Straws Show Which Way the Wind Blows

Our confidence in the Dayton Motorcycle has been strengthened by the following "straws":
 In January the Dayton carrying 410 pounds won a hill-climbing contest in Seattle.
 Hill was six blocks long and the Dayton beat its nearest competitor by 7 1-2 seconds.
 Since then we have read an advertisement in which the dealer expressed his willingness to match his machine against any other "of the same bore and length of stroke."

How's That for a "Straw?"

There is a Dayton Motorcycle soon due in this dealer's territory and the Dayton has a larger bore, longer stroke and larger tires than other machines.

We expect a Dayton about March 7th.

SOMETHING NEW

\$10.00—FOR A NAME—\$10.00

I will pay \$10.00 for the most euphonious and appropriate name for a Coos County Bicycle.
 The manufacturers have agreed to let me put my own name on my bicycles.

I want a short, catchy name, something that will sound as good as "Millicoma," but will apply to a bicycle.

\$10.00 if I use the name.

\$5.00 if I simply adapt the idea.

Send answers to Marshfield Cyclery till March 30.

Wed in California—Mr. and Mrs. A. B. Campbell today received announcement of the marriage of Albert J. Wiener, a well known traveling man for a San Francisco wholesale candy house, who has been making Coos Bay for years. He was married Feb. 21 to Miss Alice Steinman at the home of the bride's parents, Mr. and Mrs. Emil Steinman, in Sacramento, Calif. He finally moved to Coquille and run what is now known as the Baxter house, later retiring to private life.
