreation Congress will be held in San Francisco, February 25-28. This gathering will be of great interest to all concerned in the coming of immigrants to this coast and has been called with the special idea of preparing educators and social workers for the problems that will have to be met on the opening of the Panama Canal and the consequent rapid growth of the Coast centers.

Leading educators of the United States will address the meeting.

Two thousand children will participate in an immense athletic demonstration, giving exhibitions of playground gymnastics, etc.

L. H. Wier, field secretary of the Recreation and Playground Association of America, will go from Portland to attend the congress and make an address. He said:

"Business men and teachers, as well as social workers, will hear much of interest and value at this congress. This is a part of a nation-wide awakening to the need of providing wholesome recreation for children and adults in all cities. It will be a step toward assimilating the hordes of people who will flock to this coast upon the opening of the Panama Canal. We realize that an ounce of prevention is worth more than a pound of cure in handling the problem of congestion with its attendant evils of bad housing, vice and disease. Earth education through school garden contests will be a topic for discussion as well as the question of the wider use of schoolhouses for educational and recreation purposes for adults as well as children."

GIRL STILL HELD.

Abductor of Beulah Willard of Coquille to Turn State's Evidence.

SACRAMENTO, Feb. 20.—With a prison sentence of from one to ten years staring him in the face on a white slave charge, Herbert Hubbard, arrested here a few days ago for complicity in the attempted abduction of nineteen-year-old Beulah Willard of Coquille, Ore., announced his intention of turning state's evidence against Earl Goldsworthy, the principal in the case. He will be held as a witness against Goldsworthy. Hubbard and the girl were closely questioned by City Prosecutor Cross, and their statements were taken down in shorthand. The girl is being held here in the Detention Home.

Attorneys for Goldsworthy obtained a writ of habeas corpus returnable Monday, but inasmuch as a local complaint has already been made against him it is declared by the City Prosecutor that such a proceeding will have no effect.

PAY LONG-STANDING DEBT.

DENTON, Tex., Feb. 20.—Tom Fitzpatrick of Denton recently received 30 cents by mail in payment of a twelve-year-old debt of 10 cents. A note accompanying the remittance read as follows: "About twelve years ago I borrowed a dime from you. With back interest and compound interest it would amount now to 30 cents, which I inclose."

Hints on Hair Health

If you use our treatment, we will either stop your hair from falling or pay for the treatment ourselves.

Dandruff is a contagious disease caused by a microbe, which if not removed causes baldness. This microbe often comes from a comb or brush belonging to someone else.

If you are troubled with dandruff, itching scalp, falling hair, or baldness, we believe that Rexall "93" Hair Tonic will do more than anything else to remove the dandruff, destroy the germ, make the scalp healthy and stop falling hair, and, if there is any life left in the roots, also promote growth of new hair.

We believe that probably 65 per cent of the cases of baldness could be overcome if people would only use Rexall "93" Hair Tonic for a reasonable time, as directed.

We don't want you to take our word for this. We want you to test the merits of Rexall "93" Hair Tonic at our risk. If you use it and it does not give satisfaction, just come back to us and tell us, and we will immediately hand back to you the money you paid for it. You promise nothing, sign nothing and your mere word will be taken for it.

We are dependent upon your confidence and patronage, and we would not make these claims, or make this offer if we did not believe that Rexall "93" Hair Tonic is the very best hair preparation you can use. Two sizes of bottles, 50c and \$1.00.

You can buy Rexall "93" Hair Tonic in this community only at our store:

SAYS MAN CAME FROM ANIMAL

Narrative of Adam and Eve Is Merely Typical, Says R. L. Paddock, in College Speech.

EUGENE, Ore., Feb. 20.—Adam was not the first man upon this earth, neither was Eve the first woman, and the serpent and the garden of paradise are probably figures of fiction, according to Bishop R. L. Paddock of the eastern Oregon diocese of the Episcopal Church, who addressed 600 university men and women. Man was probably not made in 24 hours, as the Bible states, according to the bishop, but developed by evolution from the animal, during six long ages of many million years.

"The story of Adam and Eve," he declared, "is a story told in very simple wording for the children of the race; it conveys the beginning of spiritual humanity. Adam and Eve were merely typical of other men and women already existing."

"Reasonable Religion" Theme.

The theme of Bishop Paddock's address was "Reasonable Religion," under which he condemned theological divisions, and declared that the real problem of immorality lies in its physiological effect upon reproduction and perpetuation of mankind.

"The average man of the west today is craving a reasonable religion—one based on common horse sense," he said. "We must come down from ecclesiastical diversions at which the average man rebels; come down from the clouds, and select that which will sweep the streets. Religion may supply ideals, but it must have enough of the utilitarian to prompt men who think to live straight."

"It is not so much that we get men into heaven, as to getting heaven into men. The problem of morality is the problem of making the race better."

"We must keep our bodies sacred—not to avoid punishment; not to avoid disgrace, nor detection, nor pain; we must keep our blood pure, not merely to avoid giving pain to whom God gives as our life companion, thus to suffer for our degenerations, but that we may give to the world children not damned by our own mistakes."

"Man's Life Must Be Clean."

"It is natural for man to want to live—even after he is dead. He can do so through his children. It is natural for men to want to do good and continue some good in the world; he does it and continues it by so living that his child will not inherit a tendency toward depravity. But his own life must be clean throughout. It is too late to say, when I get married I'll brace up, or 'After I become engaged I will be a better man.' If we are to be successful fathers and mothers we must prepare. It will not do to reform before the birth of the child. It is then too late. The child will be born, not necessarily with disease, but with developed passions for lower ideals. The man who would reform when the time comes looks upon marriage not as a factor of evolution, but as a means of gratification of the animal instincts."

Twin City Auto Stage Line

Jerry Kinney, formerly with the Palace Cafe, has inaugurated a new automobile stage line, between Marshfield and North Bend. The service is known as the "Twin City Stage Line," and starts with two seven-passenger Cadillac machines and will have more if the service warrants it. He inaugurates a round fare of 20 cents between the two cities. This, he believes, is all the service justifies since the new waterfront road reduces the time and also the cost of the service. He has made arrangements for the through service only, leaving the local service to the local auto but in case of an emergency will provide local service for through patrons.

He will have his headquarters at the S. S. Jennings store in North Bend, Phone 1151, and at Hillyer's Cigar Store in Marshfield, Telephone 18-J. The service will connect with all boat and train schedules. The regular schedule is as follows:
