L. A. LILJEVIST TO BE APPOINTED COUNTY ATTORNEY BY GOV. WEST

District Attorney Geo. M. Brown of Roseburg Selects Him For Place.

MATTER REFERRED TO HIM BY GOVERNOR.

Present Deputy District Attorney Will Land County Position.

ROSEBURG, Ore., March 10.—District Attorney Geo. M. Brown, in compliance with a request from Gov. West today selected Lawrence A. Liljevist of Coquille to be appointed County Attorney of Coos County under the law enacted by the legislature providing for county instead of district attorneys. The salary is to be \$1800 per year.

Mr. Brown forwarded his selection of Mr. Liljevist this afternoon and it is expected that the official appointment will be made tomorrow at Salem.

Mr. Liljevist has been deputy district attorney under District Attorney Brown for the past four years, attending to matters in Coos and Curry Counties.

Was Expected Here. The above news will not be a surprise here as the appointment of Mr. Liljevist was rather expected by those who had been paying attention to the matter. A number of other candidates were talked of for the place and some of these being democrats, it was expected that Gov. West, who is a democrat, would give them preference over a Republican. The appointment will be until the next general election a year from this fall.

WATER FRONT LAND INVOLVED

C. A. Smith Company and Southern Pacific Clash Over Local Property.

A case involving a 10-32 Stough in the waterfront from Mill Street to near the depot will be heard in San Francisco this week. The C. A. Smith company and the Southern Pacific are the contending parties. The tract is very valuable, including the property on which the Beaver Hill coal bunkers are located, as well as other valuable waterfront. It seems that when the Southern Pacific acquired the property from the B. & N. Co., they simply bought the interest and did not buy the interest of Mrs. Wilcox, who now lives in San Francisco. Mrs. Wilcox held a 10-32 interest. She did not pay any attention to her interest in the property and the Southern Pacific did not, going ahead and improving such of the property as they desired. When the C. A. Smith company bought out the B. & N. Co. company's interest in the tideland also, the Southern Pacific, however, now claim the ownership of the whole tract through adverse possession and this point of law is raised. As the original strip was tideland and the boundaries largely marked by the water, there is now some question as to its exact location, the bulkheads and other improvements naturally changing the tidal flow there.

(By Associated Press to Coos Bay Times.)

WASHINGTON, March 10.—President Wilson had before him today the question of whether he should consent to the appointment of a relative to a public office. LET US TALK IT OVER

AN ACTIVE campaign has been inaugurated for new members of the Chamber of Commerce and for subscriptions to that excellent organization.

Marshfield, like every other town that expects to get ahead and increase in prosperity, can only hope to attain its full growth and to live up to its fullest opportunities by extending its commercial activities through some organization that is truly representative of its full citizenship.

The Chamber of Commerce is the organization in this city that fulfills that mission—and the mission of vital importance to every citizen of the town—wage earner, property owner, employer, merchant and professional man alike.

As has been said of other similar organizations elsewhere, it may be that the Chamber of Commerce has not done all that it might have done for Marshfield.

But if it has not, no one is so keenly aware of the fact that it hasn't, as are the old wheel-horses who have sweat blood and sacrificed time and money in an effort to Do Things.

If the Chamber of Commerce has fallen short of what the good citizens expect of it—the fault lies at the door of our men and brethren who have stood around and looked on, instead of jumping in and helping.

You, my brother, must bear the blame. Marshfield must keep its place in the procession, must be alert to the new opportunities that are crowding upon it, must have a live up-and-doing Chamber of Commerce. It isn't a luxury—it is a necessity to the town's well being.

The things which the Chamber of Commerce have not accomplished are chargeable to you.

Give this organization the enthusiasm, the co-operation, the advice, the energy, the dues and the moral support that you onlookers are holding back, and—

Well, the Chamber of Commerce won't exactly set the Bay on fire, but there will be things doing in plenty.

The association needs your support; the city needs your thought and effort in its behalf; but more than that you need the additional impetus to the city's growth and prosperity which can be given only by a big, live commercial organization with every member working toward the city's upbuilding.

Every new industry brought to Marshfield; every local industry strengthened; every family added to the city's population affects favorably your pocketbook, your investments, your business; or your position.

Do you practice a profession in Marshfield? Do you own property in Marshfield? Do you do business in Marshfield?

Every new family that comes to town increases the value of your property; increases your opportunities for business; increases your professional practice.

You are personally interested in a greater Marshfield.

Are you a salaried employer or a wage earner? A prosperous, lively, growing, go-ahead town means more employment, better wages, higher salaries. You are interested in a greater Marshfield—a larger and more prosperous city. It means something to you personally.

Take the broad-minded view, and don't sneak out of the back door when you see D. C. Greene and Hugh McLain of the membership committee headed your way.

Come in, in the water's fine.

TO ARBITRATE WAGE TROUBLE BETTER WAGE FOR WOMEN

Chicago Investigation of Relation of Vice and Low Wages Continues.

CHICAGO, March 10.—Several of Chicago's leading merchants today continued to give evidence of the investigation into the relation of vice to low wages for women. The witnesses were generally candid in their expressions that the wages might be increased with profit in the employment of inexperienced help, but wages for experienced help could not be so rapidly advanced. According to witnesses women store employees are generally moral and low wages had little or no bearing upon the vice traffic.

(By Associated Press to Coos Bay Times.)

LONDON, March 10.—King George opened today the third session of the present parliament after a prorogation of only two days, the briefest recess on record. A notable demonstration of hostility against the suffragettes occurred during the parade, one group of five requiring the protection of 100 policemen to keep back the mob that was exasperated by the recent outrages of the militants. Two suffragettes were arrested in the vicinity of Marlborough house and escaped rough handling only through the energetic action of the police. SYNDIGATE BUYS ROOD PROPERTY

Local Men May Erect Fine Apartment House on Park Avenue Near Fourth.

Negotiations have just been concluded for the sale of the D. L. Rood property on Park avenue, between Third and Fourth streets, to a syndicate which may erect a handsome new apartment house on a portion of it in the near future. The syndicate consists of W. H. Dindinger, D. C. Green, Dr. W. A. Toye, Mrs. W. W. Greenwood and G. W. Kaufman. All are Marshfield people with the exception of Mrs. Greenwood, who resides in Seattle.

The property is 100x168 feet and lies between Third and Fourth, facing on the city park. At present, there is a large residence on the property, but the east portion of the lot is unimproved and it is on this portion that it is proposed to erect the apartment house. Although the price was not stated, it is understood that it was about \$10,000.

The location is one of the best in Marshfield for an apartment house, being in and still outside of the business district. It has a fine view and is sheltered from the northwest wind. It is understood that Mr. and Mrs. D. L. Rood are planning to travel considerably now, having disposed of much of his local holdings and they may make an European trip this summer.
