Simultaneously Pajo gave out a reply in which the committee informed Morgan & Co. that its request had been made January 27, since when the committee had been at work on its report for one month. [By Associated Press to Cooz Bay Times.]
WASHINGTON, Feb. 27.—After an all night session filled with bitter struggle over public building expenditures, the senate at 3:50 o'clock this morning passed the public building appropriation bill, carrying an increase of nearly \$16,000,000 over the \$25,000,000 passed by the House. One sweeping amendment inserted just before the passage prohibited the erection of a building or purchase of a site for postoffice purposes exclusively in a city with postal receipts of less than \$10,000 a year. This change would hold up indefinitely the erection of sixty or seventy buildings authorized in the bill.

REASON RULE LAW SUGGESTED

New Legislation to Guard Against Legal Restraint of Trade Proposed.

[By Associated Press to Cooz Bay Times.]
WASHINGTON, Feb. 27.—The U. S. supreme court's so-called modification of the Sherman anti-trust law to invoke the "rule of reason" in decisions on restraint of trade is attacked in various terms in a report presented to the senate by the Interstate Commerce Commission today, which points out the dangers that "uncontrolled and unguided judicial discretion" makes emphatic demand for amendments to remove from the courts the power to determine what are "reasonable" restraints of trade. The report was the result of the committee's long investigation into the operation of the anti-trust law. The committee recommends new laws to define exactly what combinations are unlawful, so that both the business interests and the courts may have a standard on which to proceed.

as to the rapidly vanishing rebel spirit throughout the republic. Plots and conspiracies against the Provisional President are still talked of in whispers, but there is at least an outward appearance of harmony between the leaders of the new regime. The collapse of the revolutionary movements in the north and south appears imminent. The latest adherent to the government is General Orozco, who sent a telegram declaring his allegiance. Emilio Zapata on the other hand remains obdurate, although many of his supporters have come into line with the new order of things.

This information, along with other political advices, came to political leaders at the Capital today, direct from Trenton. Representative Wilson has been endorsed by the American Federation of Labor, and was at one time secretary of the United Mine Workers of America. The name of Louis D. ENGLAND WILL REPLY TO KNOX

Will Send Answer About Panama Canal Tolls to Secretary of State.

[By Associated Press to Cooz Bay Times.]
WASHINGTON, Feb. 27.—The aim of the British government in presenting a rejoinder to Secretary Knox' last note assenting the right of the United States to exempt its coastwise shipping from the payment of tolls in the Panama canal before the retirement of the present administration is understood to be influenced by a desire to escape the intimation that it wishes to deal with the incoming democratic administration. Therefore the next note is likely to be delivered to Ambassador Bryce for Secretary Knox in the course of a day or two, and will be in the line of development in a logical way, of the initial British contentions regarding the accessibility of the canal to all nations, including the United States, on even terms and of arbitration of the issue between the two governments.

COAST LEAGUE OPENS APRIL 1

Season Will Last Thirty Weeks This Year—Venice Takes Vernon's Place.

[By Associated Press to Cooz Bay Times.]
SAN FRANCISCO, Feb. 27.—The playing schedule of the Pacific Coast league was announced by President Allen T. Baum, opening day is Tuesday, April 1—Portland playing at San Francisco, Venice (formerly Vernon) at Los Angeles and Oakland at Sacramento. The full season will be thirty weeks, closing Sunday, October 26. As the change in the name of the Venice club had not been made when the schedule was adopted by the directors, it was decided that the name Vernon should be used, but that the games arranged for that team should be played on the grounds to be selected later by the club. In accordance with this provision Venice takes the place of Vernon as it appears in the printed schedules. It is stated, however, that only Sunday morning games are to be played on the Venice grounds, the other "Vernon" dates being played at Los Angeles. The Venice team will act as the home team at Los Angeles whenever the Los Angeles team is on the road.

ADELINE HAD A ROUGH TRIP

New Steamer Lost Part of Deck Load in Storm; Nann Makes New Record.

The Adeline Smith had a decidedly rough trip on her initial voyage from Cooz Bay to Bay Point, reaching her destination yesterday about 18 or 20 hours late. Brief telegraphic advices received by C. A. Smith from Capt. Olson state that the weather was unusually bad and that they were compelled to let go part of the deck load. The Adeline carried a big deck load and in the storm the slight list that was noticed when the Adeline went down the bay became more pronounced. "We gave her a little of the roughest on her first trip to get her used to it," remarked Mr. Smith in talking of the incident today. "The lumber lost is slight. In fact, the amount of lumber we have lost, considering the great amount we have shipped, is practically nothing." Mr. Smith will probably leave Cooz Bay on the next trip of the Adeline Smith.

Nann Smith's Record.

The Nann Smith arrived in this morning and will sail tomorrow morning at 5 o'clock, according to present plans of Capt. Magee. This will mean that she has come in here, loaded about 1,600,000 feet of lumber and crossed out to sea again in about 22½ hours. "Capt. Magee reports that the weather has been quite rough off the coast for some time. He met the Adeline off Point Arenas."

THROWS SELF UNDER TRAIN

J. Learmond, Mentally Weak, Injured in Bunker Hill This Afternoon.

Jas. Learmond, a resident of Bunker Hill, who was detained a few days ago in the city jail on a charge of insanity, was badly injured soon after noon today by being struck by a Smith-Powers logging train in Bunker Hill. It is charged that Learmond practically threw himself under the train in an insane attempt to end his life. His injuries are severe but it is not thought that he was fatally hurt. He is being cared for at the A. Landles home. Learmond was released from jail the other day when he began to show signs of recovering his mental balance and friends took charge of him. This morning Mrs. E. M. Smith and Mrs. Ross when walking down the track saw him lying on the railroad. They tried to get him to get up and go away as they expected a train would be along soon. He would not talk to them nor could they move him. They finally called Mrs. Coddin and she tried to assist in moving him but he would not move. Finally Mrs. Coddin sent one of them for the section crew, which was at work near there, and when Learmond saw the men coming he got up and started away. Some of the crowd watched him and saw him get off the track when the logging train came along. However, soon after the engine passed him, he threw himself under the cars, Mrs. Coddin and others seeing his action. Learmond is about 35 years old and came here from Scotland about two years ago. He has been "hacking" in Bunker Hill near the Jas. Forty home. He has a wife and family in Scotland.
