Eliminate Expense Shafting and Belting

The friction and transmission loss in belt and shaft drive sometimes amounts to 50 per cent. By eliminating that dead loss your profits increase.

Individual electric motors do away with the shafting entirely and practically eliminates belts. Every atom of power goes directly to the machines.

Central Station Power Cuts Production Costs

You pay only for the power used. Individual electric motors enable you to use one machine without operating your whole factory. One department can work overtime without necessitating the expense of operating the entire power plant.

A report from our power experts may put money in your pocket. At any rate it costs you nothing. Telephone 178 and ask for the New Business Department.

SCHOOL NOTES

GENERAL SCHOOL NEWS.

If the boy wants to raise a few vegetables or the girl a few flowers, wouldn't it be a fine idea to push the thing along with show of interest and help?

Here's wishing success to the Mothers' club movement. The person who stops his education with commencement day is about dead already. Surely the lines of study that such an organization can pursue are legion.

Pupils were given flower and vegetable seeds this week in the hope that they might become interested in growing things. Bob Burdette says: "It is inherent in the boy to want to raise things. Even Adam raised Cain." If so give him a piece of ground for tillage.

Do the children ever read aloud at home. It is right fine practice. Pupils of Fifth B in the Central school were asked to read aloud at home for twenty minutes every night. Improvement is noticeable in their reading already.

Education is a self-active process. No one can educate a child. He has to do it himself. The teacher can be a help and inspiration. The best teacher is the one who gets the children to do the most for themselves.

How is this from an exchange: "The boy without a playground is father of the man without a job."

Any teacher who is interested in "readers" ought to write Row-Peter, Chicago, for a sample copy of their Free and Treadwell series. They are fine.

Miss Moore, teacher of Domestic Science, has been unable to meet her classes this week, owing to trouble with her eyes. She will resume work as usual on Monday.

An advanced class in fancy cookery will be organized by Miss Moore next Friday afternoon, Feb. 28, at 2 o'clock at the High school building. Fancy cooking, such as French pastry, etc., will be done by this class.

Miss Lillian Elmore, teacher of the first grade at the High school building was confined to her home a couple of days this week by an attack of la grippe. Mrs. Morrow supplied during her absence.

HIGH SCHOOL PLAY.

The Marshfield High school students will present "The Eclipse," a minstrel show, at the Masonic opera house next Thursday evening. Nearly all of the High school boys will take part in the chorus and otherwise. The first part will be minstrel songs and jokes. The second popular songs, and the third a farce entitled "A Bunch of Roses." The High school students are now selling tickets for the show, being divided into two teams. "The Red-heads," captained by Leslie Isaacson, and "Yellow Jackets," captained by Chester Isaacson, to sell tickets for it, the losing side to entertain the other at a picnic.

HIGH SCHOOL NOTES.

Ruth Tower, a senior, Gladys Priddle, a junior, and Anna Lund and Maydram McLain, freshman, are among those who entered in the Marshfield High school the past week.

The Marshfield High School Girls basketball team is planning to play the Bandon High school girls at Bandon in the near future. Miss Carpenter and one of the girls' mothers will chaperone the girls if they make the trip.

"The Dutch Windmill," a picture by Van Ruysdael, has been ordered by last year's graduating class as a present to the High school and will soon grace the walls of the Assembly room.

Superintendent Hopkins of the Bandon High school, who accompanied the Bandon High school basketball team here Thursday, visited the High school Friday.

NEW SCHOOL LAW.

Regulations for Elections Adopted by Oregon House.

SALEM, Ore., Feb. 21.—Little "back room" meetings of taxpayers can no longer dictate school expenditures in Portland by voting important bond issues at the call of the board of education, under the so-called Haak bill, introduced by Olson, which passed the house by 44 votes to 4. The bill puts a stiff curb on the powers of the board of education. It provides, among other things:

That school elections shall be held at the same time as the regular elections in the fall.

That school elections shall be held in the same way as regular elections, with all taxpayers having an opportunity to vote.

That the financial end of the school system shall be put on a more business basis, the school clerk being placed under bond and banks required to pay interest on daily balances.

That grand juries shall have power to examine accounts and books of the school board, a power it does not have under the present laws.

That there shall be a superintendent of buildings, this being intended to cut off the present architects' fees of \$18,000 to \$20,000 a year.

If you have anything to sell, rent, trade, or want help, try a Want Ad.

Cold, damp weather is bad for those subject to Rheumatism. It chills the blood and brings on an attack. Use

Ballard's Snow Liniment

It is a Powerful Preventive, as Well as a Speedy Cure

Rub it in on the parts affected whenever the conditions seem to indicate a spell of this painful ailment; it will warm the joints and ward off the trouble. If the disorder has already commenced, and the treatment is the same, the rubbing helps the liniment to penetrate to the seat of pain. The relief is prompt and very satisfactory; the aching joints are relieved, the muscles relaxed so that the sufferer feels again the strength and suppleness of youth.

For fresh wounds of all kinds, it is a wonderful remedy. Try it for cuts, burns, bruises, sores, galls, chafed spots, barbed wire cuts, sprains, swellings, frost bites. It cures quickly and completely.

Price 25c, 50c and \$1.00 per Bottle.

JAMES F. BALLARD PROPRIETOR ST. LOUIS, MO.

To cure Smarting Eyeballs, sore Eyes or Weak Sight, use Stephens Eye Salve.
