federal garrison made a de-  
defense against the on-

showered into the Arizona

## STRANGE DEATH IN COQUILLE

Jas. Thompson, Well Known  
Pioneer, Passes Away From  
Mysterious Malady.

(Special to The Times.)  
COQUILLE, March 13.—James  
Thompson, a barber, better and more  
familiarily known to his many friends  
as "Jimmie" Thompson, passed away  
this morning after a brief illness of  
a mysterious disease that baffled  
the skill of the physicians.  
A short time ago he left his bar-  
ber shop to go on a little duck hun-  
ting trip. When some distance from  
town he fired a couple of shots. Af-  
ter the second shot he felt a pecu-  
liar ringing sensation in his head.  
He turned and started at once for  
the boat and hurried home, but be-  
fore he reached the city he was so  
dizzy and almost blind that it was  
with much effort that he reached his  
house. He went to bed immediately  
and a physician was summoned. His  
case proved mysterious and all the  
physician's skill proved unavailing.  
A few days later he became uncon-  
scious and remained so until his  
death this morning, from what is  
thought to be concussion of the  
brain or a blood clot on the brain.  
Dr. J. D. Wetmore, a former resi-  
dent here, but now located in a sub-  
urb of Portland and an old friend  
of Mr. Thompson's was sent for,  
and arrived the first of the week.  
But friendly solicitude or medical  
skill could not stay the mysterious  
disease that held "Jimmie" Thomp-  
son in its fatal grip.  
James Thompson was one of the  
pioneers of this section. He was for-  
merly a resident of Bandon, but  
moved to Coquille several years ago.  
He was about 51 years of age and  
leaves a wife.  
His death seemed particularly sad  
at this time as he only recently dis-  
posed of a timber claim in Curry  
county for \$7,000 and had received  
the cash, which with his other prop-  
erty made a competence which he  
was preparing to enjoy when strick-  
en with the fatal and mysterious  
malady.  
Arrangements for the funeral have  
not yet been made.

## RAISES FUNDS TO CELEBRATE

North Bend Decides to Have  
Big Time July 4 and 5—  
Raise \$1500.

At the mass meeting at the North  
Bend Commercial Club rooms last eve-  
ning, plans were launched for a  
Fourth of July celebration to last

cided to raise \$1500 to make it the

history of the city. A resolution was  
adopted prohibiting the use of fire  
crackers, etc.  
A subscription list was started

tee consisting of Wm. Shrock, J. A.  
Allen, V. C. Gorst, Chas. Thom and

the balance of the money and report  
back at another meeting to be held

## FALLS WITH DYNAMITE.

Bandon Man Has a Narrow Escape  
with Box of Explosive.  
The Bandon Recorder says:  
Harry Pierce had the misfortune  
to fall from the trestle work south  
of Wigwam last Friday and severely  
injured one of his ribs. How-  
ever he got off very fortunately as  
he was carrying a 50-pound box of  
dynamite, which buried itself in the  
sand as a result of the fall, but did  
not explode. If it had been a  
hard bottom below the trestle the  
accident might have been serious in-  
deed.

## NEW PLAN TO END MERGER

Southern Pacific and Union  
Pacific Officials Working  
Out New Scheme.

(By Associated Press to Cooos Bay Times.)  
WASHINGTON, March 13.—Rep-  
resentatives of the Union Pacific  
and Southern Pacific have hopes  
of an early agreement on a new  
plan dissolving the merger, accord-  
ing to information given today to  
Attorney General McReynolds.  
No definite proposition has yet  
been submitted to the Attorney  
General, however.

## REJECT LIPTON CHALLENGE.

New York Yachtsmen Say Con-  
ditions Are too Severe.

(By Associated Press to Cooos Bay Times.)  
LONDON, March 13.—Sir Thomas  
Lipton, challenger for America's  
cup, expressed the greatest sur-  
prise today when informed that  
the New York Yacht Club had de-  
clined his challenge because it did  
not comply with the conditions of  
the deal of the gift. Sir Thomas  
said that he had not had time to  
consider whether he would amend  
the conditions of his challenge so  
as to meet the objections of the New  
York Yachtsmen.

## BUILD PIERS IN DEEP SAND

Southern Pacific Fails to Find  
Bed Rock at Depth of  
Eighty Feet.

