WANTS PERMIT FOR REPAIRS

Capt. Donaldson Reported to Be Seeking Permit to Repair Building.

It is expected that the Donaldson building at the corner of Central and Broadway, which was recently damaged by fire, will be repaired for discussion at the meeting of the city council next Monday evening.

It is understood that Otto Schuster, agent for Capt. Donaldson will ask permission to repair the building. Capt. Donaldson wants to repair it as he hasn't sufficient ready cash to erect a new structure.

Lockhart, Swanson and MacLeod were unable to make any arrangements for buying or leasing the Donaldson corner, while in California recently, to carry out the plan of getting a fine new building on Central avenue extending from Front to Broadway. They own the corner of Front and Central.

The effort to get a permit to repair the Donaldson building was undoubtedly stir up much opposition from the other property owners in the vicinity and especially from parties who are putting stone and brick buildings. The Donaldson property is in the limits and it is claimed that the ordinance regarding it was drafted to prevent the repair of buildings like the Donaldson block.
