

BRIDGE WORK STARTS TODAY

(Continued from Page One.)

South through the city. The final termination of this will probably not be announced until the negotiations between the Southern Pacific and Terminal Railway for the franchise in Marshfield are completed.

All Feeling Jubilant.
North Bend is busy today, so busy that only pleasant memories of the big jubilee there Saturday are lurking in the minds of all. The starting of railroad work on the bridge and clearing and the consequent business activity makes the celebration seem remote.

While there were no formal exercises Saturday night, many North Bend and Marshfield men united in little celebrations there.
The affair Saturday was most successful and the "big hammer" which weighed 135 pounds, will be excavated in years to come and the people then will marvel at the "great men who must have inhabited North Bend in the time of L. J. Simpson to wield such hammers.

Many Congratulations.
Here are messages from some of the important men who, although unable to be present in person, were in spirit, and had Dr. Bartle, chairman of the day, convey their sentiments to the gathering:
Mayor J. R. Benson of Myrtle Point sent the following message: The city of Myrtle Point unites in extending hearty congratulations to North Bend and all of Coos Bay upon the assurance of getting a railway, in extending best wishes for the success of the celebration and the early realization of the railroad. We hope that good will prevail, that sectional strife will be swept aside and all will unite for the betterment of the country.

L. J. Simpson wired as follows from San Francisco:
Will you please convey to all the people of North Bend my heartfelt wishes on the actual beginning of the railroad that is and the big city that it is going to make; my only regret is that I can't be with you but anyway, I rejoice with you.
Messrs. W. J. Wilsey and H. A. Sumner jointly sent the following message:
We congratulate the people of Coos Bay upon the beginning of the railway. This is but the beginning of great things for the imperial Bay of Oregon. Be united in all things for the good of Coos Bay and the hand of destiny will do the rest.

LESS HOWEL TROUBLE IN MARSHFIELD.
Marshfield people have found out that a SINGLE DOSE of simple buckthorn bark, glycerine, etc., as compounded in Adler-i-ka, the German bowel and stomach remedy, relieves constipation, sour stomach or gas on the stomach INSTANTLY. This simple mixture became famous by curing appendicitis and it antiseptizes the digestive organs and draws off the impurities. It is surprising.

NOT TO BUILD NEW BOAT NOW

C. A. Smith Denies Rumor of Building New Passenger Steamer.

"Build a new boat for the passenger traffic between Coos Bay and San Francisco, absolutely, and emphatically, no," was the personal statement of Mr. C. A. Smith to The Times when asked concerning the rumor that the C. A. Smith Company was about to let a contract for a new steel steamer.

"I was talking on the telephone the other day to J. W. Bennett just after his return from San Francisco," Mr. Smith continued, "and Mr. Bennett mentioned the need of a modern passenger boat and I suggested that he and a number of other business men form a company and build it. He asked me if I thought it would pay and I told him he has lived here longer than I and that he should know. Mr. Bennett said such a boat would be in competition with the Redondo and I told him that that should not be considered. "And that's all I know about any new passenger steamer," Mr. Smith concluded, with a smile.