That the conditions at Sand Point  
are highly favorable to the construc-  
tion of the big bridge is the state-  
ment of Southern Pacific represen-  
tatives today. They have sunk the  
test hole to a depth of over 80 feet  
and are still in the sand. Whether  
they will go on down to bed rock  
has not been announced.  
It is stated that with sand to such  
a great depth, the huge cement piers  
could be built in it without going to  
bedrock and afford an ample founda-  
tion to support the immense struc-  
ture.  
There was nothing new in the  
railroad situation today. Supt. Dix-  
on did not arrive at North Bend  
yesterday, as was expected.  
The negotiations between the  
Southern Pacific and the North  
Bend Box factory have not been  
concluded yet. In North Bend, it  
is expected that the Southern Pacific  
will purchase the plant outright.  
What will be done with it is not  
known but some there are talking  
of trying to have it retained in North  
Bend and a new location provided as  
it is quite a factor in making the  
payroll of the city.

## BIG DEAL LAPSES.

sion.

## SERVE NOTICE ON HAYWOOD

Akron Citizens notify I. W. W.  
Leader He Must Be Good  
Or Will Be Deported.

(By Associated Press to Cooos Bay Times.)  
AKRON, Ohio, March 13.—Wil-  
liam D. Haywood, leader of the I.  
W. W., arrived in Akron today. He  
was met at the depot by 200 Akron  
citizens, sworn in as deputies, headed  
by Police Captain Gullet, Haywood  
was told that the authorities would  
countenance no incendiary speeches  
and that any attempt on his part to  
incite violence would be met  
immediately with arrest and de-  
portation from the city. Haywood  
promised to do nothing to incite his  
followers. He will make a speech  
this afternoon. No disorder had  
occurred at any of the local rub-  
ber plants up to early this after-  
noon.

## CANVASS VOTE PHONE STRIKE

Electrical Workers on Pacific  
Coast Threaten Bell  
Telephone System.

(By Associated Press to Cooos Bay Times.)  
SAN FRANCISCO, March 13.—  
District officers of the International  
Brotherhood of Electrical Workers  
said here today that it may be three  
or four days yet before the third and  
final vote of the local unions com-  
prising the Pacific District is can-  
vassed and until then no predictions  
will be made as to the result of the  
negotiations between the Brother-  
hood and the Pacific Telephone and  
Telegraph Co.  
Twice the men have rejected the  
company's tentative wage schedule.  
It was a third adverse vote would  
result in an immediate strike.

## AKRON FIGHTS STRIKE.

Citizens and Police and Sheriffs  
Against I. W. W.

(By Associated Press to Cooos Bay Times.)  
AKRON, Ohio, March 13.—One  
thousand Akron citizens armed with  
clubs aided the police and deputy  
sheriffs today in patrolling the vic-  
inity of the big rubber factories  
and as result the strikers did not  
attempt to picket the factories or  
molest the workers.

## WILSEY TO JOIN IN KINNEY CASE

Report That He will Unite in  
New Application for  
Receiver.

A renewal of the old application  
for the appointment of a receiver  
for the Kinney properties will prob-  
ably be filed today and it is stated  
that the Wilsey interests are ex-  
pected to join in the application  
so that the consummation of the Kin-  
ney-Wilsey deal can be hastened.  
This statement was made today  
by J. G. Mullen of North Bend, who  
represents a number of Kinney's cre-  
ditors. He stated that the appli-  
cation would be a renewal of the  
one which Judge Harris heard at  
Eugene a few weeks ago, some ad-  
ditional parties joining in. He said  
that it was likely that the Wil-  
sey interests would also join with  
them.  
He said that action was being  
taken because it was apparently  
impossible to put through the deal  
the way it is going now. No pro-  
gress has been made so far and the  
thirty days allotted to the negotia-  
tions have nearly expired with no  
perceptible progress, at least on this  
end of the line.  
Mr. Mullen said that W. J. Rust,  
the present trustee, would probably  
be acceptable to all parties in the  
case and that Judge Harris would  
likely name him. He expected that  
the hearing on the application for a  
receiver would be heard by Judge  
Harris within a week or ten days.

ture today.

## MISSING PAPER MYSTERY ENDS

Doorkeeper With Destroy-  
ing Lorimer Evidence.

