

ROYAL

The most economical of all
Baking Powder

Absolutely Pure

Royal Baking Powder is made from pure grape cream of tartar, and is the embodiment of all the excellence possible to be attained in the highest class baking powder.

Royal Baking Powder is more economical than any other leavening agent, because of the superlative quality and absolute wholesomeness of the food it makes.

Mixtures made in imitation of genuine baking powders, but containing alum, are frequently distributed from door to door, or advertised and offered at a low price. Such are mixtures of unhealthful ingredients. In England, France, Germany and some sections of the United States the sale of alum baking powder is prohibited by law. Alum is a corrosive mineral acid, and physicians condemn baking powders containing it.

The label upon baking powders must show the ingredients.

LEAVE TODAY ON REDONDO

Steamer Sails This Morning
for San Francisco With
Large List.

The Redondo sailed this morning for San Francisco with a good cargo of lumber from the Smith mill and a full list of passengers. She sailed at 8 o'clock.

On the next trip the Redondo will go to San Pedro, but will stop both ways at San Francisco for passengers and will take on north bound freight there on the return.

Among those sailing on the Redondo were the following:

Bulah Holley, Mrs. L. Gonor, W. W. Bryan, Mrs. W. W. Bryan, Master Robbins, Master Robbins, Dr. M. A. Robbins, Mrs. M. A. Robbins, J. E. Lyon, W. A. Cooley, Mrs. W. A. Cooley, S. T. Levin, W. J. Morrison, F. Gonzalez, Allee Johnson, C. F. Johnson, Mrs. C. F. Johnson, Master L. Bertram, O. Johnson, M. Johnson, J. H. Flanagan, J. R. Berthold, H. A. Dow, A. Y. Meyers, J. Goesch, Richard Ley, Geo. Putree, E. Anderson, J. Roffles, J. Apadaes, and J. Garcia.

BIG HOUSE AND GOOD SHOW

THE BIG FOUR COMEDY COMPANY made its initial appearance at the Royal Theatre last night in Little Miss Portland. The Big Four Company is composed of four of the best musical comedy people that has been seen in Marshfield for a long time. Their opening bill was a scream from start to finish and the packed house that greeted them rolled so much from laughter that they were nearly thrown into seasickness. Mr. Harrington and Frank McSorley are two comedians that know how to create laughs and by the many funny situations they caused rounds of laughter during the whole of the forty minute playlet, Miss Naudia Melville, who played the role of Lillian Portland, is a charming little miss, and by her dainty and winning personality she won the audience from the start. Miss Margarette Eleanore was seen in a very difficult role to good advantage and rendered some very good singing. Mr. Lemanski is to be congratulated on securing this excellent company for a limited engagement. They will remain the balance of the week changing the bill each night. Tonight's bill will be "In Gay Paree," which is said to be much better than their opening one, which is saying a great deal as it will be hard to find a play that will create more laughs than the one they opened in.

COUNTRY SHOTS AT HAINES.

WILL REPAIR OLD BUILDING

Capt. Donaldson to Make a
One-Story Structure Out
of Burned Building.

The Donaldson building at the northeast corner of Broadway and Central will be repaired and rebuilt as a one-story building.

This was announced at a meeting of the city council last evening. The matter was brought up by City Attorney Goss who said that application for the permit had been made to the building inspector. He said that there was nothing in the fire limit ordinance which prevented the granting of the permit for work. He said that some thought that the repair could be stopped but he read a section of the ordinance showing that in case of a ten per cent damage of a building the repairs must be made in accordance with the ordinance.

Otto Schetter, agent for Captain Donaldson, said that he did not know just what kind of repairs were to be made, that being left to the architect. He said that Captain Donaldson intended to erect a good building on the corner within the next three years and that the work now would be only temporary.

Inspector Tribbey said that the plans were putting a sloping roof above the first story, placing an attractive metal coping around the building, tearing out the old stairways, etc. He said the detailed plans had not been submitted merely a sketch of them.

After hearing City Attorney Goss' statement that the repair of the building as a one-story structure could not be prevented, there were various expressions by different members. Councilman Ferguson said that he thought that a one-story building on the property would be better for the public than to have the property vacant or left in its present condition.

While no official action was taken by the council, it was understood that Inspector Tribbey would grant a permit for a one-story structure there.

Bumps All Gone.

Councilman Winkler brought up the question of obstacles or bumps placed across the streets to stop auto speeding. He said that the council had generally been blamed for it although he and none of the other councilmen apparently had not heard of it before the obstacles were put down.

Councilman Merchant reported that the last of the bumps had been torn up yesterday.

Mr. Winkler said that whoever did it should be instructed not to do anything of the kind again without first obtaining the sanction of the council.

Stop Short Weights.

City Attorney Goss was instructed last evening to draft an ordinance to regulate weights and measures in Marshfield. The matter was brought up by a letter from C. H. McLaughlin, who stated that the people should be protected against short weights and measures in coal, fuel and products by some sort of regulations and he suggested a city scale or weighmaster who would be empowered to test scales, weigh loads and examine measures and fine the offending parties. Later in a verbal talk to the council, he explained that it probably would not be necessary to go to the expense of keeping a regular man for the place but to have someone make the investigations and tests at unexpected moments occasionally.

After some discussion the council ordered the ordinance drafted for consideration at the next meeting.

Thanks City Attorney.

Upon motion by Councilman Allen, City Attorney Goss was given a vote of thanks by the council for the able way in which he defended the city in the damage suit of Jack Parker and for the reasonable bill of expense turned in. The bill of expense to the city was \$96.65, one-half of the general defense being shared by the C. A. Smith Co., a co-defendant in the case. Mr. Goss explained that the city's bill was merely for expenses of witnesses, etc., and did not include one half of the regular attorney fee, he having appeared as the regular city attorney. The C. A. Smith Company's bill for defense in the same suit was \$588.

Routine Proceedings.

The council adjourned last night to meet again next Monday evening.

The current bills were allowed and \$85 voted for the monthly support of the city library.

For City Crematory.

The old question of providing a city crematory was brought up again last night. W. H. Lingo reported that Mr. Cavanaugh, who owns the present dumping grounds, wants \$5 more a month rent and that he (Lingo) wants \$5 more a month for burying the garbage.

Councilman Ferguson said that it was high time that the city was providing its own means of taking care of the garbage and doing it in the right way. Finally it was agreed to pay the \$10 raise and the health committee was instructed to try and provide another means of disposing of the garbage.

City Insurance.

The question of who is to write the insurance on the city hall was brought up last night by Geo. A. Baines, asking for a chance at it. The insurance expires March 26. The city carries \$3000 on the city hall. Henry Sengstacken, who wrote the present policy, had sent a new policy and a bill for \$300 premium. It was stated that no one had ordered it.

The Most Exclusive, the Smartest and Best
in Women's High Class Spring Apparel

New Spring Tailored Suits
\$16.50, \$18.50, \$20.00, \$22.50
Up to \$40.00

A COLD, LA GRIPPE, THEN PNEUMONIA.

Is too often the fatal sequence. La grippe coughs hang on, weaken the system, and lower the vital resistance. R. G. Collins, Postmaster, Farnegat, N. J., says: "I was troubled with a severe La Grippe cough which completely exhausted me. Foley's Honey and Tar Compound soon stopped the coughing spells entirely. It can't be beat." For sale by Lockhart & Parsons, The Busy Corner.
