PARENTS AND TEACHERS CLUB.

MOVEMENT has been inaugurated for the organization of a parents and teachers club in Marshfield. This is a step in the right direction and one that has been delayed too long.

It has been demonstrated by results obtained in other cities, that clubs of this character are the most effective in obtaining results. The suggestion of such an organization met with a prompt and encouraging response from Superintendent Tiedgen.

CULINGS OF COQUILLE.

Coos County Seat News as Told by The Sentinel.

The school board has issued notice of the legal voters of district No. 8 that a special meeting will be held at the public school building in this city on Wednesday, March 12, for the purpose of submitting the question of whether it shall be authorized to acquire by purchase or secure by condemnation proceedings a school-house site.

Mrs. P. W. Laird and little daughter, Margaret, of Johnson's mill made a trip to Marshfield the fore part of this week.

WILL IMPORT TOYS AGAIN

Coos Bay Firm Makes Success of Imported Business Innovation.

Warner Ogren, of the firm of Norton & Hansen left yesterday for San Francisco to meet the representatives of a number of foreign toy manufacturers and place orders for this year's Santa Claus supply.

This firm inaugurated this plan two years ago and it has proven a tremendous success. It has resulted in doubling and trebling the holiday business of this firm and is a splendid tribute to the business acumen and ability of Mr. Ogren, who made the innovation.

This system has many advantages that commend it to the public. First, it cuts out the jobbers' profits and enables Norton & Hansen to sell their patrons direct at much lower prices than otherwise. Second, it means that Coos Bay people get the very latest novelties in these lines.

Mr. Ogren stated that he expects to buy larger this year than ever before because of splendid business prospects and the ever-broadening market on Coos Bay.

TO COLLECT SPECIAL TAX

Deputy Prosecuting Attorney Liljeqvist Holds Road Levies Valid.

(Special to The Times.) COQUILLE, March 1.—Deputy District Attorney Liljeqvist has instructed Sheriff Gage to go ahead and collect the special tax levies in the various road districts in Coos county. He has taken this stand on the ground that the Oregon legislature has passed an act validating the levies which the Oregon Supreme court under the amended law invalidated. This will be gratifying news to the residents of a number of Coos county road districts, who have been endeavoring to improve the highways, but who have been balked by the large timber interests.

NORTH BEND NOTES.

Some of the North Bend business men are planning a two-day celebration of the Fourth of July this year. No celebration has been held in North Bend for several seasons and it is believed a big one could be pulled off.

Prof. Grubbs of the North Bend High school has just been notified that the Klamath Falls High school debating team will come to North Bend in April to contest with the North Bend High school for the Southern Oregon debating championship.

Rev. Father Springer, who recently returned from Florence states that Porter Brothers are behind the move to erect a new hotel there.

John T. Johnson lost part of a finger and had his hand badly crushed in an accident in the shipyard the other day.

Samuel Livingston, aged 81, is reported seriously ill in North Bend. He is the father of Mrs. F. E. Glazier.

Ira Weitzel has returned from San Diego. Mrs. Weitzel remained there to care for her aged mother.

Rev. D. A. MacLeod will hold services Sunday evening at 7:30 in the Presbyterian church.

PERSONAL NOTES

ESTELLE and HILMORE SELANDER and DOROTHY DUNGAN returned to their South Coos River homes today, after a delightful visit at the Chas. Selander home on Catching Inlet.

CLARENCE WOODWARD, who formerly ran out of here on the ill-fated Osprey, has returned from Curry county, where he spent the winter. He reports that the Brookings Lumber Co. has about 140 men at work on the lumber plant they are putting in near Chetco.

"This 'pink-tea' Senatorial courtesy, I insist, is not always responsible for good legislation," asserted Senator Smith of Coos and Curry.

"This idea of arising to your feet and saying 'I intend to vote for such and such a bill out of deference to the Senator from so and so,' may be all right but I notice this Senatorial courtesy doesn't keep them from voting against my bills."—Portland Oregonian.

The Glad Hand or The Icy Stare! Which Do YOU Want? If she sees you coming Sunday night with a box of SARTER'S Chocolates you may be sure you will be a welcome guest. On the square, fellows, the way the girls take to these chocolates will be a revelation to you, and make you wish you'd got wise before.

The Most Economical Car The Ford places more per cent of tire surface upon the ground per pound than any other automobile made. And it has a greater per cent of power per pound than any other. These tremendous advantages make it the most inexpensive car to operate. It is surely and swiftly making the horse and buggy an expensive extravagance. Twenty-five miles per gallon of gasoline is not an exceptional average and no one has yet lived long enough to measure the life of the car. In both first and after-cost the Ford is proportionately inexpensive. While Ford repairs are seldom needed, a big advantage to Ford owners is the always "near-at-hand-ness" of Ford repairs. Our Ford service department takes care of that. We carry a complete equipment of Ford repairs for which we charge a fixed catalog price, based upon the cost of the part in the completed car. A price list of these parts is furnished to every owner of a Ford car. There are no vexing delays for repairs—nor still more vexing overcharge for parts—for him who owns a Ford. The Ford IS THE CAR OF THE DAY no doubt of it. It is the one "universal car." Its simplicity and surety of operation makes it a real joy to him or her who loves "the open road." Its lightness frees from annoying tire and other heavy car troubles. Its economy makes for it a world-wide appeal. Its price makes it "the people's car." Thousands upon thousands of Ford cars are being sold today to people who have owned—or do still own—heavier and more expensive cars. They are learning that "false pride" is an expensive commodity and that the Ford will "get them there" as surely, as swiftly, as comfortably, at a fraction of the cost. If you want a Ford car by the time the roads get good, better give me your order now. Don't wait until later and be disappointed. Touring Car \$700.00 Roadster \$625.00 F. O. B. A New Idea---It Will Pay You \$2,000,000 PER DAY This amount is spent daily for advertising, much of which is the kind to force you to buy something you do not need, want or have any use for. Much of this is waste. We are advertising only the things you have daily need for and in addition offer to share the profits on our new co-operative plan. We want our share of the \$2,000,000 a day advertising expenditure to serve two purposes—First without bragging or boastful advertising to attract you to our store, and second—to convince you that our co-operative plan will please you and be profitable also. Co-operation is certainly the basis of all good business. There must be co-operation between a store and its customers or there will be no satisfaction. We are going a step farther and propose to share the profits with our patrons. We are not going to cut prices or make a big noise, but we will continue rendering good service and selling groceries at reasonable prices and at the end of the year give you your share of the profits your business has helped to create. Come In and Let Us Tell You About It Finnish Co-Operative Co. BROADWAY---First National Bank Building.