(By Associated Press to Cooos Bay Times.)  
WASHINGTON, March 13.—

ing assistant doorkeeper of the  
senate, was responsible for the dis-  
appearance of the Holtzlaw cer-  
tificate of deposit presented during  
the Lorimer impeachment trial in  
the Senate; and which was never

election was proposed. The senator

## UNKNOWN WARSHIP KILLS MANY SERVIAN TROOPS ON TRANSPORTS

EUROPE FEELS  
GRAZE FOR WAR

All Nations Expending Vast  
Amounts in Increasing  
Their Armies.

(By Associated Press to Cooos Bay Times.)  
PARIS, March 13.—A passion for  
war seems to be sweeping over all  
the countries of Europe. The Balkan  
state have found a field of ex-  
pression for their militancy, but the  
countries which have not this vent  
are expending their energies in war-  
like preparations. The small states  
are involved equally with the greater  
powers, and today France, Germany,  
Austria, Russia, Belgium, and Swit-  
zerland are taken serious count of  
their military preparedness.  
Belgium is raising her army from  
a war footing of 100,000 to 150,000  
men. Baron de Broqueville, the Bel-  
gian minister of war, in concluding  
a speech on this subject before the  
Belgian chamber, urged that the  
army increase be voted as quickly  
as possible, for the sake of "Bel-  
gian security and honor." The coun-  
try lives under the shadows of the  
great states the minister declared,  
and Belgium must put forth great  
exertions to protect her frontiers  
should her neighboring powers fall  
upon each other.  
The most important newspapers of  
Switzerland are publishing the official  
notices of the government warn-  
ing Swiss citizens residing in Eu-  
ropean countries to hold themselves  
in readiness to return immediately  
in the event of war, and Swiss living  
in the United States have been re-  
quested to stand ready to come back  
to Switzerland on call. The Swiss  
Republic, under its present military  
organization, could put into the field  
100,000 men in 24 hours, and 200,  
000 in 48 hours. One-third of the  
government's revenues are spent on  
military objects. In case of supreme  
necessity the government expects to  
be able to place 275,000 men under  
arms within a week.

## OFFICIAL STATEMENT SAYS FIFTY KILLED.

Claim That Turkish War Ves-  
sel Did it—Deep Feeling  
Against Austria.

(By Associated Press to Cooos Bay Times.)  
CETTINJE, Montenegro, March  
13.—News reached here today that  
four Servian transports loaded with  
troops yesterday were riddled by  
shells fired by an unidentified war  
vessel. Accounts of the engage-  
ment from two different sources  
declare that the attacking vessel  
flew the Austro-Hungarian flag.  
The transports were conveying  
strong detachments of Servian  
troops to assist the Montenegrins  
in their siege of the fortress at Scu-  
tari. The attack on the four boats  
was off San Giovanni D. Medua.  
Two of the transports were set on  
fire. The number killed and in-  
jured was not reported. Accord-  
ing to one account the attacking  
ship was the Turkish cruiser Hamid-  
idish which is alleged to be flying  
the colors of Austro-Hungary. An-  
other account says the cruiser re-  
sembled the Austro-Kaiserin class.  
The felling against Austria has  
been high since Tuesday when the  
Austrian minister to Servia an-  
nounced that his government ob-  
jected to Servian troops assisting  
in the siege of Scutari. Today's  
news therefore created a tremen-  
dous sensation here.

## FIFTY SOLDIERS KILLED.

(By Associated Press to Cooos Bay Times.)  
BELGRADE, March 13.—  
The official report says, "About  
fifty Servian soldiers were killed  
on board the Servian trans-  
ports Sangiovanni Di Medua,  
on the Adriatic Coast yester-  
day by shells from the Tur-  
kish cruiser Hamidieh. Much  
ammunition on the transports  
exploded."

Medford Postoffice Wants  
TO USE BARREL OF PERFUWANE

(By Associated Press to Cooos Bay Times.)  
MEDFORD, March 13.—The post-  
office is in the market for several  
quarts of some rich perfumery, war-  
ranted to overcome the scent of the  
mephitic, commonly known as  
skunk. An ambitious trapper of  
Derby, Or., near Medford, is using  
the parcel post to ship his winter  
catch. Several 11-pound packages  
have been forwarded, much to the  
discomfort of the clerks. To make  
matters worse the game warden in-  
sisted on opening the packages and  
inspecting them, searching for con-  
cealed beaver hides.
